

TDLOL X23

TDLOL Portable Rechargeable Battery Powered Fan X23 Instruction Manual

Model: X23 | Brand: TDLOL

1. INTRODUCTION

Thank you for choosing the TDLOL Portable Rechargeable Battery Powered Fan X23. This versatile device combines a powerful fan with an integrated LED light, designed for both indoor and outdoor use. Its portable and cordless design makes it ideal for camping, travel, beach trips, and emergency situations. Please read this manual thoroughly before use to ensure proper operation and maintenance.

2. SAFETY INFORMATION

- Do not insert fingers or any objects into the fan grill when the fan is operating.
- Keep the device away from water or excessive moisture.
- Do not disassemble or attempt to repair the device yourself. Contact customer support if service is required.
- Use only the provided charging cable or a compatible USB-C cable for charging.
- Keep out of reach of children.
- Avoid prolonged exposure to direct sunlight or high temperatures.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

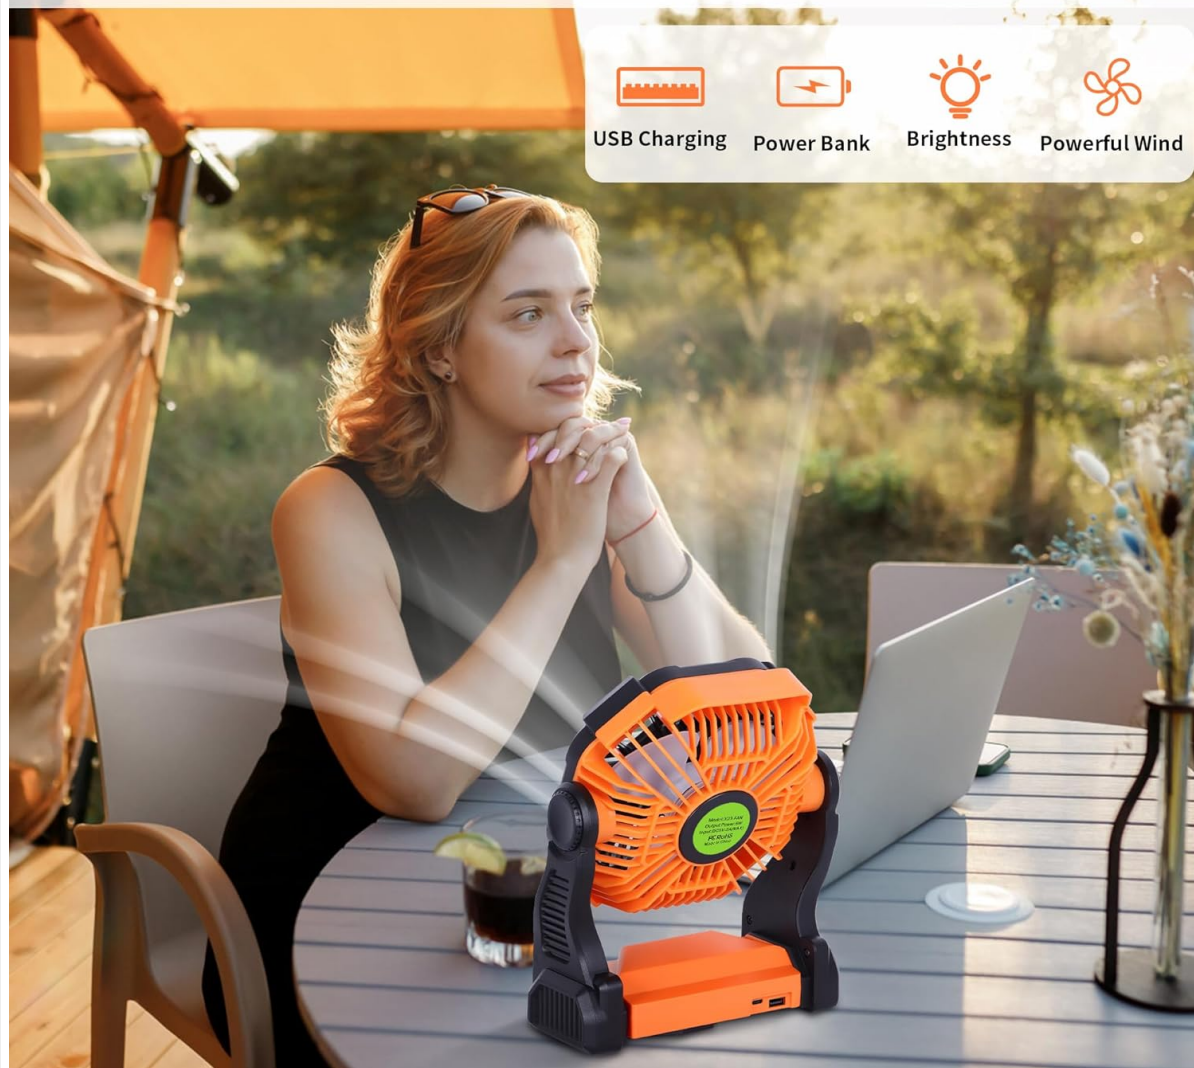

- TDLOL Portable Rechargeable Fan X23
- USB Charging Cable (Type-C)
- Instruction Manual

4. PRODUCT OVERVIEW

The TDLOL X23 fan is designed for portability and multi-functionality. It features a 270° pivot head, a 360° rotating hook, multiple fan speeds, and adjustable LED light brightness.

Portable & Battery Powered Fan

Supports USB & Type-C charging port, this fan to keep you cool in the summer

USB Charging Power Bank Brightness Powerful Wind

Key Features:

- **270° Manual Pivot:** Adjust the fan head vertically to direct airflow.
- **360° Rotating Hook:** Easily hang the fan in tents, on branches, or other suitable locations.
- **4 Wind Speeds:** Select from low, medium, high, and super high settings.
- **3 LED Light Brightness Modes:** Provides soft, non-dazzling illumination for various needs.
- **USB-C Charging & Power Bank Function:** Recharge the fan and use it to charge other devices.
