Sitodier 8986

Sitodier Warship Building Toy User Manual

MODEL: 8986

Introduction

Thank you for choosing the Sitodier Warship Building Toy. This comprehensive 1412-piece building set offers an engaging and educational experience, allowing you to construct a detailed warship or six distinct smaller military models. Designed for ages 8 and up, this kit promotes creativity, problem-solving skills, and fine motor development.

The Sitodier Warship Building Toy, showcasing the large warship and the six alternative smaller military models that can be constructed from the 1412 pieces.

An adult and child engaged in the assembly of the Sitodier Warship Building Toy, highlighting the collaborative and educational aspect of the set.

Setup and Assembly

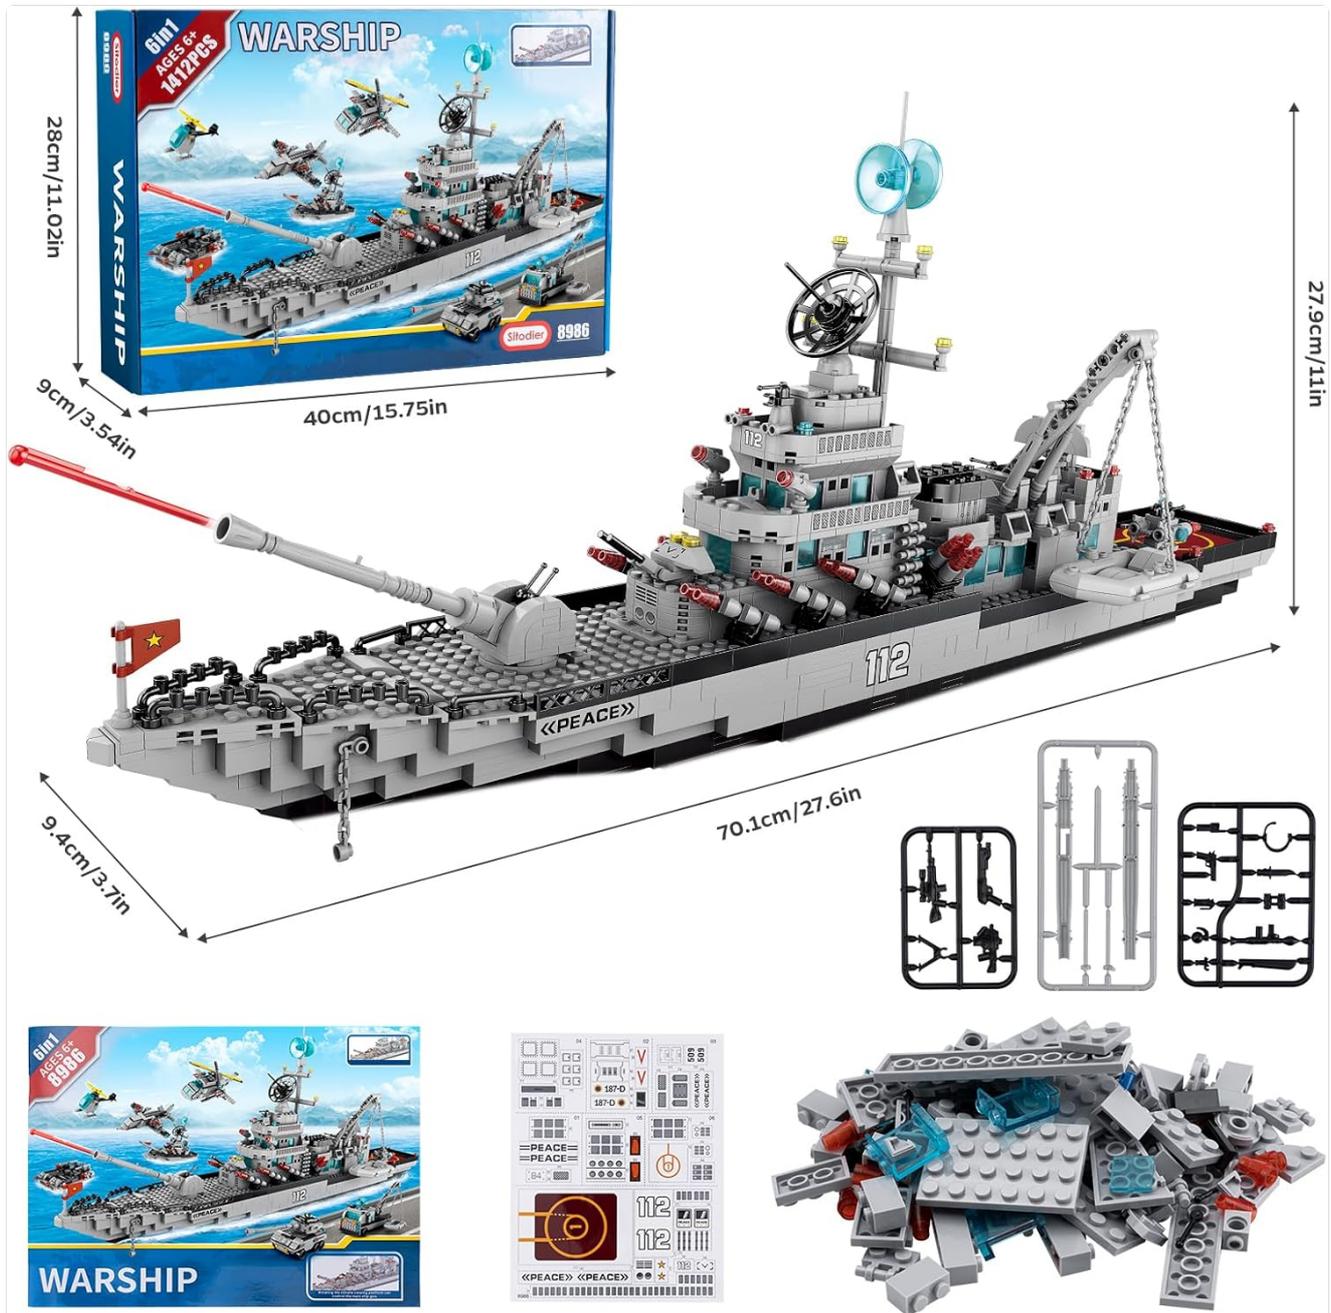

The Sitodier Warship Building Toy comes with 1412 interlocking building bricks. Follow the included instruction manual step-by-step for assembly. The pieces are designed to fit together securely, ensuring a stable and durable model. This set is compatible with other major building block brands, allowing for expanded creative possibilities.

Assembly Options:

- **Large Warship:** Construct the impressive main warship model.
- **Six Small Models:** Alternatively, build a naval fighter, a military helicopter, a heavy armored tank, a rescue vehicle, a guided missile frigate, and a guided missile patrol ship. Note that these smaller models utilize shared pieces, meaning you can build the large warship OR the six smaller models, not all simultaneously.

A visual representation of the 6-in-1 building options, showing how the 1412 pieces can form either the large warship or six individual military vehicles.

An image detailing the dimensions of the assembled warship and a close-up of some of the building block components included in the kit.

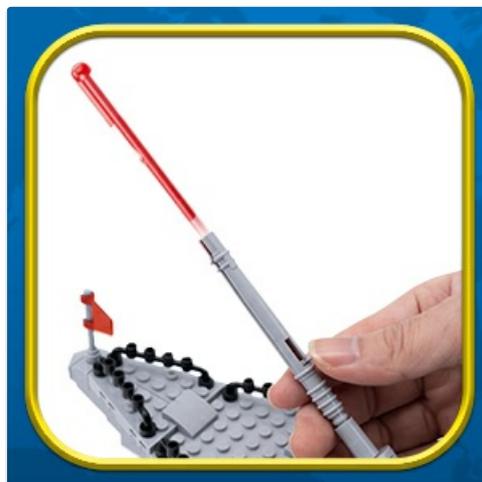

Operating Instructions

The Sitodier Warship Building Toy features several interactive elements designed to enhance playability:

- **Missile Launcher:** Toggle the switch on the bow of the ship to fire the included missiles.
- **Signal Receiver:** A signal receiver is located in the middle of the boat for added realism.
