SAFETY INFORMATION

Please read and understand all safety instructions before using the Pura 4 Smart Home Fragrance Device. Failure to follow these instructions may result in injury or damage.

- Refer to the product manual for specific safety instructions.
- Use only as directed.
- Do not ingest any part of the device or fragrance refills.
- Keep out of reach of children and pets.
- Avoid contact with eyes, skin, or clothing. If contact occurs, wash thoroughly with water.
- Fragrance oils are not intended for topical use.
- Do not allow oil or wick to come into contact with furniture or finished surfaces, as oils may cause damage.
- Use only genuine Pura refills in the Pura Smart Fragrance Diffuser.

SETUP GUIDE

Follow these steps to set up your Pura 4 Smart Home Fragrance Device:

1. **Download and Launch the Pura App:** Search for "Pura" in your device's app store and install the official Pura app.
2. **Sign In or Create Account:** Open the app and either sign in to an existing account or create a new one.
3. **Initiate Diffuser Setup:** From the app's home screen, select the "Setup Diffuser" option.
4. **Plug in Pura Device:** Plug your Pura 4 device into a standard electrical outlet.
5. **Find Your V4 Diffuser:** The app will guide you to find and connect to your Pura 4 Diffuser.
6. **Connect to WiFi:** Connect the device to your home WiFi network. *Note: The Pura 4 requires a 2.4GHz WiFi network for proper operation.*
7. **Select Room:** Assign your device to a specific room within the app.
8. **Software Update:** Allow the device to check for and install any potential software updates.
9. **Insert Fragrances:** Insert your desired Pura fragrance vials into the device. The Pura 4 features automatic vial detection.
10. **Device Ready:** Your Pura 4 device is now ready to use. You can proceed to set up schedules or timers within the app.

Automatic vial detection

Simply insert your smart fragrance vial and Pura 4 automatically detects the fragrance, creating a seamless swapping experience.

only available with Smart Vials

OPERATING INSTRUCTIONS

The Pura 4 Smart Home Fragrance Device offers advanced control through its dedicated mobile application. Once set up, you can manage your fragrance experience with ease.

App Control and Features

- **Adjust Fragrance Intensity:** Use the Pura app to precisely control the strength of the fragrance released into your space.
- **Easily Switch Between Two Scents:** The Pura 4 holds two fragrance vials, allowing you to seamlessly switch between them via the app.
- **Set a Mood with LED Light:** The device includes an integrated LED light. Control its color and brightness through the app to create ambient lighting.
- **Control from Anywhere:** Manage your Pura 4 device remotely using the app, whether you're at home or away.
- **Create Custom Schedules:** Program specific times for your fragrances to diffuse, tailoring the scent experience to your

daily routine.

- **Use Away Mode:** Activate Away Mode to automatically turn the device on and off, conserving fragrance when you're not home.
- **Puralast™ Technology:** This technology allows the diffuser to learn from your feedback and efficiently fill your space, providing up to 120 hours of customized fragrance intensity per smart fragrance vial.
- **Adaptive Diffusion Technology:** The diffuser adjusts scent dispersion based on room temperature, ensuring a consistent and even scenting experience.

MAINTENANCE

To ensure optimal performance and longevity of your Pura 4 device, regular maintenance is recommended:

- **Cleaning:** Periodically wipe the exterior of the device with a soft, dry cloth to remove dust. Do not use abrasive cleaners or immerse the device in water.
- **Fragrance Vials:** Replace fragrance vials when empty. Ensure the device is unplugged before inserting or removing vials.
- **Storage:** If storing the device for an extended period, remove fragrance vials and store them upright in a cool, dry place.

TROUBLESHOOTING

If you encounter issues with your Pura 4 device, consider the following common solutions:

- **Device Not Connecting to WiFi:**

- Ensure your WiFi network is 2.4GHz. The Pura 4 does not support 5GHz networks.
- Verify your WiFi password is entered correctly in the app.
- Move the device closer to your WiFi router.
- Restart your WiFi router and the Pura device.

- **No Scent Diffusion:**

- Check if the fragrance vials are properly inserted and not empty.
- Ensure the device is plugged in and receiving power.
- Verify that a schedule is active or that the device is manually turned on via the app.
- Check the fragrance intensity setting in the app; it might be set too low.

- **App Issues:**

- Ensure your Pura app is updated to the latest version.
- Try closing and reopening the app.
- Restart your smartphone.

For further assistance, please refer to the Pura app's help section or contact Pura customer support.
