2. SAFETY INFORMATION

WARNING:

- Avoid exposure to excessive moisture to prevent damage to the engineered wood.
- Always use caution when assembling the cabinet to prevent potential injuries. It is recommended to have two people for assembly.
- Ensure all fasteners are securely tightened before use. Periodically check and retighten as necessary.
- To prevent tipping, especially in households with children or pets, utilize the anti-toppling device provided. Secure the cabinet to a wall according to the instructions.
- Do not exceed the maximum weight limits for the tabletop (242.5 lbs) and shelves (88.2 lbs).

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts and hardware are present. Refer to the included installation instructions for a complete list of components. Typically, your package will contain:

- Engineered wood panels (top, bottom, side, back, shelves, doors)
- Metal hinges and handles
- Assembly hardware (screws, dowels, cam locks, etc.)
- Anti-toppling device
- Instruction manual

If any parts are missing or damaged, contact chartustriable customer support for assistance.

5. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the chartustriable Sideboard Buffet Cabinet requires careful attention to detail. It is highly recommended to assemble the unit in the room where it will be placed due to its weight (126 lbs). Two people are recommended for assembly.

Tools Required:

- Phillips head screwdriver
- Drill (optional, for faster screw insertion)
- Hammer (for dowels, if applicable)

General Assembly Steps:

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface (e.g., carpet or blanket) to prevent scratches. Compare all parts against the included parts list in your separate instruction manual.
2. **Assemble the Base:** Attach the side panels to the bottom panel using the provided hardware. Ensure all connections are secure.
3. **Install Back Panels:** Slide or fasten the back panels into place.
4. **Attach Top Panel:** Secure the top panel to the assembled frame.
5. **Insert Shelves:** Place the adjustable shelves at your desired height. The cabinet features 3 layers of storage with adjustable shelves.

6. **Attach Doors:** Install the metal hinges onto the doors and then attach the doors to the cabinet frame. Adjust hinges as needed to ensure proper door alignment.
7. **Install Handles:** Secure the metal handles to the doors.
8. **Install Anti-Toppling Device:** For safety, attach the anti-toppling device to the back of the cabinet and secure it to a wall stud. Follow the specific instructions provided with the device.

Refer to the detailed step-by-step diagrams and instructions included in your product packaging for precise assembly guidance.

6. USAGE AND OPERATION

The chartustriable Sideboard Buffet Cabinet is designed for versatile use in various home environments.

Storage:

- Utilize the three adjustable shelves to organize items such as dishes, pantry staples, small appliances, books, or decorative objects.
- Adjust shelf heights by repositioning the shelf pins to accommodate items of different sizes.

Multifunctional Use:

- **Kitchen Pantry:** Store non-perishable food items, cookware, or kitchen linens.
- **Coffee Bar:** The wide tabletop surface is suitable for placing a coffee machine, mugs, and other beverage essentials.
- **Dining Room Buffet:** Serve food, display decorative items, or store dining accessories.
- **Living Room/Entryway Cabinet:** Store media, books, or use as an accent piece with concealed storage.

Image 6.1: Visual representation of the cabinet's versatility as a kitchen buffet, coffee bar, and general storage solution.

7. MAINTENANCE AND CARE

To ensure the longevity and appearance of your chartustriable Sideboard Buffet Cabinet, follow these care guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the finish.
- **Moisture Protection:** As the cabinet is made of engineered wood, protect it from excessive moisture. Promptly wipe up any spills. Use coasters under drinks.
- **Sunlight Exposure:** Avoid prolonged direct sunlight exposure to prevent fading or discoloration of the finish.
- **Hardware Check:** Periodically check all screws, bolts, and hinges to ensure they remain tight. Retighten as needed to maintain stability.
- **Moving the Cabinet:** When moving the cabinet, always lift it rather than dragging it to prevent damage to the base and legs.

8. TROUBLESHOOTING

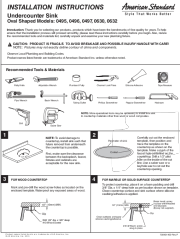

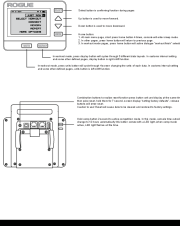

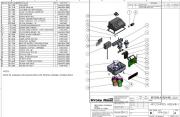

This section addresses common issues you might encounter with your cabinet.

Issue: Doors are not aligning properly.

- **Solution:** Adjust the hinges. Most cabinet hinges have screws that allow for vertical, horizontal, and depth adjustments. Refer to the hinge manufacturer's instructions or common cabinet hinge adjustment guides. Ensure the cabinet itself is level.

Issue: Cabinet feels wobbly or unstable.

- **Solution:**
 - a. Verify that all assembly screws and fasteners are fully tightened.
