ZINUS ZU-MFMA1OZI-05T

ZINUS 5 Inch Twin Cooling Essential Memory Foam Mattress Instruction Manual

Brand: ZINUS

Model: ZU-MFMA1OZI-05T

1. Introduction

Thank you for choosing the ZINUS 5 Inch Twin Cooling Essential Memory Foam Mattress. This mattress is designed to provide a cool and comfortable sleep experience, featuring ultra-breathable gel-infused Airflow Memory Foam and certified safe materials. This manual provides essential information for setting up, maintaining, and troubleshooting your new mattress to ensure optimal performance and longevity.

2. Key Features

- **Cooling Essential Design:** Features breathable cooling Airflow memory foam to help regulate body temperature throughout the night, ensuring a cool and comfortable sleep.
- **Pressure Relief:** The gel-infused memory foam conforms to your body's shape, enhancing circulation and reducing stress on joints for optimal pressure relief.
- **Certified Safe Materials:** Crafted from high-quality CertiPUR-US® certified foam and an OEKO-TEX® certified mattress cover, ensuring the absence of harmful chemicals for a safer sleeping environment.
- **Compact Shipping:** Expertly compressed and shipped in a smaller box, contributing to a reduced carbon footprint and convenient delivery.
- **Durable Support:** Equipped with Zinus Base Foam™ for durable and reliable support.

3. Setup Instructions

1. **Unpack the Mattress:** Carefully remove the mattress from its packaging. It will be compressed and rolled.
2. **Position the Mattress:** Place the rolled mattress on a flat, clean surface, such as your bed frame or foundation.
3. **Unroll and Expand:** Carefully cut open the plastic wrapping. The mattress will begin to decompress and expand immediately.
4. **Allow for Full Expansion:** For optimal comfort and shape, allow 24–72 hours for the mattress to fully expand to its original shape and dissipate any new mattress odor. Ventilation in the room can assist this process.

4. Operating Instructions (Usage)

Your ZINUS Cooling Essential Memory Foam Mattress is designed for immediate use after full expansion.

- **Optimal Support:** For best results, place your mattress on a solid, flat foundation, such as a platform bed, slatted bed frame (with slats no more than 3 inches apart), or a box spring.
- **Rotation:** To ensure even wear and prolong the life of your mattress, rotate it 180 degrees every 3-6 months. This helps distribute pressure evenly.
- **Temperature Regulation:** The breathable cooling layers are designed to keep you comfortable. For enhanced cooling, ensure good airflow in your bedroom.

5. Maintenance and Care

- **Spot Clean Only:** The mattress cover is not removable for machine washing. For spills or stains, spot clean immediately using a mild detergent and a damp cloth. Blot the area gently; do not rub vigorously.
- **Avoid Soaking:** Do not saturate the mattress with water or cleaning solutions, as this can damage the foam and void the warranty.
- **Protect from Liquids:** Consider using a mattress protector to safeguard against spills, dust mites, and allergens.
- **Ventilation:** Periodically air out your mattress by removing bedding to allow for air circulation, which helps maintain freshness.
- **Do Not Bend:** Avoid bending or folding the mattress, as this can damage the internal foam structure.

6. Troubleshooting

Problem	Possible Cause	Solution
Mattress not fully expanding	Insufficient time for expansion; cold environment.	Allow up to 72 hours for full expansion. Ensure the room temperature is above 65°F (18°C).

Problem	Possible Cause	Solution
New mattress odor	"Off-gassing" from new foam materials.	This is normal and harmless. Ventilate the room by opening windows or using a fan. Odor should dissipate within a few days.
Mattress feels too firm/soft	Personal preference; mattress still adjusting.	Allow a few weeks for your body to adjust to the new mattress and for the mattress to fully settle. Memory foam can feel firmer in colder temperatures.

7. Specifications

Product Dimensions: 75"L x 39"W x 5"Th (Twin Size)

Item Weight: 21 pounds

Model Number: ZU-MFMA1OZI-05T

Material: Gel-infused Airflow Memory Foam, Zinus Base Foam™

Cover Material: Plush, OEKO-TEX® certified fabric

Certifications: CertiPUR-US® certified foam, OEKO-TEX® certified cover

Number of Layers: 2

Weight Limit: 250 Pounds

Color: White
