6. Maintenance

To ensure the longevity and optimal performance of your ANTEMPER D116 tablet, follow these maintenance guidelines:

- **Screen Care:** Use a soft, lint-free cloth to clean the screen. Avoid harsh chemicals or abrasive materials.
- **Battery Life:** To maximize battery life, avoid extreme temperatures and fully discharge and recharge the battery periodically. The 7000mAh battery provides up to 10 hours of use.
- **Software Updates:** Regularly check for and install system updates to ensure your tablet has the latest features and security patches.
- **Storage Management:** Periodically clear unnecessary files and apps to maintain optimal performance. Utilize the expandable storage for large media files.

7. Troubleshooting

If you encounter issues with your tablet, refer to the following common solutions:

- **Tablet not turning on:** Ensure the tablet is charged. Connect it to the charger and wait a few minutes before attempting to power it on again.
- **Slow performance:** Close unused applications, clear cache, or restart the tablet. Consider uninstalling rarely used apps or moving large files to expandable storage.
- **Wi-Fi connectivity issues:** Restart your Wi-Fi router and the tablet. Ensure you are within range of the Wi-Fi signal and that the password is correct.
- **Bluetooth device not pairing:** Ensure the Bluetooth device is in pairing mode and within range. Restart Bluetooth on both the tablet and the accessory.
- **Screen unresponsiveness:** Restart the tablet. If the issue persists, a factory reset might be necessary (back up your data first).
