AHB 58-inch Fireplace TV Stand with 52-inch Electric Fireplace Instruction Manual

1. INTRODUCTION

Thank you for purchasing the AHB 58-inch Fireplace TV Stand with a 52-inch Electric Fireplace. This product is designed to provide both a stylish entertainment center and a functional electric fireplace, enhancing the ambiance and comfort of your living space. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure safe and optimal use of your new product.

2. SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Failure to follow these instructions may result in fire, electric shock, or injury.

- **Electrical Safety:** Ensure the fireplace is connected to a properly grounded outlet. Do not overload electrical circuits. Keep the power cord away from heated surfaces and foot traffic areas.
- **Ventilation:** Do not block the air vents of the electric fireplace. Maintain clear space around the unit to ensure proper airflow and prevent overheating.
- **Placement:** Place the TV stand on a flat, level, and stable surface. Avoid placing the unit near flammable materials, curtains, or bedding.
- **Assembly:** Assembly requires two people. Follow all assembly steps precisely. Do not overtighten screws.
- **Weight Capacity:** Do not exceed the maximum weight capacity for the TV stand. Refer to the specifications section for details.
- **Children and Pets:** Keep children and pets away from the operating fireplace and ensure they do not play with the unit or its controls.

3. PACKAGE CONTENTS

Your AHB Fireplace TV Stand will be delivered in two separate packages: one for the TV stand components and one for the electric fireplace insert. These packages may arrive on different days. Please ensure you have received

both packages and all components before beginning assembly.

Included Components:

- 58-inch TV Stand components (engineered wood panels, hardware)
- 52-inch Electric Fireplace insert
- LED light strip and controller
- Fireplace remote control
- Decorative media (firewood logs and crystal accessories)
- Assembly instructions

PRODUCT DIMENSION

Item will be delivered in 2 Packages and may NOT arrived on the same day

4. SETUP AND ASSEMBLY

Assembly of the TV stand and installation of the electric fireplace requires careful attention to detail. It is recommended to have two people for assembly.

4.1 TV Stand Assembly

1. Unpack all components and lay them out on a soft, clean surface to prevent scratches. Identify all parts and hardware using the provided assembly instructions.
2. Begin by assembling the base frame of the TV stand, connecting the side panels and support beams using the provided screws and dowels.
3. Install the internal shelves and dividers, ensuring they are securely fastened. The design includes open storage spaces for media components.
4. Attach the top panel of the TV stand.
5. Install the LED light strip along the designated areas of the TV stand. Peel off the protective backing and firmly press the strip into place. Use the included light strip holders to secure it further.

4.2 Electric Fireplace Installation

1. Carefully unbox the electric fireplace insert.
2. Remove the front panel of the fireplace insert by unscrewing it.
3. Place your preferred decorative media (firewood logs or crystal accessories) evenly inside the fireplace.
4. Reattach the front panel to the fireplace insert.
5. Slide the assembled electric fireplace insert into the designated opening in the TV stand. Ensure it fits snugly and is aligned correctly.
6. Secure the fireplace insert to the TV stand using the provided screws.
7. Route the power cords for both the fireplace and LED lights through the cable management holes located at the back of the TV stand.

5. OPERATING INSTRUCTIONS

Your AHB Fireplace TV Stand features an electric fireplace with various settings and integrated LED lighting for enhanced customization.

5.1 Electric Fireplace Operation

The electric fireplace can be controlled via the control panel on the unit or the included remote control.

- **Power:** Press the power button to turn the fireplace ON or OFF.
- **Heater:** Adjust the heating power between 750W and 1500W. The fireplace can be used with or without heat.
- **Temperature:** Set the desired heating temperature, ranging from 62°F to 82°F.
- **Flame Colors:** Choose from 12 realistic flame colors to match your mood or decor.
- **Flame Dimmer:** Adjust the flame effect brightness with 5 levels (L1-L5).
- **Timer:** Set an automatic shut-off timer for 1 to 8 hours.

6. MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your fireplace TV stand.

- **Cleaning:** Dust the unit regularly with a soft, dry cloth. For stubborn marks, use a slightly damp cloth and mild cleaner, then wipe dry. Do not use abrasive cleaners.
- **Fireplace Vents:** Periodically check and clean the fireplace air vents to ensure they are free from dust and debris, which can impede airflow and cause overheating.
- **Electrical Cord:** Inspect the power cord for any signs of damage, fraying, or overheating. If damage is found, discontinue use and contact customer support.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.

7. TROUBLESHOOTING

If you encounter any issues with your AHB Fireplace TV Stand, refer to the following common troubleshooting steps:

- **Fireplace Not Turning On:**
 - Ensure the power cord is securely plugged into a grounded electrical outlet.
 - Check if the circuit breaker has tripped.
 - Verify the power button on the unit or remote control is pressed.
- **No Heat Output:**
 - Confirm the heater function is activated and the temperature setting is above the ambient room temperature.
 - Check for any obstructions blocking the air vents.

- **LED Lights Not Working:**

- Ensure the LED light strip is properly connected to its power source.
- Check the battery in the LED remote control.

- **Remote Control Not Responding:**

- Replace the batteries in the remote control.
- Ensure there are no obstructions between the remote and the unit's sensor.

If these steps do not resolve the issue, please contact AHB customer support for further assistance.
