SETUP

Charging the Device

1. Locate the concealed charging port on the back of the device. This port is designed to prevent water infiltration.
2. Insert the provided USB charging cable into the port.
3. Connect the other end of the USB cable to any 5V adapter (not included).
4. The indicator light will turn on, signifying that the device is charging. A full charge takes approximately 1.5 hours and provides up to 50 days of use.

Initial Use

Before first use, ensure your COSLUS Facial Cleansing Brush is fully charged.

OPERATING INSTRUCTIONS

Power On/Off

- To power on the device, press and hold the central 'O' button for 0.3-0.5 seconds. The device will start vibrating, and the indicator light will illuminate.
- To power off the device, press and hold the central 'O' button again until the vibrations stop and the light turns off.

Adjusting Cleansing Modes

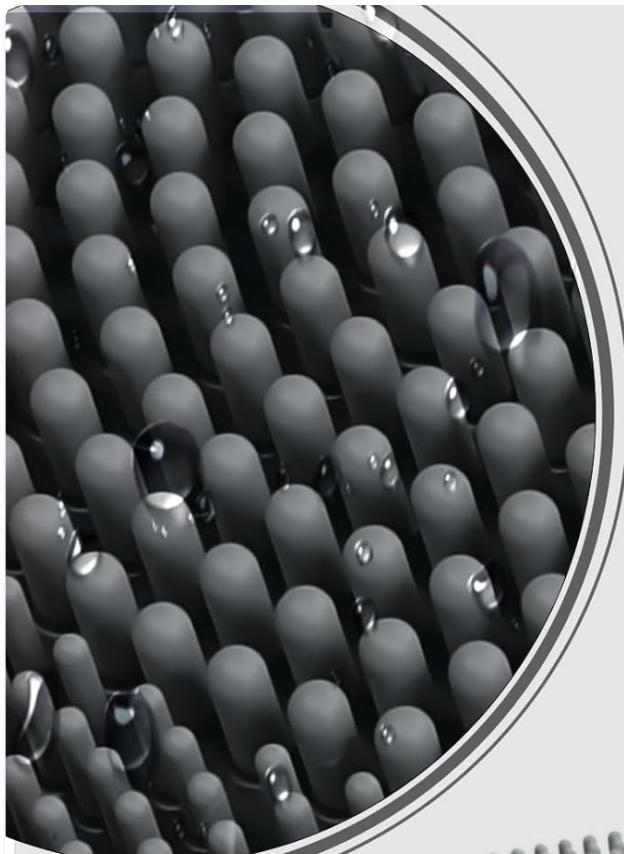

- Once powered on, use the '+' and '-' buttons to cycle through the 5 available cleansing modes.
- The device features a smart memory function, automatically starting in the last used mode for convenience.

How to Use

- Dampen your face and apply your preferred facial cleanser.
- Wet the silicone bristles of the COSLUS Facial Cleansing Brush.
- Power on the device and select your desired cleansing mode.
- Gently move the brush in circular motions across your face. For areas requiring deeper cleaning, such as the T-zone or around the nose, utilize the coarse bristles at the top of the brush. For general cleansing, use the ultra-fine bristles.
- After cleansing, power off the device and rinse your face thoroughly with water.

TROUBLESHOOTING

Device Not Turning On

- Ensure the device is fully charged. Connect it to the charging cable and a 5V adapter for at least 1.5 hours.
- Verify that you are pressing and holding the central 'O' button for 0.3-0.5 seconds to power it on.
- If the issue persists after charging, please contact customer support.

Charging Issues

- Confirm that the charging cable is securely inserted into the concealed charging port.
- Do not attempt to pry open the charging pad on the back of the device, as it is not designed to be opened and doing so may damage the product.
- Ensure your 5V adapter is functioning correctly.
