4. ASSEMBLY INSTRUCTIONS

Assembly of the Rolife Corner Bookshop requires patience and attention to detail. Follow the included full-color instruction book step-by-step. Each step is clearly illustrated to guide you through the process.

1. **Preparation:** Unpack all components and organize them according to the numbering in the instruction book. Ensure you have all required tools ready.
2. **Component Identification:** Refer to the material list and illustrations in the manual to identify each piece. Many pieces are pre-cut and some paper elements are adhesive-backed.
3. **Step-by-Step Construction:** Follow the sequential steps provided. Pay close attention to the orientation and placement of each piece. Use the provided glue sparingly and allow adequate drying time.
4. **Detailing:** Apply paper-cut elements and stickers as indicated in the instructions to add intricate details to your bookshop.
5. **Wiring:** Carefully follow the wiring diagram for the LED lights. Ensure all connections are secure before finalizing the structure.

6. CARE AND MAINTENANCE

To ensure the longevity and pristine condition of your miniature bookshop, follow these care guidelines:

- **Handling:** Handle the assembled model with care to avoid damaging delicate components.

- **Placement:** Display the model in a stable location, away from direct sunlight, excessive heat, and moisture, which can cause warping or fading.
- **Cleaning:** Use a soft, dry brush or cloth to gently remove dust. Avoid using liquid cleaners or abrasive materials.
- **Battery Replacement:** Replace AAA batteries as needed. Ensure proper disposal of used batteries.

7. TROUBLESHOOTING

Should you encounter any issues during assembly or operation, refer to the following common troubleshooting tips:

- **Missing or Damaged Parts:** If you find any parts missing or damaged upon opening the kit, please contact Rolife customer support for assistance.
- **Difficulty with Assembly:** If a step seems unclear, re-read the instructions carefully and examine the illustrations. Sometimes taking a short break and returning to the step can help. Ensure you are using the correct tools and applying glue appropriately.
- **LED Lights Not Working:**
 - Check if the AAA batteries are new and correctly inserted with the right polarity.
 - Ensure the battery box switch is in the 'ON' position.
 - Verify that all wiring connections are secure and not loose or damaged.
