## 5. Maintenance and Storage

To preserve the appearance and integrity of your MJDDJA motorcycle model, follow these maintenance and storage guidelines.

### Cleaning:

- Gently dust the model regularly with a soft, dry cloth or a soft brush.
- Avoid using abrasive cleaners or harsh chemicals, as these can damage the plastic components.
- For stubborn dirt, lightly dampen a cloth with water and wipe carefully, then dry immediately.

### Storage:

- Store the model in a cool, dry place away from direct sunlight to prevent discoloration or warping of plastic.
- Keep the model away from extreme temperatures and humidity.
- If disassembling for storage, keep all pieces organized in a container to prevent loss.

## 6. Troubleshooting

This section addresses common issues that may arise during or after assembly.

### Missing Pieces:

- Carefully re-check your workspace and packaging for any overlooked small parts.
- If pieces are genuinely missing, contact MJDDJA customer support for assistance.

### Unclear Instructions:

- Refer to the visual diagrams in the instruction guide. Sometimes rotating the model or viewing it from a different angle can clarify the step.
- If you continue to experience difficulty, online resources or community forums for building sets may offer additional visual aids or tips.

### Model Instability:

- Ensure all connections are firm and pieces are fully seated.
- Review previous steps to confirm correct assembly, especially for structural components.
