Step-by-Step Assembly:

- 1. Unpack and Identify Components:** Carefully unpack all components and hardware. Refer to the included parts list in your physical manual to ensure everything is present.
- 2. Assemble the Side Panels and Base:** Attach the drawer slides to the designated side panels. Secure the base and side panels together using the provided hardware (screws, dowels, cam locks).
- 3. Install the Power Outlet:** Insert the built-in power strip into its designated slot on the side panel. Secure it with the provided screws.
- 4. Attach the Tabletop:** Carefully align the main tabletop with the assembled base structure and secure it using the appropriate fasteners.
- 5. Assemble and Install Drawers:** Assemble each drawer by attaching the sides, front, and back to the base. Install the drawer slides onto the drawers and then slide them into the vanity frame. Attach the crystal ball knobs to the drawer fronts.

6. **Assemble the Stool:** Assemble the stool components, ensuring all connections are secure and stable.
7. **Attach the Mirror:** Securely attach the mirror to the back of the vanity desk. Ensure it is stable and properly aligned.

OPERATING INSTRUCTIONS

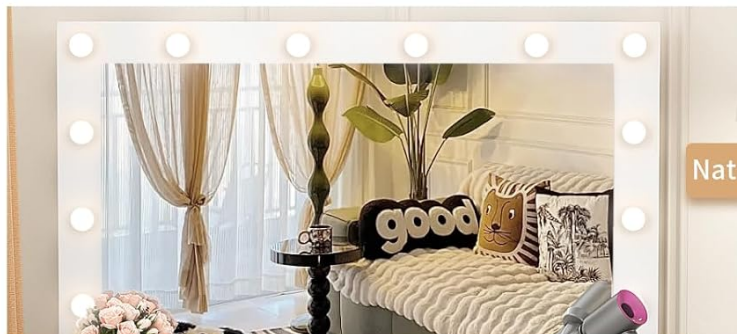

LED Lighting System:

The vanity mirror features 14 built-in LED lights with 3 color temperature modes and adjustable brightness.

- **Changing Color Mode:** Locate the touch sensor on the mirror (usually a circular icon). Tap the sensor to cycle through the three color temperature modes: Warm White, Natural White, and Cool White.
- **Adjusting Brightness:** Press and hold the touch sensor to continuously dim or brighten the lights. Release when the desired brightness level is reached.

Power Outlet Usage:

The built-in power strip includes 2 standard AC outlets and 2 USB ports for convenient charging and powering of your devices.

- **To Use:** Ensure the vanity is properly connected to a wall power source. Plug your hair dryers, curling irons, beauty devices, or phones into the appropriate AC outlets or USB ports.

MAINTENANCE

Cleaning:

- Wipe the vanity desk surfaces with a soft, dry cloth.
- Avoid using abrasive cleaners, harsh chemicals, or excessive moisture, as these can damage the finish.
- For the mirror, use a glass cleaner sprayed onto a cloth (not directly onto the mirror) and wipe clean.

General Care:

- Keep the product dry and away from direct sunlight or extreme temperature changes.
- Regularly check all screws and fasteners to ensure they remain tight. Tighten as needed to maintain stability.
- Avoid placing excessively heavy items on the tabletop or in the drawers.

TROUBLESHOOTING

Lights Not Working:

- Ensure the vanity is properly plugged into a working wall power outlet.
- Check if the power strip switch (if applicable) is turned on.
- Verify that the touch sensor on the mirror is clean and responsive. Try tapping it firmly.

Drawers Sticking or Not Sliding Smoothly:

- Check if the drawer slides are properly aligned and free of any obstructions (e.g., debris, loose items).
- Ensure the drawers are not overloaded, which can cause them to sag or stick.
- If necessary, apply a small amount of silicone lubricant to the drawer slides.
