SONGMICS ULTB561E10

SONGMICS Bathroom Trash Can Instruction Manual

Model: ULTB561E10 | Brand: SONGMICS

INTRODUCTION

Thank you for choosing the SONGMICS 2.6 Gallon (10 L) Bathroom Trash Can. This manual provides important information regarding the safe and efficient use, maintenance, and troubleshooting of your new trash can. Please read it thoroughly before use and retain it for future reference.

SAFETY INSTRUCTIONS

- Keep the product away from open flames and high temperatures.
- Do not stand or sit on the trash can.
- Ensure the trash can is placed on a stable, level surface to prevent tipping.
- Do not overload the inner bucket beyond its capacity.
- Keep out of reach of small children to prevent accidents.
- Avoid using abrasive cleaners or harsh chemicals that may damage the stainless steel finish.

WHAT'S IN THE BOX

Upon unpacking, please verify that all components are present and undamaged:

- 1 x SONGMICS Bathroom Trash Can (Stainless Steel outer bin with lid)
- 1 x Removable PP Plastic Inner Bucket

SETUP

1. **Unpack:** Carefully remove all components from the packaging.
2. **Placement:** Choose a suitable location for the trash can. Its slim design (15.1"L x 6.9"W x 11.8"H) allows it to fit into narrow spaces, such as beside a toilet or vanity.
3. **Insert Inner Bucket:** Place the removable PP plastic inner bucket inside the stainless steel outer bin. Ensure it sits securely at the bottom.
4. **Add Trash Bag:** Line the inner bucket with a standard 2.6-gallon (10 L) trash bag. Fold the edges of the bag over the rim of the inner bucket to secure it.
5. **Stabilize:** The trash can features an ABS plastic base with non-slip pads to ensure stability and prevent scratching floors. Ensure these pads are clean and make full contact with the floor.

Slim and Compact

Fits small spaces and maximizes space utilization

Image: The trash can positioned in a bathroom, demonstrating its slim and compact design, ideal for small spaces. Dimensions are shown as 6.9 inches (17.5 cm) wide.

Image: Close-up of the trash can's base, highlighting the non-slip pads for stability.

OPERATING INSTRUCTIONS

Using the Foot Pedal

The trash can features a convenient foot pedal for hands-free operation.

1. **To Open:** Gently press down on the foot pedal with your foot. The lid will open smoothly.
2. **To Close:** Release the foot pedal. The lid will close quietly and gently due to the soft-close mechanism, preventing slamming.

Image: A close-up view of the foot pedal, indicating its function for hands-free lid operation.

Stay-Open Feature

For extended use or when disposing of larger items, the lid can be kept open.

- **To Engage:** Manually lift the lid to a 90-degree angle. It will remain in the open position.
- **To Disengage:** Gently push the lid down to release it from the stay-open position, and it will soft-close.

Soft-Close and Stay-Open

- The lid features a silent and soft closure
- Keep the lid open by lifting it to 90°

Image: An illustration demonstrating the soft-close mechanism and how to engage the 90-degree stay-open feature of the lid.

MAINTENANCE AND CARE

Cleaning the Inner Bucket

The inner bucket is removable for easy cleaning.

1. **Remove:** Lift the inner bucket out of the outer bin using its built-in handles.

2. **Clean:** Wash the inner bucket with mild soap and water. Rinse thoroughly and dry completely before placing it back into the outer bin.

Image: A person demonstrating how to easily lift the removable inner bucket using its integrated handles for cleaning.

Cleaning the Outer Bin

The stainless steel outer bin is designed to resist rust and water, making it suitable for damp environments like bathrooms.

- Wipe the exterior with a soft, damp cloth and a mild, non-abrasive cleaner.
- Dry immediately with a clean, soft cloth to prevent water spots.
- Do not use steel wool, abrasive pads, or harsh chemicals, as these can scratch or damage the stainless steel finish.

Resists Water and Rust

Stainless steel bin and tightly sealed lid keep the interior dry

Designed for Damp Bathrooms

Image: The trash can placed in a bathroom, illustrating its design for use in damp environments.

Moving the Trash Can

The trash can features a handle on the back for easy relocation.

- To move the trash can, grasp the handle located on the back of the unit.
- Lift and carry the trash can to its desired new location.

3 Colors Available

Image: A hand holding the integrated handle on the back of the trash can, demonstrating how to move it easily.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lid does not open when pedal is pressed.	Mechanism obstruction or damage.	Check for any debris or objects obstructing the pedal mechanism. If still not working, contact customer support.
Lid does not soft-close or slams shut.	Soft-close mechanism issue or obstruction.	Ensure nothing is blocking the lid's path. Check if the soft-close damper is clean and free of debris.
Trash can slides on the floor.	Non-slip pads are dirty or missing.	Clean the non-slip pads on the base and the floor surface. Ensure all pads are present and intact.
Unpleasant odor persists.	Inner bucket or outer bin needs cleaning.	Thoroughly clean both the inner bucket and the outer bin as per maintenance instructions. Consider using odor-absorbing products.
