SAFETY INFORMATION

- Keep the device out of reach of small children and pets to prevent accidental ingestion of small parts or the battery.
- Do not attempt to disassemble, modify, or repair the device yourself. This may void the warranty and cause damage.
- Dispose of batteries according to local regulations. Do not expose batteries to excessive heat or fire.
- This device is water-resistant, not waterproof. Avoid prolonged submersion in water.

PACKAGE CONTENTS

- CHZHVAN Key Finder (1 Pack)
- CR2032 Lithium Metal Battery (pre-installed)

- User Manual (this document)

PRODUCT OVERVIEW

The CHZHVAN Key Finder is a compact Bluetooth tracking device designed to integrate seamlessly with Apple's Find My network. It allows you to locate lost items such as keys, wallets, bags, and luggage.

CHZHVAN
Item Finder
The fast way to find your things

Only works with Apple Find My

Privacy is built in

Replaceable battery lasts over one year

'Hey Siri, find my keys'

Key Features:

- **Apple Find My Compatibility:** Works exclusively with the pre-installed Find My app on iOS, iPadOS, or macOS devices.
- **Replaceable Battery:** Powered by a CR2032 battery, offering up to one year of use.
- **Left Behind Remind:** Receive instant notifications if your item disconnects from your Apple device's Bluetooth range.
- **Find Nearby:** Use the Find My app or Siri to make the tracker emit a sound when within Bluetooth range.
- **Find Far Away:** View the item's most recent location on a map when outside Bluetooth range.

- **Lost Mode:** Enable Lost Mode to display contact information to anyone who finds your item.
- **Share with Friends and Family:** (iOS 17 and above) Share item location with trusted contacts.
- **Water Resistant:** Designed to withstand splashes and light rain.

SETUP

Follow these steps to pair your CHZHVAN Key Finder with your Apple device:

1. Ensure your Apple device (iPhone, iPad, or Mac) has Bluetooth enabled and the Find My app is installed.
2. Open the **Find My** app on your Apple device.
3. Navigate to the **Items** tab.
4. Tap the + icon and select **Add Other Supported Item**.
5. Press and hold the button on your CHZHVAN Key Finder for approximately 5 seconds until you hear a beep, indicating it's in pairing mode. For a reset, long press the button for the fifth time.
6. Follow the on-screen prompts in the Find My app to complete the pairing process.

OPERATING INSTRUCTIONS

Finding Nearby

When your CHZHVAN Key Finder is within Bluetooth range of your Apple device, you can make it emit a sound to help you locate it.

- Open the **Find My** app.
- Select your CHZHVAN Key Finder from the **Items** tab.
- Tap **Play Sound**. The tracker will emit a 'di di di' sound.
- Alternatively, you can ask Siri: "Hey Siri, find my [item name]" (e.g., "Hey Siri, find my keys").

Find your Item Finder When Nearby

Click the 'Play Sound', you can find the location of the anti-lost device according to the ringtone.

Image: Using the Find My app to locate the item finder nearby by playing a sound.

Finding Far Away

If your CHZHVAN Key Finder is outside of Bluetooth range, the Find My network can still help you locate it.

- Open the **Find My** app.
- Select your CHZHVAN Key Finder from the **Items** tab.
- The app will display its most recent location on a map, based on the last time it was detected by any device in the Apple Find My network.

Find Far Away

When outside of Bluetooth range, view your most recent location on the map to find your 'Item Finder'.

Left Behind Remind

To receive alerts when you leave your item behind:

- In the **Find My** app, select your CHZHVAN Key Finder.
- Scroll down and enable the **Notify When Left Behind** option.
- You will receive a notification on your Apple device if the tracker disconnects from its Bluetooth connection, reminding you to retrieve your item.

Never Lost with Free Left-Behind Remind

Image: The 'Left Behind Remind' feature, showing a key finder left behind with a person walking away.

Lost Mode

If your item is truly lost, you can enable Lost Mode:

- In the **Find My** app, select your CHZHVAN Key Finder.
- Scroll down and enable **Lost Mode**.
- You can enter a phone number or email address where you can be contacted.
- If someone finds your item, they can use their own Apple device to scan the tracker and view your contact information to return it.

Anti-Lost Function

obtain lost person contact information via the App's 'Identify Found Item'.

