## 1. SETUP GUIDE

---

This section provides instructions for setting up your HelloBaby HB6081 Baby Monitor.

### 1.1 What's in the Box

Before you begin, please ensure all components are present:

- 1 x 720P 5.5" HD Baby Monitor Split Screen
- 1 x 1080P Plug In Baby Camera
- 2 x AC Chargers
- 1 x User Manual
- Mounting Screw (for camera)

### 1.2 Initial Charging and Powering On

The monitor unit is equipped with a 4000mAh battery, providing 9 to 11 hours of operation on a single charge. The camera unit requires continuous power.

1. Connect one AC charger to the monitor unit and plug it into a power outlet. Allow the monitor to fully charge before first use.
2. Connect the second AC charger to the camera unit and plug it into a power outlet. The camera will power on automatically.
3. Press and hold the power button on the monitor unit to turn it on.

### 1.3 Camera and Monitor Placement

Optimal placement ensures clear monitoring and stable connection.

- Place the camera in a location that provides a clear, unobstructed view of your baby. Ensure it is out of reach of children.
- The camera can be placed on a tabletop, or mounted on a ceiling or wall using the provided mounting screw.
- Position the monitor unit within 1000 feet of the camera for optimal signal strength. Avoid placing it near large metal objects or other electronic devices that may cause interference.
- The system operates on a 2.4 GHz FHSS closed circuit, ensuring a stable and hack-proof connection without Wi-Fi.

## 2. OPERATING INSTRUCTIONS

---

Familiarize yourself with the features and functions of your HelloBaby HB6081 Baby Monitor.

### 2.1 Monitor Display and Controls

The monitor features a 5.5-inch 720P HD IPS screen for clear viewing.

- **Display:** The 720P resolution provides enhanced brightness, sharpened viewing angles, and vivid color display for exceptional clarity day and night.
- **Navigation Buttons:** Use the directional pad to navigate menus and control camera functions.
- **Menu Button:** Access settings such as lullabies, feeding timer, and temperature alerts.
- **VOX Mode:** Activate Sound Activated Screen (VOX) to conserve battery. The screen will turn on automatically when sound is detected.

## 2.2 Camera Control and Features

The 1080P camera offers comprehensive coverage of your baby's room.

- **Remote Pan & Tilt:** Use the monitor's controls to remotely pan the camera 330 degrees horizontally and tilt 120 degrees vertically, eliminating visual blind spots.

- **Digital Zoom:** Zoom in on your baby for a closer look.
- **Infrared Night Vision:** The advanced automatic infrared night vision allows clear observation of your baby even in complete darkness.
- **Two-Way Audio:** Press and hold the microphone button on the monitor to speak to your baby through the camera.
- **Night Light:** The camera features a warm night light to create a soothing environment for your baby.

## 2.3 Additional Features

- **Lullabies:** Play built-in lullabies to soothe your baby.
- **Temperature Monitoring:** The camera includes a room temperature sensor, displayed on the monitor, with alerts for extreme temperatures.
- **Feeding Timer:** Set reminders for feeding times directly on the monitor.
- **Multi-Camera Support:** The system supports adding up to 4 cameras (sold separately) for monitoring multiple rooms or angles.

 5.5-inch Display	 320° Pan 120° Tilt	 4000mAh Battery	 1000ft Long Range	 TimeView
 Sound Activated Screen	 Night Vision	 Add up to 4 Cameras	 Lullabies	 Feeding Timer
 Temperature Alerts	 No APP No WiFi	 Zoom in	 Two Way Audio	 Night Light

### 3. MAINTENANCE

---

Proper maintenance ensures the longevity and optimal performance of your HelloBaby monitor.

- **Cleaning:** Use a soft, dry cloth to clean the monitor and camera surfaces. Do not use abrasive cleaners or solvents.
- **Battery Care:** To maximize battery life, avoid fully discharging the monitor's battery frequently. Charge it regularly. If storing for an extended period, charge the battery to about 50% and store in a cool, dry place.
- **Storage:** Store the unit in a dry place, away from extreme temperatures and direct sunlight.

### 4. TROUBLESHOOTING

---

This section addresses common issues you might encounter with your HelloBaby monitor.

## 4.1 No Signal or Poor Image Quality

- **Check Range:** Ensure the monitor and camera are within the 1000ft operating range.
- **Obstructions:** Large metal objects, thick walls, or other electronic devices can interfere with the signal. Try repositioning the units.
- **Power:** Verify both the camera and monitor are powered on and adequately charged.

## 4.2 No Audio or Poor Audio Quality

- **Volume:** Increase the volume on the monitor unit.
- **Interference:** Move the units away from other electronic devices that might cause audio interference.

## 4.3 Short Battery Life on Monitor

- **Full Charge:** Ensure the monitor is fully charged before use.
- **VOX Mode:** Utilize VOX (Sound Activated Screen) mode to conserve battery power.
- **Screen Brightness:** Reduce screen brightness if it is set too high.

If you encounter issues not covered here, please refer to the support section for assistance.
