2. SETUP

2.1. Package Contents

- Motorola G34 5G Smartphone
- Charger
- USB Cable
- SIM Ejector Tool

- Quick Start Guide

2.2. Inserting the SIM Card

1. Locate the SIM tray on the side of your device.
2. Insert the SIM ejector tool into the small hole next to the tray and press firmly until the tray pops out.
3. Place your Nano-SIM card(s) and/or microSD card into the tray with the gold contacts facing down.
4. Carefully push the tray back into the slot until it clicks into place.

Image 2.1: Rear view of the Motorola G34 5G, showing the camera module and the location of the SIM card tray on the side.

2.3. Charging the Battery

Before first use, fully charge your device. Connect the USB cable to the charging port on your phone and the other end to the power adapter. Plug the adapter into a wall outlet. The battery indicator on the screen will show charging progress.

2.4. Powering On/Off

- To power on: Press and hold the Power button until the Motorola logo appears.
- To power off: Press and hold the Power button, then select 'Power off' from the options on the screen.

2.5. Initial Setup

Upon first power-on, follow the on-screen instructions to configure your device, including language selection, Wi-Fi connection, Google account setup, and security settings (fingerprint, face unlock, PIN/pattern).

3. OPERATING INSTRUCTIONS

3.1. Display and Navigation

The Motorola G34 5G features an immersive 6.5-inch display with a 120Hz refresh rate for smooth scrolling and responsiveness. Navigate using touch gestures, such as tap, swipe, pinch-to-zoom, and long press.

3.2. Camera Functions

Your device is equipped with a 50 MP Quad Pixel main camera and a 16 MP front camera. The Quad Pixel technology enhances low-light performance, and Google Auto Enhance optimizes image quality automatically.

- **Taking Photos:** Open the Camera app, frame your shot, and tap the shutter button.
- **Recording Videos:** Switch to video mode in the Camera app and tap the record button.
- **Selfies:** Switch to the front camera for high-quality self-portraits.

4. MAINTENANCE

4.1. Cleaning Your Device

Use a soft, lint-free cloth to clean the screen and body of your phone. Avoid using harsh chemicals or abrasive materials, which can damage the finish.

4.2. Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. Go to **Settings > System > System updates**

4.3. Battery Care

- Avoid extreme temperatures, as they can degrade battery performance.
- Do not leave the phone charging for extended periods after it reaches 100%.
- Use only approved chargers and cables.

5. TROUBLESHOOTING

5.1. Common Issues and Solutions

- **Device not turning on:** Ensure the battery is charged. Press and hold the Power button for at least 10-15 seconds.
- **Apps crashing or freezing:** Close and restart the app. Clear the app's cache (Settings > Apps > [App Name] > Storage > Clear cache).
- **Poor network signal:** Check your SIM card insertion. Move to an area with better network coverage. Restart the device.
- **Battery draining quickly:** Reduce screen brightness, disable unused features like Wi-Fi or Bluetooth, and check for background app activity.

5.2. Factory Reset

If persistent issues occur, a factory reset may be necessary. This will erase all data on your phone, so back up important information first. Go to **Settings > System > Reset options > Erase all data (factory reset)**

6. SPECIFICATIONS

Feature	Specification
