## EasyCom LDC001

# EasyCom 41.33" Extra Large Dog Crate Furniture

MODEL: LDC001

## Introduction

---

This instruction manual provides essential information for the safe assembly, operation, and maintenance of your EasyCom 41.33" Extra Large Dog Crate Furniture. Please read this manual thoroughly before assembly and use, and retain it for future reference.

The EasyCom dog crate furniture is designed to serve multiple purposes, functioning as a secure indoor kennel for your pet while also blending seamlessly into your home as an end table or sofa table. It features a durable construction with multiple access points for convenience and pet interaction.

## Product Features

---

- **Multi-Purpose Design:** Functions as an indoor dog kennel, dog house, and furniture piece (end table, sofa table).
- **Sturdy Construction:** Made from thickened particleboard, reinforced iron mesh, and a sturdy metal frame for durability and safety.
- **Multiple Access Doors:** Features a top-access door for teasing, feeding, and training; double front doors for easy entry; and a side narrow door to help manage pet activity.
- **Movable Design:** Equipped with four 360° rotating casters, two of which are lockable, allowing for easy repositioning and stability.
- **Easy to Clean:** Water-resistant board and smooth surfaces facilitate regular cleaning for a hygienic pet environment.
- **Secure Latch System:** Designed with secure latches to prevent accidental openings.

## Safety Information

- Always ensure all latches are securely closed when your pet is inside the crate.
- Do not allow children to play inside or on the crate.
- Place the crate on a flat, stable surface.
- Regularly inspect the crate for any loose parts, damage, or sharp edges that could harm your pet.
- Do not use the crate as a substitute for proper supervision, especially with young or untrained pets.
- Ensure adequate ventilation for your pet at all times.

## Assembly Instructions

Your EasyCom dog crate furniture comes with a detailed assembly guide. Please follow the step-by-step instructions provided in the included manual for proper and safe assembly. All necessary components and tools (if required) are included in the package.

It is recommended to assemble the product in the area where it will be used to avoid unnecessary moving after assembly. Ensure all screws and fasteners are tightened securely before use.

## Operating Instructions

---

- **Front Doors:** The double front doors provide a wide opening for your dog to enter and exit comfortably. Use the secure latches to lock the doors when your pet is inside.
- **Top-Access Door:** The hinged top panel can be opened to allow easy interaction with your pet, such as feeding, training, or comforting, without opening the main doors. Ensure the top is securely closed when not in use.
- **Side Narrow Door:** This door is designed to allow your pet to exit slowly, helping to prevent hyper-activity upon release.
- **Casters:** To move the crate, unlock the two lockable casters. To secure the crate in place, ensure both lockable casters are engaged.

## Maintenance and Care

---

- **Cleaning:** The water-resistant and smooth surfaces of the crate can be easily cleaned with a damp cloth. Avoid harsh chemicals that may damage the finish or be harmful to your pet.
- **Regular Inspection:** Periodically check all screws, bolts, and latches to ensure they are tight and functioning correctly. Tighten any loose hardware as needed.
- **Ventilation:** Ensure the crate is placed in a well-ventilated area to maintain a comfortable environment for your pet.

## Troubleshooting

---

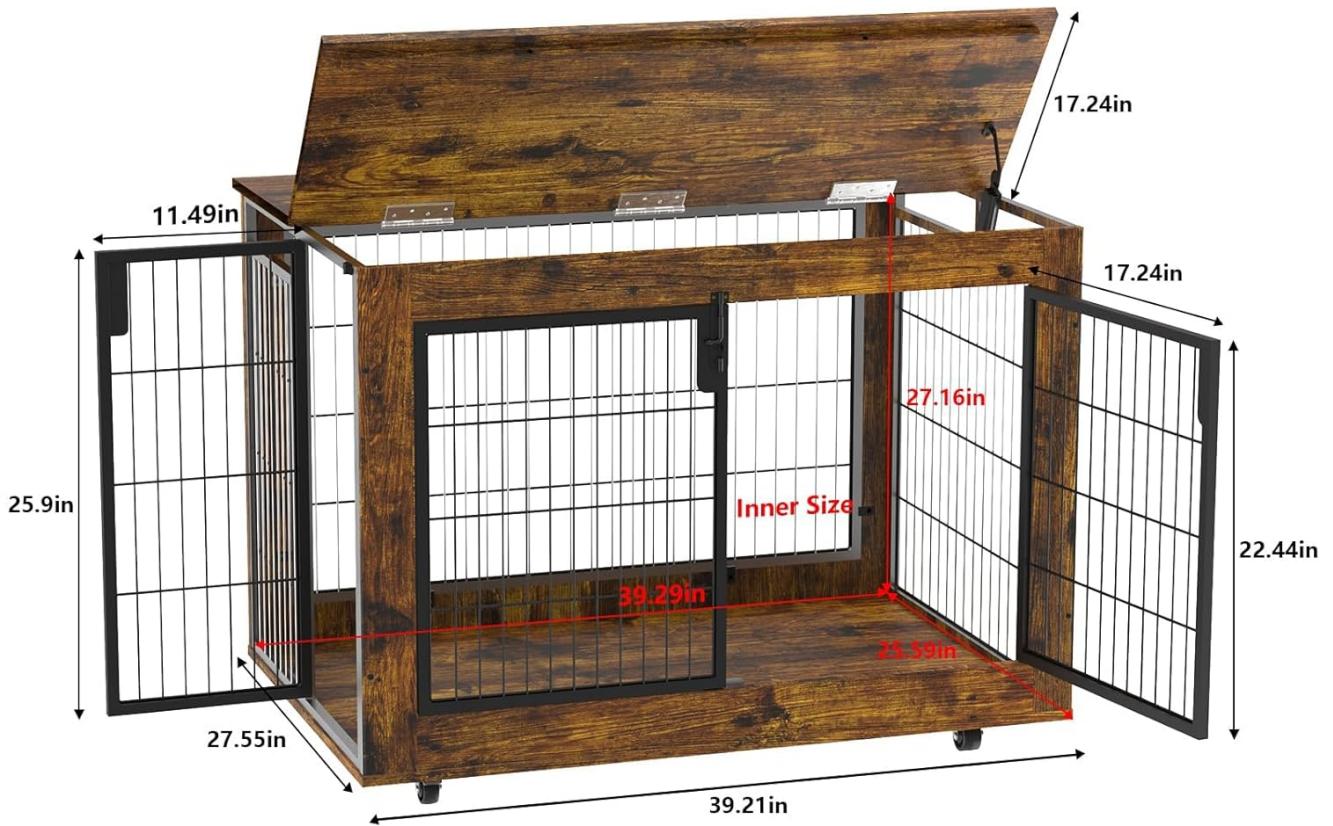

- **Difficulty with Assembly:** Refer to the detailed assembly guide. Ensure all parts are correctly oriented and that you are using the correct hardware for each step. If issues persist, contact customer support.
- **Doors Not Closing Securely:** Check that the crate is assembled squarely and that the latches are properly aligned. Ensure no debris is obstructing the latch mechanism.
- **Crate Instability:** Verify that all casters are locked if you intend for the crate to remain stationary. Check that all assembly screws are tightened.

### How to Measure Your Dog for a Crate?

**Step 1. Length**  
With your dog standing normally, measure the length from nose to tail.

**Step 2. Height**  
With your dog in normal sitting, measure the height from the head to the paws.

**Step 3. Check**  
Check the interior dimensions and the size of the crate door to make sure your dog can get in and out.
