HARPPA XYT607

HARPPA Cuddly Bassinet Model XYT607 User Manual

Comprehensive Instructions for Assembly, Operation, and Maintenance

1. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembling and using the HARPPA Cuddly Bassinet. Failure to follow these instructions could result in serious injury or death.

- **Suffocation Hazard:** Infants can suffocate in gaps between an extra mattress and the side of the bassinet, or on soft bedding. Use only the mattress provided by HARPPA. Never add a pillow, comforter, or another mattress for padding.
- **Fall Hazard:** Stop using the bassinet when the infant begins to push up on hands and knees, or reaches 20 lbs (9 kg), or is 5 months old, whichever comes first.
- **Strangulation Hazard:** Keep cords, straps, and anchor straps away from the child. Never place the bassinet near a window where cords from blinds or drapes could strangle a child.
- Always ensure the bassinet is placed on a firm, flat surface.
- Regularly check all fasteners and connections to ensure they are secure.
- Do not use the bassinet if any parts are missing, damaged, or broken. Contact HARPPA for replacement parts.

WARNING: Always supervise your child while they are in the bassinet.

2. PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Bassinet Frame (Aluminum and Wood Grain components)
- Bassinet Fabric Basket
- Mattress (33.46 x 19.68 x 1.18 inches)

- 4 Wheels (with locking mechanism)
- 2 Anchor Straps
- Storage Basket
- Mosquito Net (optional accessory, may be included)

3. ASSEMBLY INSTRUCTIONS

The HARPPA Cuddly Bassinet is designed for straightforward assembly without the need for additional tools.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Assemble Frame:** Connect the aluminum and wood grain frame components according to the visual guides on the parts. Ensure all connections click securely into place.
3. **Attach Wheels:** Insert the four wheels into the designated slots at the base of the frame. Press firmly until they lock. Ensure the locking mechanisms are functional.
4. **Install Fabric Basket:** Drape the bassinet fabric basket over the assembled frame, securing it with any integrated clips or zippers. Ensure the mesh sides are correctly positioned.
5. **Place Mattress:** Insert the provided mattress into the base of the fabric basket. Ensure it fits snugly without any gaps around the edges.
6. **Attach Storage Basket:** Secure the lower storage basket to the designated points on the frame, typically below the main bassinet compartment.
7. **Optional Mosquito Net:** If included, attach the mosquito net according to its specific instructions, usually by clipping it to the top edge of the bassinet.

4. OPERATING INSTRUCTIONS

4.1. 3-in-1 Functionality

The HARPPA Cuddly Bassinet offers versatile usage modes to adapt to your needs.

- **Standalone Bassinet:** Use the bassinet independently in any room. Ensure all four wheels are locked for stability.
- **Bedside Sleeper:** Position the bassinet next to your bed. Lower one side of the bassinet (if applicable) and secure it to your bed frame using the provided anchor straps. This allows for close proximity to your baby while maintaining a separate sleep surface.
- **Rocking Bassinet:** Engage the rocking function by adjusting the base. This mode provides a gentle motion to soothe your baby. Ensure the rocking mechanism is properly engaged and the wheels are disengaged or folded up if designed for rocking.

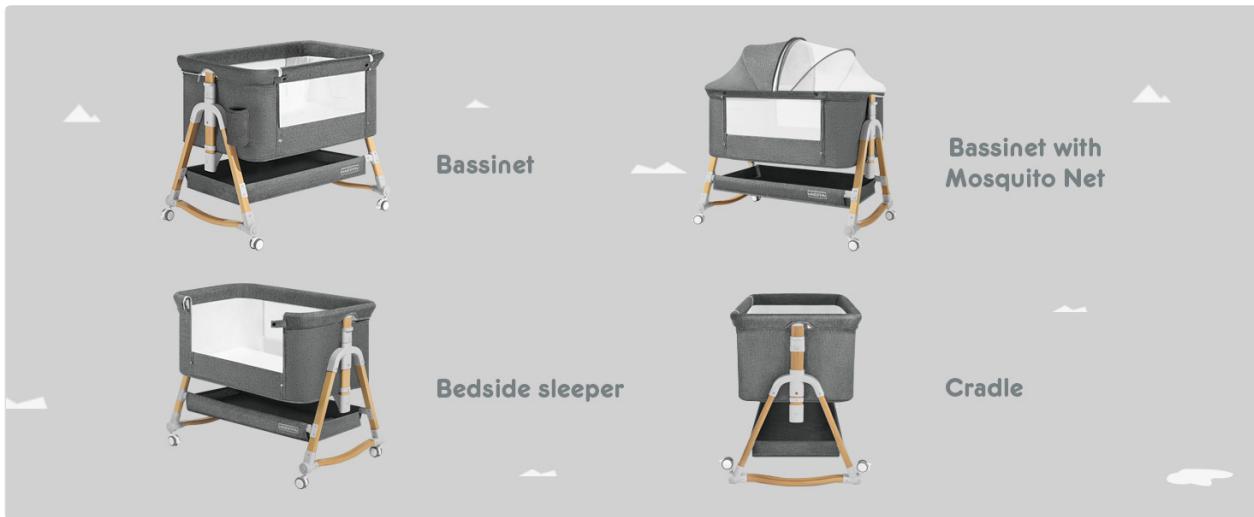

Figure 4.1: Overview of the four functional modes: Bassinet, Bassinet with Mosquito Net, Bedside Sleeper, and Cradle.

4.2. Height Adjustment

The bassinet features 5 adjustable height settings to align with various bed heights. Locate the height adjustment mechanisms on the side supports of the bassinet. Press the release buttons and slide the bassinet up or down to the desired height. Ensure both sides are adjusted to the same level and lock securely into place before use.

