COBIZI 10x10 Pop Up Canopy Instruction Manual

Model: COBIZI_0121_US_26B_1

1. INTRODUCTION

Thank you for choosing the COBIZI 10x10 Pop Up Canopy. This manual provides essential information for the safe and efficient setup, operation, and maintenance of your canopy. Please read these instructions thoroughly before assembly and retain them for future reference.

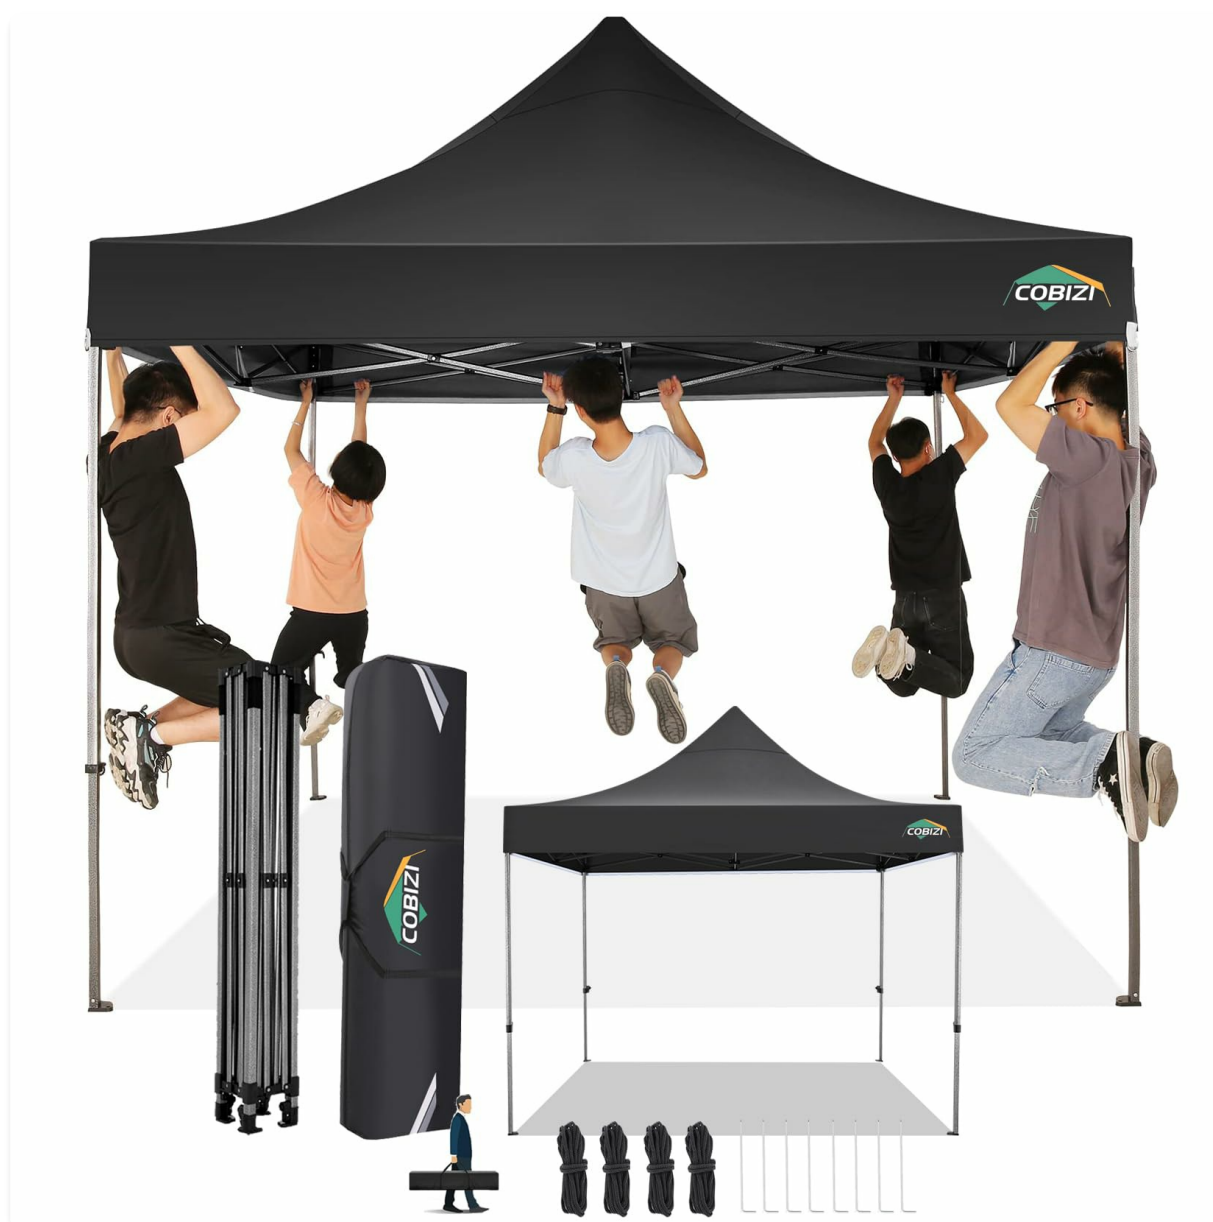

Image 1.1: The COBIZI 10x10 Pop Up Canopy providing shade in an outdoor setting.

2. SAFETY INFORMATION

- Ensure the tent is securely anchored with ground nails and ropes provided to prevent wind damage.
- Exercise caution when adjusting height settings to avoid pinching or injury.
- Keep the canopy away from open flames and heat sources.
- Do not use the canopy in extreme weather conditions such as heavy winds (above 18 mph), heavy rain, or snow.
- Always supervise children around the canopy.