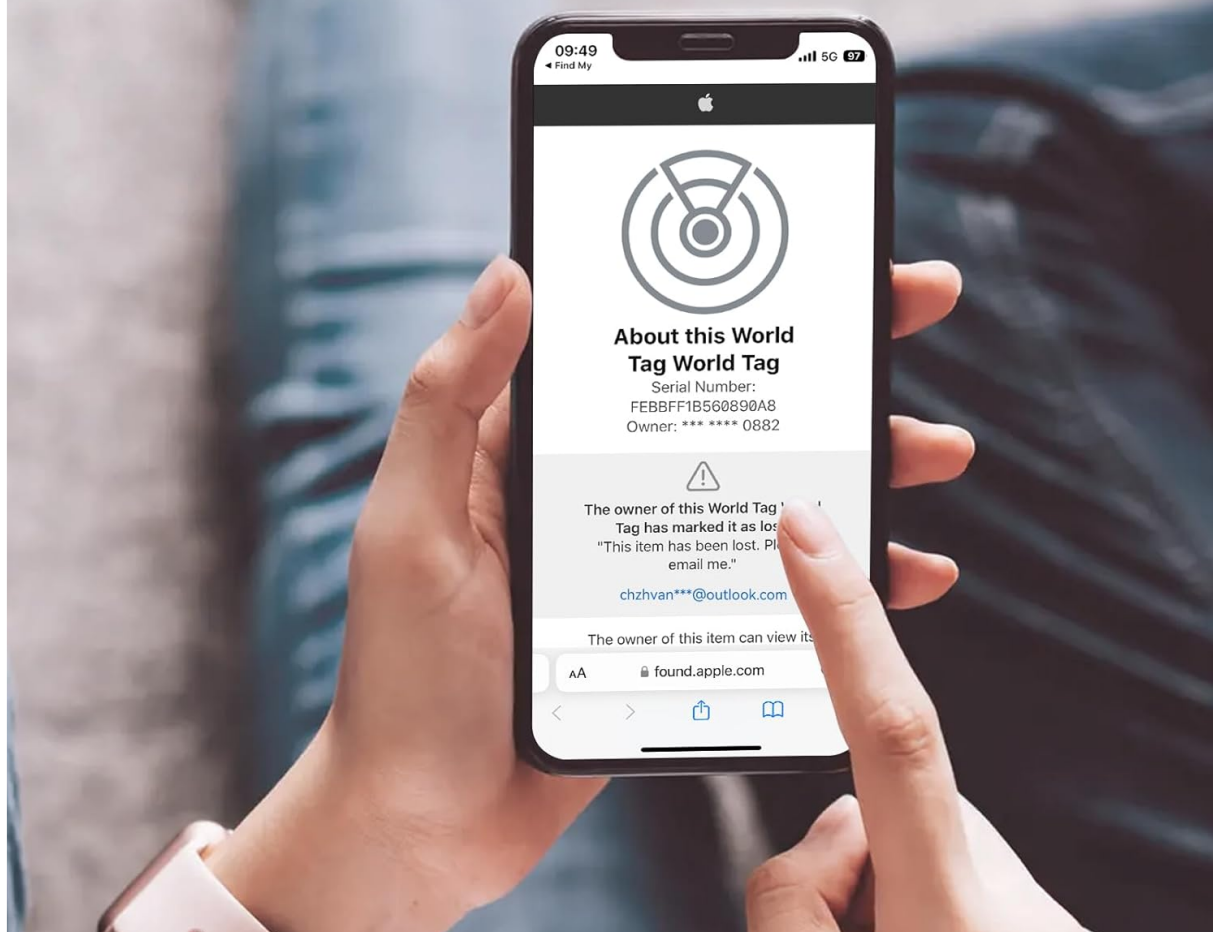

Image: The Find My app screen showing the 'Lost Mode' feature, allowing a finder to view owner contact information.

Share with Friends and Family (iOS 17+)

With iOS 17 or later, you can share the location of your CHZHVAN Key Finder with others:

- Ensure your iOS device is updated to iOS 17 or a newer version.
- In the **Find My** app, select your CHZHVAN Key Finder.
- Look for the option to **Share This Item** and follow the prompts to invite family members or friends.

MAINTENANCE

Battery Replacement

The CHZHVAN Key Finder uses a replaceable CR2032 Lithium Metal battery, which typically lasts up to one year.

1. Locate the small groove or opening on the side of the key finder.
2. Carefully open the casing using a small tool (e.g., a coin or flat-head screwdriver).

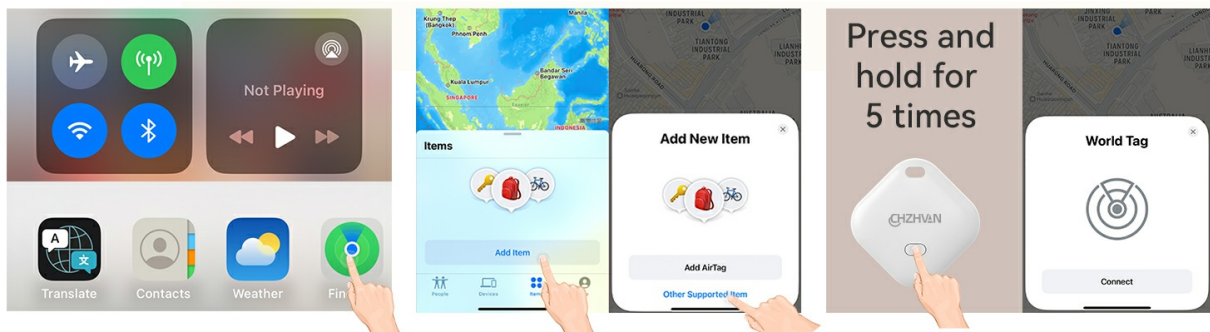

3. Remove the old CR2032 battery.
4. Insert a new CR2032 battery with the positive (+) side facing up.
5. Close the casing securely, ensuring it clicks into place to maintain water resistance.

Water Resistance

The CHZHVAN Key Finder is designed with water resistance, making it suitable for use in light rain or splashes. However, it is not intended for submersion in water. Ensure the casing is properly sealed after battery replacement to maintain its water-resistant properties.

Step 1: Turn on Find My App and bluetooth.

Step 2: Tap+, add 'Other Supported Item'

Step 3: Press and hold the button for 5 times(Long press for the fifth time). And pair it with the phone after reset is successful.
