BOBOVR S3 Pro

BOBOVR S3 Pro Battery Strap Instruction Manual

Head Air Cooling System and 10000mAh Hot-swappable Battery Pack for Meta Quest 3/3S

INTRODUCTION

Thank you for choosing the BOBOVR S3 Pro Battery Strap. This accessory is designed to enhance your virtual reality experience with Meta Quest 3 and Quest 3S headsets by providing extended battery life and improved comfort through an integrated head air cooling system. This manual will guide you through the installation, operation, and maintenance of your S3 Pro Battery Strap to ensure optimal performance and longevity.

The BOBOVR S3 Pro Battery Strap, shown here attached to a Meta Quest 3 headset, features a sleek design with an integrated cooling fan and an external battery pack.

Key Components

- **Cooling System Head Strap:** The main strap unit with an integrated head air cooling system.
- **B100 Battery Pack:** A 10000mAh hot-swappable battery pack for extended playtime.
- **Honeycomb Pad:** An additional pad for enhanced grip and comfort.
- **Charging Cable:** USB-C to USB-C cable for charging the battery pack.

Main Features

- **Meta Quest 3/3S Compatibility:** Designed specifically for seamless integration with Meta Quest 3 and Quest 3S headsets.
- **Innovative Power Swap Design:** Allows for quick and easy hot-swapping of battery packs, separating the discharge module from the battery to reduce heat.
- **Enhanced Battery Capacity:** The B100 battery system provides 10000mAh capacity, significantly extending VR playtime.
- **Integrated Head Air Cooling System:** Features silent technology with 100-level flexible wind speed adjustment to keep your head and face cool during long sessions.
- **Optimized Back Structure:** Flattened back design enhances comfort, especially during seated or reclined use, with adjustable height and a removable overhead support.

UPGRADED HUMAN-MACHINE COMFORT SYSTEM

A Cloud-like
Enveloping
Sensation

Zero Facial Pressure

Even Sleeping Is
More Comfortable

Without dial protrusions,
supporting resting use

Honeycomb Pad

Improve grip and adapt to
high activity games

Adjustable Or Even Removable

The S3 Pro features an upgraded comfort system with cloud-like enveloping sensation, zero facial pressure, and a comfortable design for resting use. It also includes a honeycomb pad for improved grip.

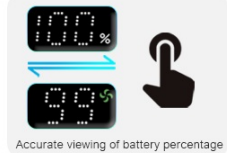

NEW BATTERY MANAGEMENT SYSTEM

MULTIPLE PROTECTION

B100
Battery Pack

20W
Support Fast Charge

Accurate viewing of battery percentage

100%
QUEST 3

100% 135%
QUEST 3 + B100
Capacity improvement

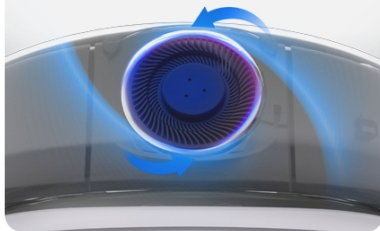

10,000mAh

The new B100 battery management system offers multiple protections, 10000mAh capacity, 20W fast charging, and accurate battery percentage display. It significantly extends Quest 3 battery life.

NEW ACTIVE VENTILATION SYSTEM

Elegant Design Of Aircraft Engine Turbine Shape

Built-in-head Air-conditioning System

Click to fans and check battery level

Intuitive Dial

Adjustable soft wind speed of up to 100 levels

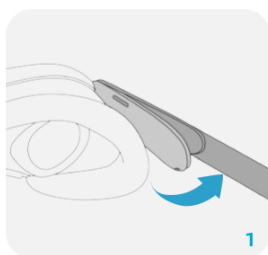

The active ventilation system features an elegant aircraft engine turbine design, built-in head air-conditioning, and an intuitive dial for adjusting wind speed up to 100 levels.

