7. MAINTENANCE

Proper care will extend the life and appearance of your sofa.

- **Regular Cleaning:** Vacuum the velvet upholstery regularly using a soft brush attachment to remove dust and debris.

- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain. For stubborn stains, use a mild upholstery cleaner specifically designed for velvet, testing on an inconspicuous area first.
- **Cover Care:** When cleaning the sofa cover, always remove it from the sofa frame. Follow the care instructions on the fabric label. Typically, velvet covers may require professional dry cleaning or gentle hand washing.
- **Frame Care:** Wipe the metal and plywood frame components with a damp cloth as needed. Avoid harsh chemicals.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading of the velvet fabric. Position your sofa away from direct sunlight or use curtains/blinds.
