2.3 Charging the Diffuser

The Aroma360 Wireless Pro is portable and operates on a rechargeable battery. To charge:

1. Connect the power adapter to the magnetic charging base.
2. Place the diffuser unit onto the magnetic charging base. The indicator light on the base will illuminate to show it is charging.
3. A full charge typically takes 30 minutes to 1 hour and provides up to 12 hours of portable usage.

3. OPERATING INSTRUCTIONS

3.1 Powering On/Off

- To power on the diffuser, press and hold the power button located on the base of the unit or on the remote control.
- To power off, press and hold the power button again.

3.2 Adjusting Scent Intensity and Timer

Use the provided remote control to customize your scenting experience:

- **Scent Intensity:** The remote features "LOW", "MED", and "HIGH" buttons. These settings control how frequently the diffuser releases scent.
 - LOW: Diffuses scent approximately every 5 minutes.
 - MED: Diffuses scent more frequently than LOW.
 - HIGH: Diffuses scent approximately every 1 minute for maximum intensity.
- **Timer Settings:** The remote also includes timer options (e.g., 1h, 4h, 8h) to set the duration of operation.

Unleash Fragrance Freedom

Experience ultimate convenience with our wireless diffuser, effortlessly filling any space with your favorite fragrances. Enjoy the freedom of placement and a touch of elegance in your home, all without the clutter of cords.

4. MAINTENANCE

4.1 Replacing Scent Pods

When the scent level in your Pro-Pod bottle is low or you wish to change scents:

1. Power off the diffuser unit.
2. Twist the top section counter-clockwise to open.
3. Carefully remove the empty or desired Pro-Pod bottle.
4. Insert a new Pro-Pod bottle and secure the top section by twisting clockwise.

4.2 Cleaning the Diffuser

As the diffuser uses a dry nano-mist technology, extensive cleaning is not typically required. However, for optimal performance:

- Wipe the exterior of the unit with a soft, dry cloth as needed.
- Ensure the scent nozzle at the top is free from any dust or debris.

5. TROUBLESHOOTING

- **No Scent Emission:**

- Ensure the Pro-Pod bottle is correctly inserted and securely twisted into place.
- Check if the Pro-Pod bottle is empty and replace if necessary.

- Verify the diffuser is powered on and the scent intensity is set to a desired level (LOW, MED, HIGH).

- **Unit Not Powering On:**

- Confirm the unit is fully charged by placing it on the magnetic charging base.
- Ensure the power adapter is properly connected to the charging base and a working power outlet.

- **Remote Control Not Responding:**

- Check the battery in the remote control and replace if needed.
- Ensure there are no obstructions between the remote and the diffuser unit.
