6. MAINTENANCE

Proper care and maintenance will extend the life and appearance of your Vongrasig patio furniture set.

- **Cleaning the Frame and Wicker:** Wipe with a dry cloth to remove dust and debris. For more stubborn dirt, use a mild soap solution and a soft brush, then rinse thoroughly with water and dry completely.
- **Cushion Care:** The cushion covers come with zippers for easy removal and washing. Machine wash cold with mild detergent and tumble dry low, or air dry. Ensure cushions are completely dry before storing or replacing to prevent mildew.
- **Glass Table Top:** Clean the tempered glass with a glass cleaner and a soft cloth. Avoid abrasive cleaners or scouring pads that could scratch the surface.
- **Weather Protection:** While the set is designed for outdoor use, covering it during harsh weather conditions (heavy rain, snow, extreme sun) or storing it indoors during off-season will significantly prolong its lifespan.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your patio furniture set.

Problem	Possible Cause	Solution
Holes do not align during assembly.	Screws were tightened too early.	Loosen all screws on the current section. Gently adjust components to align holes, then insert all screws before gradually tightening them evenly.
Furniture wobbles after assembly.	Uneven tightening of screws or uneven surface.	Ensure all screws are tightened evenly. Place the furniture on a flat, level surface. If wobbling persists, check for any bent components.

Problem	Possible Cause	Solution
Cushions feel thin or uncomfortable.	Personal preference or compression over time.	Fluff cushions regularly. Consider purchasing additional padding or replacement cushions if desired.
