3. Safety Information

Please observe the following safety guidelines:

- **Age Recommendation:** This building set is intended for individuals aged 14 years and older.
- **Small Parts:** The kit contains small parts which may pose a choking hazard. Keep all components away from young children and pets.
- **Assembly Environment:** Assemble the model in a well-lit, clean, and organized area to prevent loss of pieces.
- **Material Safety:** All plastic components are made from non-toxic materials. Avoid ingesting any parts.

4. Package Contents

Upon opening the package, verify that all components are present. The MJDDJA 1:8 Scale Motorcycle Building Set typically includes:

- 579 individual plastic building blocks.
- Detailed instruction manual for assembly.
- Specialized parts for motorcycle features (e.g., wheels, chain, engine components).
- Display stand components.

If any parts are missing or damaged, please refer to the "Warranty and Support" section for assistance.

5. Assembly Instructions

Follow the step-by-step instructions provided in the included assembly booklet. The process generally involves:

1. **Preparation:** Unpack all components and organize them by type or color as suggested in the instruction booklet. This will simplify the building process.
2. **Frame Construction:** Begin by building the core frame of the motorcycle, ensuring all connections are secure.
3. **Engine and Gear System:** Assemble the detailed engine and gear system components. Pay close attention to the interlocking parts for proper function.

6. Operating the Model

This MJDDJA motorcycle model is primarily designed for display. While it features movable wheels and potentially steerable handlebars, it is not intended for active play or rough handling.

- **Display:** Place the model on its included stand on a stable, flat surface to prevent accidental falls.
- **Movable Parts:** The wheels can rotate, and the handlebars may have limited steering movement. Handle these parts gently to avoid damage.
- **Interaction:** For demonstration purposes, you may gently roll the model or adjust its steering. Avoid applying excessive force.

7. Maintenance

Proper care will ensure the longevity and appearance of your MJDDJA motorcycle model.

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. For more stubborn dirt, lightly dampen a cloth with water (no harsh chemicals) and gently wipe the surface. Ensure no water enters small crevices.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation. Keep it away from extreme temperatures.
- **Handling:** Always handle the model by its sturdy base or main frame. Avoid picking it up by delicate parts like mirrors, handlebars, or exhaust pipes.

8. Troubleshooting

Should you encounter any issues during or after assembly, consider the following:

- **Missing Pieces:** If you find any pieces missing from your kit, carefully re-check the packaging and sorting area. If still missing, contact MJDDJA customer support with details of the missing part (refer to the part numbers in the assembly manual).
- **Assembly Difficulties:** If a step seems unclear or parts do not fit, re-examine the instruction booklet for that specific step. Ensure you are using the correct pieces and that they are oriented correctly. Sometimes, a small adjustment can resolve fitting issues.
- **Loose Connections:** If parts feel loose after assembly, gently press them together firmly. For persistent looseness, ensure the correct pieces were used and that they are fully engaged.
