

Solimpia FK-8750

SOLIMPIA FK-8750 Upgraded 6D Electric Head Shaver Instruction Manual

Model: FK-8750 | Brand: Solimpia

1. INTRODUCTION

Thank you for choosing the SOLIMPIA FK-8750 Upgraded 6D Electric Head Shaver. This manual provides essential information for the safe and effective use, maintenance, and care of your new shaver. Please read all instructions carefully before first use and retain this manual for future reference.

2. PRODUCT OVERVIEW

The SOLIMPIA FK-8750 is designed for a smooth, efficient, and comfortable shaving experience, adapting to various contours of the head, face, and neck. Key features include:

- **6D Electric Floating Head:** Precision floating heads adapt to facial and head contours.
- **Large Battery Capacity:** 1400 mAh lithium-ion battery provides up to 150 minutes of cordless use.
- **Upgraded Removable Magnetic Shaving Head:** Facilitates easy and deep cleaning.
- **IPX6 Waterproof:** Suitable for wet or dry shaving, and easy cleaning under running water.
- **LED Display & Travel Lock:** Indicates battery level, remaining usage time, and prevents accidental activation.

3. SETUP

3.1 Unboxing and Initial Inspection

Carefully remove all components from the packaging. Inspect the shaver and accessories for any signs of damage. Ensure all listed items are present:

- SOLIMPIA FK-8750 Electric Head Shaver
- USB Type-C Charging Cable
- Cleaning Brush
- Protective Cap

3.2 Charging the Shaver

Before first use, fully charge the shaver. Connect the provided USB Type-C cable to the shaver's charging port and plug the other end into a compatible USB power source (e.g., laptop, USB charger, power bank). The LED display will show the battery percentage during charging. A full charge takes approximately 2.5 hours and provides up to 150 minutes of use.

4. OPERATING INSTRUCTIONS

4.1 Power On/Off and Speed Settings

Press the power button once to turn the shaver on. The LED display will illuminate, showing the current battery level. The shaver typically operates at two speeds. Press the power button again to switch between speeds. To turn off the shaver, press and hold the power button.

4.2 Travel Lock Function

To activate the travel lock, press and hold the power button for 3 seconds until a lock icon appears on the LED display. This prevents accidental activation during travel. To deactivate, press and hold the power button again for 3 seconds.

4.3 Shaving Techniques (Wet & Dry)

The SOLIMPIA FK-8750 is IPX6 waterproof, allowing for both wet and dry shaving. For a dry shave, ensure your skin is clean and dry. For a wet shave, you may use shaving foam or gel for added comfort. Gently move the shaver in circular motions over the desired area, ensuring the floating heads maintain contact with your skin. The 6D floating heads are designed to adapt to the contours of your head, face, and neck for a close and comfortable shave.

5. MAINTENANCE

5.1 Cleaning the Shaver

Regular cleaning is crucial for optimal performance and hygiene. The magnetic shaving head can be easily removed for thorough cleaning. After each use:

1. Turn off the shaver.
2. Gently pull the magnetic shaving head to detach it from the main body.
3. Tap out any accumulated hair clippings.
4. Use the provided cleaning brush to remove stubborn hair from the blades and the shaver body.
5. Rinse the shaving head and the main body under running water. Ensure all hair and debris are washed away.
6. Allow all parts to air dry completely before reattaching the shaving head and storing.

5.2 Blade Replacement

For continued optimal performance, it is recommended to replace the shaving heads every 6-12 months, depending on usage. Replacement heads can be purchased from authorized retailers.

6. TROUBLESHOOTING

If you encounter any issues with your SOLIMPZIA FK-8750 shaver, please refer to the following common solutions:

- **Shaver not turning on:** Ensure the shaver is fully charged. Check if the travel lock is activated (indicated by a lock icon on the LED display) and deactivate it by pressing and holding the power button for 3 seconds.
- **Reduced shaving performance:** Clean the shaving heads thoroughly to remove any trapped hair or debris. If performance does not improve, consider replacing the shaving heads.
- **Battery not charging:** Ensure the USB Type-C cable is securely connected to both the shaver and the power source. Try using a different USB port or adapter.
- **Skin irritation:** Ensure the shaving heads are clean. For sensitive skin, try wet shaving with foam or gel. Avoid pressing too hard on the skin.

If the problem persists, please contact customer support.

7. SPECIFICATIONS

Feature	Specification
Model Name	FK-8750
Brand	Solimpia

Power Source	Battery Powered (1 Lithium Ion battery included)
Battery Capacity	1400 mAh
Cordless Use Time	Up to 150 minutes
