PetsCosset PET06

PetsCosset Chicken Coop Instruction Manual

Model: PET06

1. WELCOME TO YOUR NEW CHICKEN COOP

Thank you for choosing the PetsCosset Wooden Chicken Coop. This 2-story hen house is designed to provide a safe, comfortable, and functional living space for 2-3 chickens, ducks, rabbits, or other small animals. Its durable wooden construction, waterproof and UV-resistant asphalt roof, and easy-to-clean features ensure a long-lasting and hygienic environment for your pets.

This manual provides essential information for setting up, operating, and maintaining your chicken coop. For detailed assembly instructions, please refer to the Installation Manual (PDF).

2. SETUP AND ASSEMBLY

Before beginning assembly, ensure all parts are present and undamaged. It is recommended to assemble the coop on a flat, stable surface. The coop is designed for straightforward assembly, but having an extra pair of hands can be beneficial.

2.1 Key Dimensions and Capacity

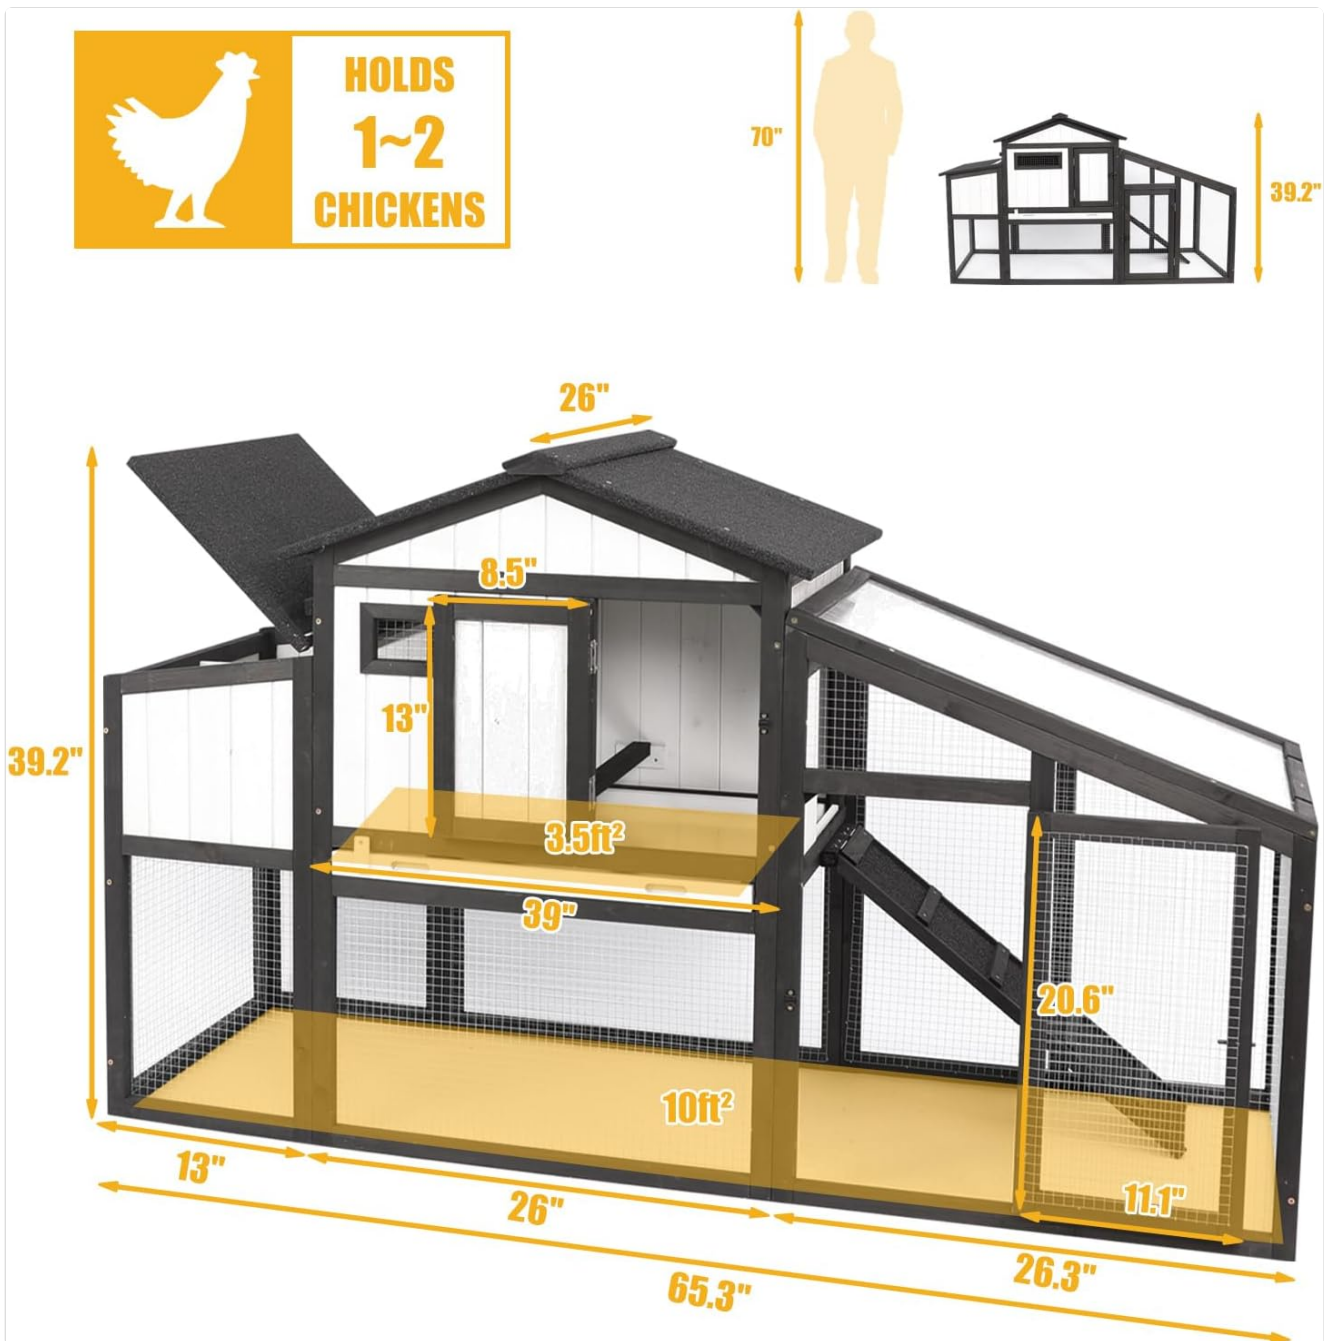

Image: Diagram illustrating the dimensions of the chicken coop (66"L x 26"W x 39"H) and its capacity for 1-2 chickens. The coop measures approximately 66 inches in length, 26 inches in width, and 39 inches in height. It is suitable for 2-3 chickens, providing ample space for movement and comfort.

2.2 Roof Features

The coop features a waterproof and UV-resistant asphalt roof, designed to protect your poultry from various weather conditions, including rain, snow, and harmful sun rays. This enhances the coop's durability and provides a safe environment year-round.

2.3 Durable Construction

The coop is constructed from solid wood, ensuring strength and longevity. This material choice contributes to the overall stability and resilience of the structure.

2.4 Visual Tour and Setup

Video: An official PetsCosset video providing a tour of the chicken coop, demonstrating its features and ease of use, including adding bedding and introducing chickens.

3. OPERATING YOUR CHICKEN COOP

The PetsCosset Chicken Coop is designed for ease of use and animal comfort, featuring multiple access points and functional components.

3.1 Access Areas

The coop provides three main access areas for convenient interaction with your poultry and for maintenance:

