UpBright AC/DC Adapter for Hompany SmartVac 13 User Manual

Model: Hompany SmartVac 13 Power Supply

INTRODUCTION

This manual provides essential information for the safe and effective use of your UpBright AC/DC Adapter, compatible with the Hompany SmartVac 13 SmartVac13 25.9V 2500mAh Li-ion Battery Model VC-7S1P-702. Please read this manual thoroughly before using the product.

PRODUCT OVERVIEW

The UpBright AC/DC Adapter is designed to provide reliable power to your Hompany SmartVac 13 cordless stick vacuum cleaner. It features a global input voltage range and multiple protection mechanisms to ensure safe operation.

Figure 1: The UpBright AC/DC Adapter. This image shows the compact black adapter with its attached power cord and barrel connector. The adapter features input/output specifications and safety certifications.

Figure 2: Side view of the UpBright AC/DC Adapter. This perspective highlights the compact design and the connection point for the power cord.

SAFETY PRECAUTIONS

- Ensure the adapter is used with compatible devices only. This adapter is specifically designed for Hompany SmartVac 13 (Model VC-7S1P-702).
- Do not expose the adapter to water or excessive moisture.
- Avoid dropping or subjecting the adapter to strong impacts.
- Do not attempt to open or modify the adapter.
- Unplug the adapter from the power outlet when not in use or during electrical storms.
- Keep out of reach of children.

SETUP

To set up your UpBright AC/DC Adapter for use with the Hompany SmartVac 13:

1. Locate the charging port on your Hompany SmartVac 13 vacuum cleaner.
2. Connect the barrel connector of the UpBright AC/DC Adapter to the charging port of the vacuum cleaner. Ensure a secure fit.
3. Plug the AC prongs of the adapter into a standard wall power outlet (100-240VAC, 50/60Hz).
4. The vacuum cleaner should indicate that it is charging (refer to your vacuum cleaner's manual for specific charging indicators).

OPERATING INSTRUCTIONS

The UpBright AC/DC Adapter functions as a power supply and charger for the compatible Hompany SmartVac 13. Once connected, it will provide the necessary power for charging the vacuum's Li-ion battery.

- The adapter is designed for continuous charging. However, it is recommended to disconnect the adapter once the battery is fully charged to conserve energy.
- The adapter features OVP (Over Voltage output Protection), OCP (Over Current output Protection), and SCP (Short Circuit output Protection) to ensure safe charging.
- Ensure the power outlet is easily accessible to allow for quick disconnection if needed.

MAINTENANCE

Proper maintenance ensures the longevity and safe operation of your AC/DC adapter.

- Keep the adapter clean and free from dust. Use a dry, soft cloth for cleaning.
- Store the adapter in a cool, dry place when not in use.
- Avoid bending or crimping the power cord excessively, as this can damage the internal wires.
- Regularly inspect the adapter and its cord for any signs of damage, such as frayed wires or cracks in the casing. If damage is

found, discontinue use immediately.

TROUBLESHOOTING

If you encounter issues with your UpBright AC/DC Adapter, consider the following:

Vacuum Cleaner Not Charging:

- **Check Power Connection:** Ensure the adapter is securely plugged into both the wall outlet and the vacuum cleaner's charging port.
- **Verify Power Outlet:** Test the wall outlet with another device to confirm it is supplying power.
- **Inspect Adapter:** Look for any visible damage to the adapter or its cord. If damaged, do not use.
- **Battery Condition:** *Rechargeable batteries do not last forever; the average battery lasts 1 to 3 years. If the battery is old or dead, it will not accept a charge. This is not a problem with the charger.* If you are unsure whether the battery or charger is at fault, a voltmeter can be used to test if the charger is working.

Adapter Overheating:

- Unplug the adapter immediately.
- Ensure adequate ventilation around the adapter. Do not cover it.
- Confirm that the adapter is compatible with your device and that the device is not drawing excessive power.

If troubleshooting steps do not resolve the issue, please refer to the warranty and support information.

SPECIFICATIONS

Attribute	Detail
Brand	UpBright
Model	Hompany SmartVac 13 Power Supply
Input Voltage	100-240VAC, 50/60Hz
Output Voltage	DC 25.9V
Output Current	2.5Ah (2500mAh)
Wattage	500 watts
Compatible Devices	Hompany SmartVac 13 SmartVac13 25.9V 2500mAh Li-ion Battery Model VC-7S1P-702 VC7S1P702
Protection Features	OVP (Over Voltage Protection), OCP (Over Current Protection), SCP (Short Circuit Protection)
Dimensions	10.16 x 7.62 x 5.08 cm
Material	Plastic