3. PACKAGE CONTENTS

Before assembly, verify that all components are present:

PACKING LIST

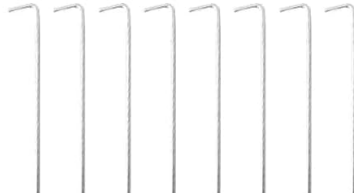

1 x Canopy Top Cover

1 x Manual

4 x Ropes

8 x Ground Nails

1 x Alloy Steel Frame

1 x Carry Bag

Image 3.1: Included components of the COBIZI 10x10 Pop Up Canopy.

- Pop up Canopy Frame x 1
- 10'x10' Canopy Tent Top Cover x 1
- Ground Nail x 8
- Rope x 4
- Carry Storage Bag x 1
- Instruction Manual x 1

4. SETUP INSTRUCTIONS

Follow these steps for quick and easy assembly:

1. Step 1: Unfold the Frame

Remove the frame from the carry bag. With a partner, pull the alloy steel frame to about 60% open.

2. Step 2: Attach the Canopy Top

Place the top fabric onto the partially opened frame. Secure the fabric to the frame using the attached Velcro straps.

3. **Step 3: Extend the Frame**

Continue to pull the frame outwards until it is fully extended. Lock the locking mechanism above each straight leg by pressing the thumb button and sliding the leg into place.

4. **Step 4: Adjust Height**

Select the desired height using the thumb button on each leg. Ensure all four legs are set to the same height for stability.

5. **Step 5: Secure the Canopy**

Use the provided ground nails and ropes to anchor the canopy securely to the ground. For additional stability, especially in windy conditions, consider using sandbags (not included unless specified in your package).

5. OPERATING INSTRUCTIONS

The COBIZI 10x10 Pop Up Canopy is designed for ease of use and versatility:

- **Height Adjustment:** Utilize the thumb latch lock system on each leg to easily raise or lower the canopy to one of the three available height settings. Ensure all legs are adjusted evenly.
- **Shade Area:** The 100 square feet of covered space can comfortably accommodate 7-10 people, making it suitable for various outdoor gatherings.
- **Weather Protection:** The 500D Oxford cloth with two layers of PU coating offers UPF 50+ UV protection, blocking 99% of UV rays. The heat-sealed seam technology ensures 100% waterproofing (1500mm waterproof pressure).
- **Wind Resistance:** The heavy-duty alloy steel frame is designed to withstand up to 4 levels of wind (less than 18 mph) when properly secured.

6. MAINTENANCE

- **Cleaning the Fabric:** Clean the canopy top cover with mild soap and water. Do not use harsh detergents or bleach. Allow it to air dry completely before storage.
- **Frame Care:** Wipe down the alloy steel frame with a damp cloth to remove dirt and debris. Ensure the frame is dry before folding and storing to prevent rust.
- **Storage:** Always store the canopy in its carry bag in a dry, cool place, away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically inspect the frame, fabric, ropes, and ground nails for any signs of wear or damage. Replace damaged parts as needed.

7. TROUBLESHOOTING

- **Canopy not opening/closing smoothly:** Ensure all locking mechanisms are disengaged. Check for any obstructions or bent frame parts. Apply a silicone-based lubricant to moving joints if necessary.
- **Water pooling on top:** Ensure the canopy is fully extended and the peak is properly raised. The design includes a higher center top to prevent water accumulation. If pooling occurs, gently push up from underneath to release water.
- **Canopy unstable in wind:** Verify that all ground nails are firmly in place and ropes are taut. For increased stability, use sandbags on each leg. Do not use in winds exceeding 18 mph.
- **Fabric tearing or leaking:** Inspect the fabric for punctures or seam damage. Small tears can often be repaired with a waterproof patch kit. If significant damage occurs, contact customer support.

8. SPECIFICATIONS

Feature	Detail
Brand	COBIZI
Model Number	COBIZI_0121_US_26B_1
Material	500D PU Oxford Cloth, Alloy Steel
Color	Black
Item Weight	51 Pounds
Dimensions (L x W x H)	118.1"L x 118.1"W x 129.1"H
Floor Area	100 Square Feet
Max Ceiling Height	129.1 Inches
UV Protection	UPF 50+, blocks 99% of sun rays
Water Resistance Level	Waterproof (1500mm pressure)
Wind Resistance	Withstands 4 winds (<18 mph)
Height Settings	3 adjustable settings (214cm/84.3in, 223cm/87.8in, 232cm/91.3in)
Frame Type	Alloy Steel Full Truss Structure
Outer Tube Size	32x32x0.7mm
Inner Tube Size	25x25x0.6mm
Cross Tube Size	13x25x0.6mm
Single Rod Load Bearing	Up to 100kg (220 lbs)
Carry Bag Size	160x25x24cm (63.0x9.8x9.4in)

WHY BUYING FROM US

DURABLE STEEL FRAME

Heavy duty stand can hold up to 220lbs on a single pole and can withstand 4 level wind speeds of up to 18mph (8m/s).

OTHER BRAND'S FRAME

Only hold up to 66lbs, withstand 3 level wind speeds of just 11mph (5m/s), and easily destroyed in wind and rain.

RESIST BAD WEATHER

Water-resistant pressure 2psi/1500mm fabric and higher center top design keep water out of the rain.

OTHER BRAND'S FRAME

With a waterproof pressure of only 1psi/800mm, rainwater can easily collect on top and cause deformation or tearing.