- **Large Nesting Box:** A dedicated, cozy space for hens to lay eggs.
- **Pull-Out Tray:** Located beneath the main housing for easy cleaning of droppings.
- **Sleeping Perch:** Elevated perches within the sleeping area for chickens to roost comfortably.

3.2 Movable Switch Lock and Ramp

The coop features a movable switch lock for secure closure of the main housing door. A non-slip ramp provides easy access for chickens between the elevated sleeping area and the ground-level run.

Video: An official PetsCosset video demonstrating the features of the wooden chicken coop, including the movable switch lock, pull-out tray, and nesting boxes.

4. MAINTENANCE

Regular maintenance is crucial for the health and well-being of your poultry and the longevity of the coop.

4.1 Cleaning the Pull-Out Trays

The integrated pull-out trays make cleaning simple and efficient. Regularly remove and clean these trays to maintain hygiene and prevent odor buildup. The materials are designed for low-maintenance upkeep.

4.2 General Cleaning

Periodically inspect the entire coop for cleanliness. Wipe down surfaces as needed and ensure the bedding in the

nesting box is fresh and dry. The waterproof roof can be easily cleaned with a damp cloth.

5. TROUBLESHOOTING

- **Door/Latch Issues:** Ensure all latches and doors are properly aligned and secured to prevent escapes and protect against predators. If a latch is stiff, a small amount of lubricant can be applied.
- **Wood Wear:** While made of durable wood, prolonged exposure to extreme weather may cause minor wear. Consider applying a non-toxic, pet-safe wood sealant annually to extend the coop's lifespan.
- **Water Accumulation:** Ensure the coop is placed on level ground to allow for proper drainage and prevent water from pooling around the base. The asphalt roof is designed to shed water effectively.
- **Pest Control:** Regularly check for signs of pests and take appropriate, pet-safe measures to keep the coop free from infestations.

6. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	PetsCosset
Model Name	PET06
Item Weight	56.21 Pounds
Product Dimensions	66"L x 26"W x 39"H
Material	Fir Wood
Color	Black
