

## MCombo 2645

# MCombo Large Outdoor Storage Cabinet

MODEL: 2645

Instruction Manual

## Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your MCombo Large Outdoor Storage Cabinet, Model 2645. Please read all instructions carefully before assembly and use to ensure proper function and safety. Keep this manual for future reference.

## Safety Information

- **Assembly:** Ensure careful assembly. It is recommended that two people assemble this product.
- **Handling:** Use caution when handling and moving the product due to its weight (approximately 100.61 lbs).
- **Stability:** Install the provided 4 metal brackets and 2 anti-falling devices to enhance stability and safety.
- **Loading:** Avoid overloading shelves. Distribute weight evenly to prevent tipping or damage.
- **Doors:** Ensure doors are properly secured when closed to prevent accidental opening.
- **Placement:** Place the cabinet on a level surface. Utilize the 6 adjustable feet to compensate for uneven ground.
- **Water Resistance:** This product is not water resistant. Consider additional sealing or placement under an overhang for prolonged outdoor exposure.

## Package Contents

Your MCombo Large Outdoor Storage Cabinet is shipped in 2 boxes. Please verify all parts are present and marked according to the included clear instructions before beginning assembly.

# Dimension

Please note that the dimensions shown for the roof include the eaves.

This image illustrates the overall dimensions of the storage cabinet and confirms that the product arrives in two boxes, with all parts marked and clear instructions provided for assembly.

## Setup and Assembly

Assembly is required for this storage cabinet. Follow the step-by-step instructions provided in the separate assembly guide included in your package. Ensure you have the necessary hand tools, such as a screwdriver and wrench, before starting.

- **Preparation:** Clear a spacious area for assembly. Unpack all components and verify against the parts list.
- **Teamwork:** Assembly is easier and safer with two people.
- **Stability Features:** During the final steps, attach the 4 reinforced metal ground brackets and the 2 anti-fall devices to secure the cabinet. Adjust the 6 adjustable feet to ensure the cabinet is level and stable on your chosen surface.

Figure 2: Stability Components (Anti-falling Devices, Metal Brackets, Adjustable Feet)

This image details the anti-falling devices, metal brackets, and adjustable feet, which are crucial for the cabinet's stability and safety. Ensure these are correctly installed as per the assembly guide.

## Operating Instructions

The MCombo Outdoor Storage Cabinet is designed for organized storage of garden tools and supplies.

- **Access:** Open the sliding doors to access the interior storage space.
- **Shelving:** The cabinet features 6 shelves for various items. The two middle shelves are foldable, allowing for storage of taller tools or larger equipment when folded down.

## 6 Shelves

Store various garden stuff, tools, feed, and soil, etc.

Figure 3: Interior with 6 Shelves

This image shows the interior of the cabinet with its six shelves, highlighting the foldable design of the middle shelves for accommodating items of different heights.

- **Foldable Tables:** Two small folding tables are integrated into the side of the cabinet. These can be extended for temporary workspace or additional surface area for small items like flowerpots or seeds.

Figure 4: Two Small Folding Tables

This image illustrates the functionality of the two small folding tables, showing how they can be deployed for use and folded away when not needed.

- **Roof Design:** The pyramid hip roof design is intended to prevent water and snow accumulation, contributing to the longevity of the cabinet.

# Pyramid Hip Roof

The design of the pyramid makes the roof stronger and more durable.

Avoid water accumulation

Protected in the rain

Protect against the wind

This image highlights the pyramid hip roof, designed to shed water and snow effectively, offering protection against the elements.

Figure 6: Cabinet in Use

This image provides an example of the cabinet's capacity, showing various garden tools and equipment stored efficiently within its compartments.

## Maintenance

To ensure the longevity and appearance of your MCombo Large Outdoor Storage Cabinet, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the exterior with a soft cloth and mild soap solution. Avoid harsh chemicals that may damage the wood finish.
- **Wood Care:** The cabinet is made of high-quality fir wood with a polished surface. As it is not water resistant, consider applying a wood sealant or stain periodically to protect it from moisture and UV exposure, which can prolong its lifespan and maintain its natural color.

## Solid Fir Wood

 High-quality wood

 Polished surface

This image provides a close-up of the solid fir wood, emphasizing its quality and polished finish, which benefits from proper maintenance.

- **Hardware:** Periodically check all screws, bolts, and hinges to ensure they are tight. Tighten as needed.
- **Inspection:** Inspect the cabinet for any signs of wear, damage, or pest infestation. Address any issues promptly.

## Troubleshooting

If you encounter issues with your storage cabinet, refer to the following common solutions:

- **Cabinet Wobbles:** Ensure the cabinet is placed on a level surface. Adjust the 6 adjustable feet at the base until stability is achieved. Verify that all metal brackets and anti-falling devices are securely installed.
- **Doors Do Not Close Properly:** Check for any obstructions in the door tracks or hinges. Ensure the cabinet is level, as an uneven base can affect door alignment. Tighten any loose hinge screws.
- **Water Accumulation Inside:** While the roof design helps, this cabinet is not fully water resistant. Ensure it is not exposed to direct, heavy rainfall. Consider adding a waterproof cover or placing it

under a covered patio if persistent moisture is an issue.

## Specifications

Feature	Detail
Brand	MCombo
Model Number	6056-2645
Color	Natural
Material	Fir Wood
Product Dimensions (D x W x H)	35.4"D x 35.4"W x 97.6"H
