## SONGMICS ROB440K01

# SONGMICS ROB440K01 Set of 3 Foldable Fabric Storage Boxes Instruction Manual

Model: ROB440K01

## 1. PRODUCT OVERVIEW

---

Thank you for choosing the SONGMICS ROB440K01 Set of 3 Foldable Fabric Storage Boxes. These versatile and durable storage solutions are designed to help you organize your home efficiently. Each box measures 40 x 30 x 24 cm and offers a capacity of 29 liters, making them ideal for various items in your wardrobe, bedroom, living room, or study.

The boxes are constructed from robust non-woven fabric and odorless PP plastic panels, ensuring durability and a fresh storage environment. They feature a convenient foldable design for easy storage when not in use, and two handles for effortless pulling and portability. Each box also includes a label holder to help you categorize and quickly locate your belongings.

## 2. SETUP INSTRUCTIONS

---

Your SONGMICS storage boxes are designed for quick and easy assembly. Follow these steps to set up each box:

1. **Unfold the Box:** Gently unfold the main body of the storage box from its flat-packed state.
2. **Insert the Bottom Panel:** Locate the rigid bottom panel. Place it inside the unfolded box, pushing it down firmly to create a stable base. This will give the box its final shape and structure.
3. **Verify Stability:** Ensure all sides are upright and the bottom panel is securely in place. The box should now stand independently.

Image 2.1: Visual guide for unfolding and assembling the storage boxes.

To fold the box for storage, simply remove the bottom panel, then collapse the sides inward until the box is flat.

## 3. OPERATING INSTRUCTIONS

---

These storage boxes are designed for versatile use throughout your home.

### 3.1 Filling the Boxes

- **Organize Contents:** Place items such as clothing, linens, toys, books, or small accessories neatly inside the box. Avoid overfilling to prevent damage to the box or its contents.
- **Weight Distribution:** Distribute the weight evenly to maintain the box's shape and stability. The recommended maximum weight is 3 kilograms per box.

### 3.2 Using the Handles and Label Holders

- **Portability:** Use the two sturdy handles on the sides to easily pull the boxes from shelves or carry them.
- **Identification:** Utilize the label holders on the front of each box. Insert a written label to clearly

identify the contents, making it simple to find what you need without opening every box.

## 4. MAINTENANCE

---

Proper care will extend the life of your storage boxes.

- **Cleaning:** Wipe the exterior with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners, as these can damage the fabric.
- **Drying:** Allow the boxes to air dry completely after cleaning. Do not expose them to direct sunlight for prolonged periods, as this may cause fading.
- **Water Resistance:** These boxes are **not waterproof**. Avoid storing them in damp environments or

exposing them to liquids to prevent mold or damage to contents.

- **Storage:** When not in use, fold the boxes flat and store them in a dry place to save space.

## 5. TROUBLESHOOTING

---

If you encounter any issues with your storage boxes, consider the following:

- **Box Does Not Hold Shape:** Ensure the bottom panel is fully inserted and pressed down firmly. The rigid PP plastic panels should provide sufficient support.
- **Odor:** While the boxes are made with odorless materials, a slight factory smell might be present upon initial unpacking. Air out the boxes in a well-ventilated area for a few hours if this occurs.
- **Handles Tearing:** Avoid exceeding the recommended maximum weight of 3 kilograms per box. Distribute weight evenly when carrying.

## 6. SPECIFICATIONS

---

Feature	Detail
Brand	SONGMICS
