# uxcell 50pcs Round Rubber End Caps Instruction Manual

Model: a23112500ux0182

## 1. INTRODUCTION

---

This manual provides instructions for the proper use and application of the uxcell 50pcs Round Rubber End Caps. These caps are designed to protect various surfaces and components from damage, wear, and to provide insulation.

## 2. PRODUCT FEATURES

- **Assorted Sizes:** Includes 1/8", 3/16", 1/4", 5/16", and 3/8" inner diameter blue vinyl round end cap covers.
- **Durable Material:** Made from flexible and insulated vinyl rubber material.
- **Protective Function:** Effectively prevents scuffs on floors and acts as a protective seal for various items.
- **Versatile Application:** Suitable for metal chair tips, patio furniture, bench feet, table legs, bar stools, screw or nail heads, and covering any round tube or threaded part.

Image 2.1: Different sizes of uxcell rubber end caps.

### 3. SIZE SELECTION GUIDE

To ensure a secure fit, it is recommended to select an end cap with an inner diameter slightly smaller than the outer diameter of the object you intend to cover. The flexible nature of the rubber material allows for a snug fit.

**Example:** If the outer diameter of your product is 9.8mm, choose a 9.5mm inner diameter rubber cover.

Image 3.1: Visual guide for selecting the correct cap size based on inner diameter.

### 4. SETUP AND INSTALLATION

Installation of the rubber end caps is straightforward:

1. **Identify Target:** Determine the object or surface requiring protection (e.g., furniture leg, screw thread, metal tube).
2. **Measure Diameter:** Measure the outer diameter of the object to be covered.
3. **Select Cap:** Choose an end cap from the assortment with an inner diameter slightly smaller than

your measurement.

4. **Apply Cap:** Gently push the rubber end cap onto the object until it is fully seated and provides a snug fit. The flexibility of the material will allow it to stretch over the object.

Image 4.1: Examples of applying rubber end caps to screws and tubes.

## 5. OPERATING AND USAGE

These rubber end caps are designed for passive protection and require no active operation. Once installed, they provide continuous protection for the covered item and surrounding surfaces.

### Common Applications:

- Protecting furniture legs from scratching floors.
- Covering exposed screw threads or sharp edges to prevent injury.
- Insulating electrical connections or exposed wires.
- Finishing ends of metal tubing or rods.

Image 5.1: Various applications of rubber end caps, including on hooks, wires, and tools.

## 6. MAINTENANCE

The uxcell rubber end caps require minimal maintenance. Periodically inspect the caps for signs of wear, cracking, or loosening. If a cap becomes damaged or no longer fits snugly, replace it with a new one from the assortment to maintain optimal protection.

## 7. TROUBLESHOOTING

These end caps are simple protective accessories and typically do not require troubleshooting. If a cap does not fit, refer to the **Size Selection Guide** (Section 3) to ensure the correct size has been chosen for your application. If a cap slips off, it may be too large for the object; try a smaller size.

## 8. SPECIFICATIONS

Specification	Detail
Brand	uxcell

Model Number	a23112500ux0182
ASIN	B0CSRVLJ8L
Material	Rubber, Vinyl
Color	Blue
Inner Diameter Sizes	1/8" (3mm), 3/16" (5mm), 1/4" (6mm), 5/16" (8mm), 3/8" (9.5mm)
