MAINTENANCE

Proper maintenance will extend the life and appearance of your patio bar set.

- **Cleaning:** Wipe with a dry cloth. For deeper cleaning, use a mild soap and water solution, then rinse thoroughly and dry completely to prevent water spots and rust.
- **Glass Top Care:** The tempered glass tabletop is designed for easy cleanup. Use a glass cleaner for streaks. Avoid abrasive cleaners or tools that could scratch the surface.
- **Frame Care:** The powder-coated steel frame is resistant to rust and weather. Inspect the frame periodically for any signs of wear or rust, and touch up with appropriate outdoor paint if necessary.
- **Textilene Fabric Care:** The durable textilene fabric is breathable and weather-resistant. Clean with mild soap and water.
- **Seasonal Storage:** During harsh weather conditions or off-season, it is recommended to cover the furniture or store it indoors to protect it from extreme elements.

TROUBLESHOOTING

If you encounter any issues with your NUU GARDEN Patio Bar Set, refer to the following common solutions:

- **Wobbly Chair/Table:** Check all bolts and screws. Tighten any loose fasteners. Ensure the furniture is on a level surface.
- **Stiff Swivel:** The swivel mechanism should operate smoothly. If it feels stiff, ensure no debris is obstructing the mechanism. A small amount of silicone-based lubricant can be applied if needed, avoiding oil-based lubricants that can attract dirt.
- **Scratches on Glass:** Minor scratches on tempered glass are difficult to remove. Use a glass repair kit for deeper scratches or contact customer service for replacement options if severely damaged.
- **Rust Spots:** While the frame is powder-coated for rust resistance, prolonged exposure to moisture can cause rust. Clean rust spots with a wire brush and apply rust-inhibiting primer and paint.