- **Stern Crane:** The stern of the ship is equipped with a functional crane designed to lift the rescue boat.
- **Helicopter Apron:** An apron is provided at the stern for parking the helicopter model.
- **Rudder Linkage:** A linkage system controls the direction of the missile ports by toggling the rudder at the stern.

Detailed close-ups showing the missile launcher, stern crane with rescue boat, helicopter on its apron, and the radar/signal receiver on the warship.

A hand demonstrating the action of firing a missile from the warship's launcher, highlighting the interactive play feature.

A close-up view of the helicopter model positioned on the warship's designated apron, ready for deployment.

Maintenance

To ensure the longevity and cleanliness of your Sitodier Warship Building Toy, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the building blocks and assembled models with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the plastic.
- **Storage:** Store the toy in a cool, dry place away from direct sunlight and extreme temperatures to prevent warping or discoloration of the plastic.
- **Material:** The toy is made from high-quality, durable, and non-toxic ABS plastic, ensuring safety and resilience.

Troubleshooting

Should you encounter any issues with your Sitodier Warship Building Toy, please refer to the following common concerns and solutions:

Problem	Possible Cause / Solution
Missing pieces or instruction pages	While rare, manufacturing errors can occur. Please contact Sitodier Customer Service for assistance. Provide details of the missing parts or pages, and we will arrange for replacements.
Difficulty assembling certain sections	Ensure you are following the instruction manual precisely. Some steps may require careful alignment. If a piece does not fit, double-check its orientation and the preceding steps. Do not force pieces together.
Unclear on 6-in-1 building options	The set allows you to build the large warship OR the six smaller models. The pieces are shared, so you cannot build all seven models simultaneously. Choose your desired model before starting assembly.

Specifications

Feature	Detail
Model Number	8986
Number of Pieces	1412
Product Dimensions (Assembled Warship)	40 x 28 x 9 cm (15.75 x 11.02 x 3.54 inches)
Item Weight	1.5 kg (3.3 lbs)
