## Merax B0CST2M8WR

# Merax Modular Sectional Sofa Instruction Manual

Model: B0CST2M8WR

## INTRODUCTION

---

Thank you for choosing the Merax Modular Sectional Sofa. This manual provides essential information for the safe assembly, operation, and maintenance of your new furniture. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## IMPORTANT SAFETY INSTRUCTIONS

---

- **Fire Hazard:** Keep the sofa away from open flames, fireplaces, heaters, and other high heat sources.
- **Child and Pet Safety:** Supervise children and pets around the sofa to prevent entrapment or injury. Ensure all packaging materials are disposed of properly to avoid suffocation risks.
- **Flammability Standards:** All foam and upholstered surfaces meet applicable flammability standards.
- **Weight Capacity:** Do not exceed the recommended weight capacity for individual modules or the entire sofa. Distribute weight evenly.
- **Stability:** Ensure all modules are securely connected and placed on a level surface to prevent tipping.

## PACKAGE CONTENTS

---

Your Merax Modular Sectional Sofa will be delivered in **5 separate packages**. Please ensure all packages have arrived before beginning assembly. Carefully unpack all components and verify against the parts list (typically included in one of the packages). Included components are: Hardware, Instructions, and Modular Sofa sections.

## ASSEMBLY INSTRUCTIONS

---

Assembly is required for this product. We recommend **two people** for assembly to ensure ease and safety.

### Tools Required:

- No additional tools are typically required as necessary hardware is included.

### Step-by-Step Assembly:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface (like a rug or blanket) to prevent scratches.
2. **Attach Legs:** For each modular section (seat, chaise, ottoman), locate the pre-drilled holes on the underside. Screw in the furniture legs securely. Ensure all legs are tightened to provide stable support.
3. **Connect Modules:** The modular design allows for flexible arrangement. Each module is equipped with connectors on its sides. Align the desired modules and slide the connectors together until they lock. Repeat for all sections to form

your desired configuration.

4. **Place Cushions:** Position the seat cushions and back cushions onto the assembled frame. The back cushions are semi-attached.

## CONFIGURATION OPTIONS

---

The Merax Modular Sectional Sofa offers versatile arrangement possibilities. Each individual chair and ottoman can be moved and re-matched to create various layouts, including L-shaped or U-shaped designs, or separate seating arrangements.

- Experiment with different module placements to suit your living space and needs.
- Ensure all connectors are engaged when reconfiguring to maintain stability.

## CARE AND MAINTENANCE

---

Proper care will extend the life and appearance of your sofa.

### Cleaning:

- **Fabric:** The upholstery is 100% polyester. For general cleaning, vacuum regularly to remove dust and loose particles.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub. For stubborn stains, use a mild, water-free solvent or dry-cleaning product. Test on an inconspicuous area first.
- **Removable Covers:** The seat cushion covers are removable. Follow care instructions on the label for washing.

### General Care:

- **Cushion Care:** Rotate and fluff cushions regularly to maintain their shape and even out wear.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight to prevent fading of the fabric.
- **Moving the Sofa:** When moving the sofa, lift it rather than dragging to prevent damage to the legs and frame.

Image: Detailed view of the sofa's construction, highlighting the premium chenille fabric, solid pine wood frame, and pocket coil springs for durability and comfort.

## TROUBLESHOOTING

If you encounter any issues with your Merax Modular Sectional Sofa, please refer to the following common solutions:

Problem	Possible Cause	Solution
Sofa modules slide apart easily.	Connectors are not fully engaged or the floor surface is too smooth.	Ensure all module connectors are securely locked. Consider placing anti-slip pads under the sofa legs, especially on hard flooring.
Sofa feels unstable or wobbly.	Legs are loose or not all modules are connected.	Check and tighten all furniture legs. Verify that all modular sections are properly connected using the integrated connectors. Ensure the sofa is on a level surface.
Cushions appear flat or lumpy.	Lack of regular fluffing or rotation.	Regularly fluff and rotate seat and back cushions to maintain their shape and even out wear.

If you experience issues not listed here, please contact Merax customer support.
