KOSPET T3 U Black

KOSPET Tank T3 GPS Smartwatch User Manual

Model: T3 U Black

INTRODUCTION

Thank you for choosing the KOSPET Tank T3 GPS Smartwatch. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your device. The KOSPET Tank T3 is a rugged smartwatch designed for outdoor enthusiasts, featuring built-in GPS, Bluetooth calling, extensive battery life, and a wide range of sports modes.

SAFETY INFORMATION

Please read the following safety guidelines before using your KOSPET Tank T3 Smartwatch:

- Do not attempt to disassemble or modify the device.
- Keep the device away from extreme temperatures and direct sunlight.
- Avoid exposing the device to strong magnetic fields.
- Use only the provided charging cable and a compatible power adapter.
- Consult a medical professional before starting any new exercise regimen, especially if you have pre-existing health conditions.
- The device is water-resistant but not waterproof for all activities. Refer to the water resistance specifications.

PACKAGE CONTENTS

Ensure all items are present in your package:

- KOSPET Tank T3 GPS Smartwatch
- Magnetic Charging Cable
- User Manual

SETUP

1. Charging the Device

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port.

Extra-Long Battery Life

480mAh Pure Cobalt Battery makes 60+ days of standby possible

3 Days AOD Mode	8 Days Heavy Usage	15 Days Typical Usage	60 Days Standby Mode
---------------------------	------------------------------	---------------------------------	--------------------------------

2. Downloading the App

Scan the QR code in the manual or on the watch screen (if available) or search for the official KOSPET companion app in your smartphone's app store (e.g., Google Play Store for Android, Apple App Store for iOS). Install the app on your smartphone.

3. Pairing with Smartphone

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the KOSPET companion app and follow the on-screen instructions to create an account or log in.
3. Select 'Add Device' or 'Pair Device' within the app.
4. The app will search for your KOSPET Tank T3. Select it from the list of discovered devices.
5. Confirm the pairing request on both your smartphone and the smartwatch.

4. Initial Configuration

Once paired, the app will guide you through setting up personal information, unit preferences (metric/imperial), and notification settings. Ensure the watch's time and date synchronize with your phone.

OPERATING THE SMARTWATCH

Basic Navigation

The KOSPET Tank T3 features a 1.43-inch AMOLED touchscreen and physical buttons for navigation:

- **Touchscreen:** Swipe up/down/left/right to navigate menus, tap to select.
- **UP/DOWN Buttons:** Scroll through lists or adjust settings.
- **SEL Button:** Confirm selection or enter a menu.
- **BACK Button:** Go back to the previous screen or return to the watch face.

Bluetooth Calling

Once paired with your smartphone, you can make and receive calls directly from your KOSPET Tank T3. Ensure the Bluetooth call function is enabled in the watch settings and the companion app.

GPS Functionality

The built-in GPS supports dual-band positioning and 6 satellite positioning systems, providing accurate location tracking for outdoor activities.

Trackable Adventures of Built-in GPS.

Health Monitoring

The KOSPET Tank T3 includes features for monitoring your health and activity:

- **Activity Tracker:** Tracks steps, distance, and calories burned.
- **Heart Rate Monitoring:** Continuously monitors your heart rate.
- **Sleep Monitoring:** Analyzes your sleep patterns.
- **Alarm Clock:** Set alarms directly from the watch.

Outdoor Features

Navigate the wilderness with confidence using the integrated outdoor tools:

- **Compass:** Provides accurate directional readings.
- **Altitude:** Tracks your current altitude and displays trends.

- **Air Pressure:** Measures current air pressure and shows changes.

Keep Your Head in the wilderness

Clear display your current heading altitude, and barometric pressure, so that you can navigate in the wilderness to your heart's content.

Compass

Orient yourself with accurate readings no matter where you venture.

Altitude

Keep track of your current altitude and graph altitude trends.

Air Pressure

Measure your current air pressure and view a graph of changes.

MAINTENANCE

- **Cleaning:** Wipe the watch and strap regularly with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Charging:** Always use the original charging cable. Avoid overcharging or completely draining the battery frequently to prolong its lifespan.
- **Software Updates:** Periodically check the companion app for firmware updates to ensure optimal performance and new features.
- **Storage:** When not in use for extended periods, store the watch in a cool, dry place with a partial charge (around 50%).

TROUBLESHOOTING

Problem	Possible Cause	Solution
Watch does not power on	Low battery; device malfunction	Charge the watch for at least 30 minutes. If it still doesn't turn on, contact support.
Unable to pair with smartphone	Bluetooth off; app issue; watch not discoverable	Ensure Bluetooth is on. Restart both watch and phone. Reinstall the app. Reset watch to factory settings.
Inaccurate GPS tracking	Poor satellite signal; interference	Ensure you are in an open area with clear sky. Wait for GPS lock before starting activity.
Short battery life	Frequent GPS use; AOD enabled; many notifications	Disable Always-On Display. Reduce notification frequency. Limit continuous GPS usage.