5 HEIGHT ADJUSTABLE

Figure 4.2: The bassinet offers 5 height adjustments for compatibility with different bed heights.

4.3. Anti-Spit-Up Incline Function

For infants prone to spitting up, the bassinet can be set at a slight incline of 3-8 degrees. To activate this feature, adjust one side of the bassinet to a slightly higher setting than the other. Ensure the incline is gentle and stable, and always monitor your baby.

Figure 4.3: The bassinet can be inclined for an anti-spit-up position.

4.4. Securing with Anchor Straps

When using the bassinet as a bedside sleeper, always use the provided anchor straps to secure it to your adult bed. This prevents any gaps or movement between the bassinet and your bed, ensuring your baby's safety.

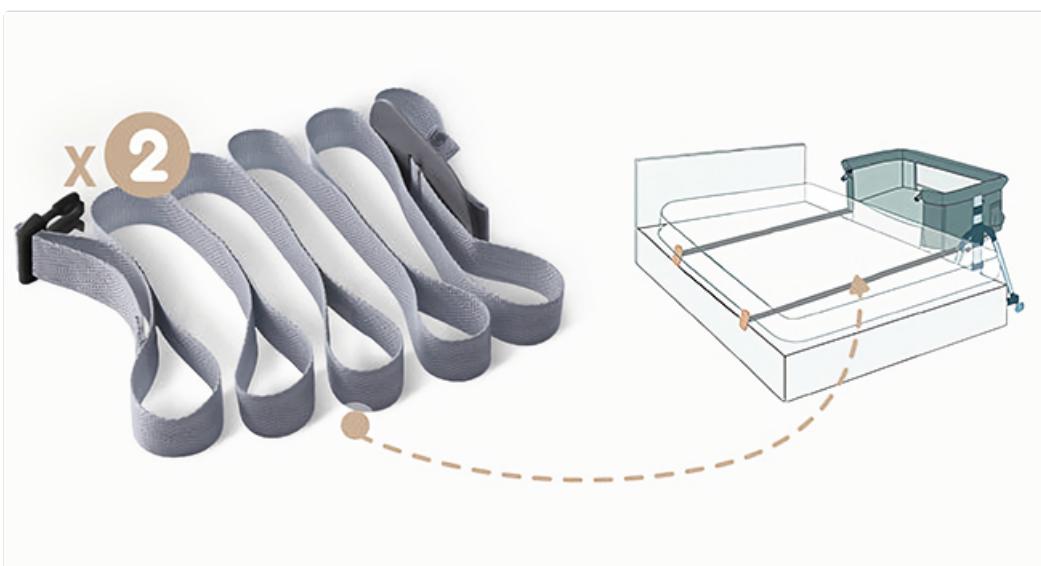

Figure 4.4: Anchor straps are used to securely attach the bassinet to an adult bed.

4.5. Mattress and Breathable Mesh

The included mattress is designed for infant comfort and spinal support, featuring hypoallergenic fabric, a water-resistant coating, premium foam, and a medium-density fiberboard base. The bassinet also features breathable mesh on both sides to ensure optimal ventilation and visibility, reducing the risk of overheating.

BASSINET MATTRESS

Gentle, Allergen-free sleep solution for sensitive sleepers.

5. MAINTENANCE AND CARE

Proper maintenance ensures the longevity and safety of your HARPPA Cuddly Bassinet.

- **Cleaning Fabric Parts:** The fabric components of the bassinet should be hand washed only. Use mild soap and cold water. Do not bleach. Air dry thoroughly.
- **Cleaning Frame:** Wipe the aluminum and wood grain frame with a damp cloth and mild soap. Dry immediately.
- **Mattress Care:** The mattress features a water-resistant coating. Wipe spills immediately with a damp cloth. For deeper cleaning, hand wash with mild soap and water, and air dry completely.
- **Regular Inspections:** Periodically check all screws, bolts, and fasteners to ensure they are tight and secure. Inspect the mesh for any tears or damage.
- **Storage:** When not in use, store the bassinet in a clean, dry place, away from direct sunlight and extreme temperatures.

6. TROUBLESHOOTING

This section addresses common issues you might encounter.

Problem	Possible Cause	Solution
Bassinet feels unstable or wobbly.	Loose connections or uneven surface.	Ensure all frame connections are securely locked. Check that the bassinet is on a flat, level surface. Verify wheels are locked if stationary.
Height adjustment mechanism is stuck.	Debris in mechanism or improper alignment.	Clear any obstructions. Ensure both sides are being adjusted simultaneously and evenly. Apply gentle, even pressure.
Rocking function is not smooth or makes noise.	Wheels not fully disengaged or mechanism obstruction.	Ensure wheels are fully disengaged or folded up for rocking mode. Check for any foreign objects interfering with the rocking base.
Bassinet does not attach securely to adult bed.	Anchor straps incorrectly installed or bed frame incompatibility.	Review anchor strap instructions carefully. Ensure straps are taut and properly routed under the mattress. Confirm your bed frame is suitable for anchor strap attachment.

If you encounter an issue not listed here, or if the suggested solutions do not resolve the problem, please contact HARPPA customer support.

7. SPECIFICATIONS

Feature	Detail
Model Number	XYT607

Feature	Detail
Product Dimensions	34.7" L x 22" W x 30" H
Mattress Size	33.46" L x 19.68" W x 1.18" H
Item Weight	27 Pounds (approx. 12.25 kg)
Frame Material	Aluminum, Wood Grain
Color	Grey
Height Adjustment	5 positions
Incline Function	3-8° anti-slip-up incline
Care Instructions	Hand Wash Only (fabric)
