ZINUS 8 Inch Full Cooling Essential Memory Foam Mattress

INSTRUCTION MANUAL

1. Product Overview

The ZINUS 8 Inch Full Cooling Essential Memory Foam Mattress is designed to provide a comfortable and cool sleeping experience. It features a top layer of ultra-breathable gel-infused Airflow Memory Foam for enhanced breathability and pressure relief. This mattress is engineered to maintain an optimal temperature throughout the night, promoting restful sleep.

All foam components within this mattress are CertiPUR-US® certified, ensuring they are free from harmful chemicals. The mattress cover is OEKO-TEX® certified, further guaranteeing safety and quality. For convenience, the mattress is compressed, packed, and shipped in a compact box.

2. Setup Instructions

Your ZINUS mattress is conveniently shipped in a box, compressed for easy transport. Follow these steps for proper setup:

1. **Unpack the Box:** Carefully remove the mattress from its shipping box.
2. **Position the Rolled Mattress:** Place the rolled mattress on a flat, clean surface, such as your bed frame or foundation.
3. **Remove Outer Plastic:** Cut and remove the outer plastic wrapping. Be careful not to cut the mattress itself.
4. **Unroll and Expand:** Unroll the mattress. It will begin to expand immediately.
5. **Remove Inner Plastic:** Carefully cut and remove the inner plastic layer.
6. **Allow Full Expansion:** Allow **24 to 72 hours** for the mattress to fully expand to its original shape and firmness. Factors like room temperature and humidity can affect expansion time.

During the initial expansion period, a slight odor, known as off-gassing, may be present. This is normal and harmless. Ensure the room is well-ventilated to dissipate any odor quickly.

Smaller boxes, reduced carbon footprint

Image: Two individuals unboxing a ZINUS mattress, demonstrating the ease of setup from its compact packaging.

3. Operating and Usage

The ZINUS Cooling Essential Memory Foam Mattress is designed for immediate use once fully expanded. Its medium feel provides a balance of comfort and support, suitable for various sleeping positions.

- **Cooling Comfort:** The gel-infused Airflow Memory Foam actively works to dissipate heat, helping to regulate your body temperature for a cooler sleep environment.
- **Pressure Relief:** The memory foam conforms to your body's natural curves, relieving pressure points and promoting proper spinal alignment.
- **Support:** The high-density base foam provides durable support, ensuring the mattress maintains its structure and comfort over time.

4. Maintenance and Care

To ensure the longevity and performance of your ZINUS mattress, follow these care guidelines:

- **Spot Clean Only:** In case of spills or stains, clean the mattress cover using a mild detergent and a damp cloth. Do not saturate the mattress with water. Avoid harsh chemicals.
- **Do Not Machine Wash:** The mattress cover is not removable for machine washing.
- **Protect Your Mattress:** Consider using a mattress protector to guard against spills, stains, and allergens, extending the life of your mattress.
- **Rotate Regularly:** To promote even wear and prolong the mattress's lifespan, rotate it 180 degrees every 3-6 months. This helps distribute body impressions.
- **Provide Adequate Support:** Ensure your mattress is placed on a sturdy, supportive foundation or bed frame to prevent sagging and maintain its integrity.

5. Troubleshooting

If you encounter any issues with your ZINUS mattress, refer to the following common concerns and solutions:

- **Mattress Not Fully Expanded:** If after 72 hours the mattress has not reached its full dimensions, ensure the room temperature is not too cold, as cooler temperatures can slow expansion. Allow more time in a warmer environment.
- **Initial Odor (Off-Gassing):** A new mattress may have a slight, harmless odor upon unboxing. This is normal. To expedite dissipation, ventilate the room by opening windows and doors. The odor should fade within a few

days.

- **Firmness Perception:** Mattress firmness is subjective. If the mattress feels firmer than expected, allow a few weeks for your body to adjust to the new support. The foam may also soften slightly with use.

For issues not covered here, please refer to the warranty information or contact ZINUS customer support.

6. Specifications

Key specifications for the ZINUS 8 Inch Full Cooling Essential Memory Foam Mattress:

Feature	Detail
Product Dimensions	75"L x 54"W x 8"Th
Item Weight	35.6 pounds
Manufacturer	Zinus
Model Number	ZU-MFMA1OZI-08F
Fill Material	Memory Foam, High Density Foam
Number of Layers	2
Special Feature	Breathable, Pressure Relief
Color	White
Care Instructions	Spot Clean Only
Assembly Required	Yes (Unboxing and Expansion)
Included Components	Mattress

7. Warranty and Certifications

Your ZINUS 8 Inch Full Cooling Essential Memory Foam Mattress comes with a **10-year limited warranty**. This warranty covers manufacturing defects and ensures the quality of your product. Please retain your proof of purchase for warranty claims.

The mattress is made with certified safe materials:

- **CertiPUR-US® Certified Foam:** This certification means the foam has been tested and certified by an independent laboratory to meet specific criteria for content, emissions, and durability. It is made without ozone depleters, PBDEs, TDCPP or TCEP flame retardants, mercury, lead, and other heavy metals, formaldehyde, and phthalates regulated by the CPSC. It also has low VOC (Volatile Organic Compound) emissions for indoor air quality.
- **OEKO-TEX® Certified Cover:** The mattress cover is OEKO-TEX® Standard 100 certified, ensuring it is free from harmful substances and safe for human ecological use.