SETUP GUIDE

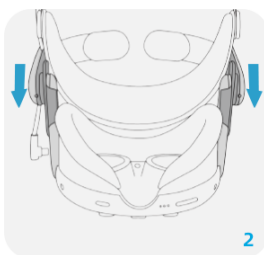

Installation Instructions

Follow these steps to properly install your BOBOVR S3 Pro Battery Strap onto your Meta Quest 3/3S headset:

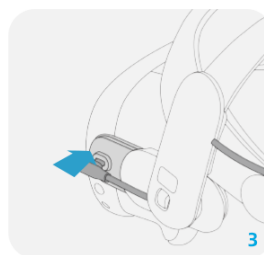

INSTALLATION INSTRUCTIONS

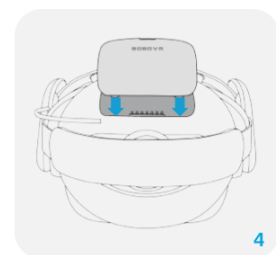

Carefully remove the OG strap in the direction of the arrow from Quest3

Align the S3pro fixed arm with the Quest3 sidearm and push it in the direction of the arrow to align its tail end

Insert the S3pro charging cable into the USB-C interface of Quest3

Connect the B100 battery pack magnetically to the magnetic interface of the S3pro, end the installation, and start your comfortable and enjoyable virtual reality journey

1. **Remove Original Strap:** Carefully remove the original strap from your Quest 3/3S headset. Follow the direction indicated by the arrow to detach it.
2. **Align and Attach Fixed Arm:** Align the S3 Pro fixed arm with the Quest 3/3S sidearm. Push it firmly in the direction of the arrow until it clicks into place, ensuring the tail end is properly aligned.
3. **Connect Charging Cable:** Insert the S3 Pro charging cable into the USB-C interface of your Quest 3/3S headset.
4. **Attach Battery Pack:** Connect the B100 battery pack magnetically to the magnetic interface on the S3 Pro strap. Once connected, the installation is complete, and you can begin your virtual reality journey.

Seamless Compatibility With Quest 3 & Quest 3S

WORKS WITH BOTH

Compatible with
Quest 3

Compatible with
Quest 3S

The BOBOVR S3 Pro is designed for seamless compatibility with both Meta Quest 3 and Quest 3S headsets, ensuring a perfect fit and enhanced experience for both models.

OPERATING INSTRUCTIONS

Battery Operation

- **Hot-Swappable Design:** The B100 battery pack can be easily detached and reattached even during use, allowing for continuous playtime.
- **Battery Level Indicator:** The S3 Pro features an accurate digital display on the battery pack that shows the remaining battery percentage.
- **Low Battery Reminder:** The system provides audible reminders when the battery level is low, prompting you to swap or recharge.
- **Charging:** Connect the provided USB-C cable to the B100 battery pack and a suitable power source (e.g., a wall adapter or computer USB port) for charging. The battery supports 20W fast charging.

Head Air Cooling System Operation

- **Activation:** To activate the head air cooling system, press the roller button located on the side of the strap.
- **Wind Speed Adjustment:** Rotate the roller button to adjust the wind speed. The system supports 100 levels of flexible wind speed adjustment, allowing you to customize the airflow to your preference.
- **Power Source:** The air cooling system requires the B100 battery pack to function. It is not compatible with the older B2 battery pack.

CARE AND MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe down the exterior of the head strap and battery pack. For the padding, a slightly damp cloth with mild soap can be used, ensuring it is completely dry before re-use. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the S3 Pro Battery Strap in a cool, dry place away from direct sunlight and extreme temperatures. When not in use for extended periods, ensure the battery pack is partially charged (around 50%) to maintain battery health.
- **Battery Care:** Do not expose the battery pack to water or fire. Avoid dropping or physically damaging the battery. If the battery shows signs of swelling or damage, discontinue use immediately and dispose of it properly according to local regulations.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Battery pack not charging.	Cable not connected properly; faulty cable/charger; battery issue.	Ensure cable is securely connected. Try a different USB-C cable or charger. If problem persists, contact customer support.
Air cooling system not working.	Not activated; B100 battery not connected; low battery; system malfunction.	Press the roller button to activate. Ensure B100 battery is securely attached and charged. Check battery level. If still not working, contact support.
Head strap feels uncomfortable or loose.	Improper adjustment; worn padding.	Adjust the strap and overhead support for a snug fit. Ensure the honeycomb pad is correctly positioned. Replace padding if significantly worn.
Battery percentage display is inaccurate.	Temporary software glitch; battery calibration needed.	Fully discharge and then fully recharge the battery pack to recalibrate. If issue persists, contact customer support.

TECHNICAL SPECIFICATIONS

Feature	Specification
Model Name	S3 Pro

Feature	Specification
Compatible Devices	Meta Quest 3 / Quest 3S
Battery Capacity	10000mAh (Two 5000mAh lithium cells in series, 7.3V total)
Charging Power	20W Fast Charging
