

## UPPAbaby RIDGE

# UPPAbaby Ridge Jogging Stroller User Manual

MODEL: RIDGE

## Introduction

Welcome to the UPPAbaby Ridge Jogging Stroller user manual. This guide provides essential information for the safe assembly, operation, maintenance, and troubleshooting of your UPPAbaby Ridge Jogging Stroller and its compatible Car Seat Adapters. Please read this manual thoroughly before using the product to ensure proper function and safety for your child.

The UPPAbaby Ridge is designed for active families, offering a durable performance jogger with features like never-flat tires, a responsive suspension system, and a disc hand brake for a smooth ride across various terrains.

## Safety Information

**WARNING: Failure to follow these instructions could result in serious injury or death.**

- Always secure your child with the harness.
- Never leave your child unattended in the stroller.
- Do not overload the storage basket; maximum capacity is 20 lbs.
- Ensure all locking devices are engaged before use.
- Do not use the stroller on stairs or escalators.
- This stroller is not suitable for children under 6 months without a compatible infant car seat or bassinet.
- Always use the wrist strap when jogging.
- Check that the car seat attachment devices are correctly engaged before use.

## What's Included

Your UPPAbaby Ridge Jogging Stroller package includes the following components:

- UPPAbaby Ridge Jogging Stroller frame and seat
- Water bottle holder
- Covered storage basket with built-in pockets and an additional bottle holder
- Car Seat Adapters (for select Maxi-Cosi®, Nuna®, Cybex, BeSafe®, and Joie™ infant car seats)

## What's Included

Water Bottle  
Holder

Basket Cover

This image illustrates the main components included with your UPPAbaby Ridge Jogging Stroller: the stroller itself, a water bottle holder, and a basket cover.

## Setup

### Stroller Assembly

1. Unfold the stroller frame by releasing the folding latch and extending the frame until it locks into place.
2. Attach the rear wheels by pushing them onto the axle until they click securely.

3. Attach the front wheel by inserting it into the designated slot until it locks.
4. Ensure the seat fabric is properly attached and secured to the frame.
5. Install the water bottle holder onto the handlebar.

A detailed view of the fully assembled UPPAbaby Ridge Jogging Stroller, showcasing its robust design and features.

### Attaching Car Seat Adapters

The included car seat adapters allow you to create a performance travel system with compatible infant car seats.

1. Identify the left and right adapters.
2. Align each adapter with the corresponding attachment points on the stroller frame.

3. Push firmly until you hear a click, indicating the adapter is securely locked.
4. Verify the color-coded indicators show proper installment.
5. To attach a compatible infant car seat, align it with the adapters and press down until it clicks into place.  
Always ensure the car seat is securely fastened before use.

This image shows the two car seat adapters, designed for quick, tool-free attachment to the UPPAbaby Ridge stroller frame.

The car seat adapters are shown here securely attached to the UPPAbaby Ridge stroller frame, ready for a compatible infant car seat.

## Operating the Stroller

### Tires and Suspension

The UPPAbaby Ridge features 12" and 16" EVA foam-filled tires, eliminating the need for inflation and providing a smooth ride. The patented two-stage responsive suspension system adapts to various terrains and child weights for optimal comfort.

### Brake Systems

- **Disc Hand Brake:** Located on the 4-position handlebar, this brake provides responsive control, especially useful when navigating downhill or uneven surfaces.
- **Foot Brake:** An intuitive foot brake system with a red pedal for engaging the brake and a green pedal for releasing it. Always engage the foot brake when the stroller is stationary.

## Front Wheel and Jogging Mode

The front wheel can swivel for maneuverability in everyday use or be locked out for jogging. To lock the front wheel, engage the locking mechanism located near the front wheel assembly. An adjustable tracker helps maintain straight tracking in jogging mode.

## Canopy and Harness

- **XL Adjustable Canopy:** Provides ample sun protection with a zip-out UPF 50+ sunshade. It also includes a zipper pocket with a headphone jack for phone storage.
- **5-Point No-Rethread Padded Harness:** Secure your child comfortably with the adjustable 5-point harness, featuring lumbar support.

## Recline and Storage

- **Multi-Position Recline:** The webbing recline system allows for multiple seating positions, complete with a mesh viewing window and cover flap.
- **Covered Storage Basket:** A spacious basket with built-in pockets and an additional bottle holder, capable of holding up to 20 lbs.
- **Side Storage Pockets:** Deep padded seat includes side pockets for small items.

## Folding the Stroller

The UPPAbaby Ridge features a convenient one-hand fold mechanism. Once folded, the stroller stands independently for easy storage.

# Built For Performance

The Ridge offers unique features that promote a smooth ride no matter the terrain, including **never-flat, foam-filled tires**, a **disc hand brake** system, and a **swivel-locking front wheel**.

The UPPAbaby Ridge is built for performance, offering a smooth ride with never-flat tires, a disc hand brake system, and a swivel-locking front wheel, as demonstrated in this outdoor scene.

## Maintenance

Regular maintenance will prolong the life and performance of your UPPAbaby Ridge Jogging Stroller.

- **Fabric Care:** Spot clean or hand wash fabric parts as needed using mild soap and cold water. Do not bleach. Air dry completely before reassembly or storage.
- **Frame Care:** Clean the entire stroller regularly to remove dirt, dust, and debris. Wipe the frame with a damp cloth and mild detergent. Dry thoroughly.
- **Wheels:** Periodically check wheels for debris and ensure they spin freely. Clean the wheel axles if necessary.
- **Moving Parts:** Lubricate moving parts (e.g., folding mechanisms, wheel axles) with a silicone-based lubricant if they become stiff. Do not use oil-based lubricants.
- **Storage:** Store the stroller in a dry, well-ventilated area away from direct sunlight and extreme temperatures.

## Troubleshooting

If you encounter issues with your UPPAbaby Ridge Jogging Stroller, please refer to the following common solutions:

- **Stroller not unfolding/folding smoothly:** Ensure all locking mechanisms are disengaged. Check for any obstructions in the folding mechanism. Lubricate moving parts if necessary.
- **Wheels not turning freely:** Check for debris (e.g., hair, dirt) wrapped around the axles. Clean and lubricate if needed. Ensure wheels are properly attached.
- **Brake not engaging/disengaging:** Check for obstructions around the brake mechanism. Ensure the brake cable is not damaged or kinked.
- **Stroller pulling to one side:** Ensure the front wheel is properly aligned and locked if in jogging mode. Adjust the tracker if available.
- **Car seat adapters not locking:** Ensure adapters are correctly oriented and fully pushed onto the attachment points until a click is heard. Check for any debris preventing full engagement.

For issues not resolved by these steps, please contact UPPAbaby customer support.

## Specifications

Feature	Specification
Brand	UPPAbaby
Model Number	RIDGE
Color	Gray
Stroller Type	Jogging Stroller
Seating Capacity	1