- **Low Noise Operation:** Operates quietly at less than 28 dB.
- **Compact & Lightweight Design:** Easy to carry and store.

5. SETUP

Initial Charging:

1. Before first use, fully charge the fan.
2. Connect the provided USB-C cable to the charging port on the back of the fan.
3. Connect the other end of the cable to a USB power adapter (not included) or a compatible USB port.
4. The battery indicator lights will show the charging status. All lights will be solid when fully charged.

Positioning the Fan:

- **Desktop Use:** Place the fan on a flat, stable surface. Adjust the fan head by manually pivoting it up to 270° to achieve the desired angle.
- **Hanging Use:** Extend the integrated 360° rotating hook located on the top of the fan. Hang the fan from a tent ceiling, branch, or other secure fixture.

Powerful & Cool Airflow

Having 4 Level Speed Adjustable

7. MAINTENANCE

- **Cleaning:** Ensure the fan is turned off and unplugged before cleaning. Use a soft, dry cloth to wipe down the exterior. For the fan blades, carefully remove the front grill (if detachable) and wipe the blades with a damp cloth.

Ensure all parts are dry before reassembling and using.

- **Storage:** Store the fan in a cool, dry place away from direct sunlight when not in use for extended periods.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Recharge the fan regularly, even if not in active use.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not turn on	Low battery; Power button not pressed correctly	Charge the fan; Ensure the power button is pressed firmly.
LED light does not turn on	Low battery; Light button not pressed correctly	Charge the fan; Ensure the light button is pressed firmly.
Weak airflow	Low speed setting; Obstruction in front/back grill	Increase fan speed; Clear any obstructions.
Device not charging from fan (power bank function)	Fan battery low; Incorrect cable; Device not compatible	Ensure fan is sufficiently charged; Use a compatible charging cable; Check device compatibility.
