Ravensburger 11576

Ravensburger Ferrari SF90 Stradale 3D Jigsaw Puzzle (Model 11576) Instruction Manual

Model: 11576

INTRODUCTION

This manual provides detailed instructions for assembling and maintaining your Ravensburger Ferrari SF90 Stradale 108-piece 3D Jigsaw Puzzle. This 3D puzzle allows you to construct a true-to-scale 1:18 model of the Ferrari SF90 Stradale using individually shaped plastic puzzle pieces. Designed for ages 8 and up, the Easyclick technology ensures a precise fit without the need for glue.

PACKAGE CONTENTS

Before beginning assembly, please ensure all components are present in the box.

- 108 Premium Quality 3D Puzzle Pieces
- Numerous Accessory Pieces (e.g., wheels, chassis components)
- Illustrated Assembly Instructions

SETUP AND PREPARATION

1. **Unpack Components:** Carefully remove all puzzle pieces and accessory parts from the packaging.
2. **Organize Pieces:** Lay out the puzzle pieces on a clean, flat surface. The pieces are numbered on the back to assist with assembly. Separate the main body pieces from the accessory parts (wheels, chassis, etc.).
3. **Review Instructions:** Familiarize yourself with the illustrated assembly instructions provided in the box.

ASSEMBLY INSTRUCTIONS

The Ravensburger Ferrari SF90 Stradale 3D puzzle utilizes Easyclick technology, ensuring a precise fit for each piece without the need for adhesive. Follow the numbered sequence on the back of the pieces and the detailed illustrations in the instruction manual.

1. **Start with the Base:** Begin by assembling the foundational pieces of the chassis as indicated in the manual. These often form the structural core of the model.
2. **Follow Numbered Sequence:** Locate the puzzle pieces by their numbers on the reverse side. Connect them in ascending order, or as guided by the illustrated steps. The arrows on the pieces will help indicate the correct orientation.
3. **Click Pieces Together:** Gently press each piece into place. You should feel a satisfying "click" as the Easyclick technology ensures a secure, interlocking fit. Do not force pieces if they do not align easily; double-check the number and orientation.

4. **Assemble Body Panels:** Continue building the body of the Ferrari SF90 Stradale, piece by piece, following the contours and design.
5. **Attach Accessory Parts:** Once the main body is complete, attach the wheels, axles, and any other accessory components as per the instructions. These parts typically snap into designated slots.
6. **Final Inspection:** After all pieces are assembled, review your model to ensure all connections are secure and the structure is stable.

MAINTENANCE

To ensure the longevity and appearance of your Ravensburger 3D puzzle model, follow these simple maintenance guidelines:

- **Cleaning:** Dust the model regularly with a soft, dry cloth. For more stubborn dirt, a slightly damp cloth can be used,

but avoid excessive moisture. Do not use harsh chemicals or abrasive cleaners.

- **Storage:** Store the assembled model in a stable location away from direct sunlight, extreme temperatures, and high humidity to prevent material degradation or discoloration.
- **Handling:** Handle the model carefully to avoid accidental disassembly or damage to the plastic pieces.

TROUBLESHOOTING

If you encounter any issues during assembly, consider the following:

- **Pieces Not Fitting:** Ensure you are using the correct piece by checking its number and shape against the instructions. Rotate the piece to confirm the correct orientation. Do not force pieces, as this can cause damage.
- **Missing Pieces:** While rare, if you believe a piece is missing, carefully re-check your work area and the packaging. If a piece is genuinely missing, refer to the "Support" section for assistance.
- **Model Instability:** If the assembled model feels unstable, re-examine the connections of the base and key structural pieces. Ensure all pieces are fully clicked into place.

SPECIFICATIONS

Brand:	Ravensburger
Model Number:	11576
Item Type:	3D Jigsaw Puzzle
Theme:	Ferrari SF90 Stradale (3D - Vehicles)
Number of Pieces:	108
Material Type:	Plastic
Assembled Dimensions (L x W x H):	Approx. 9.9 inches x 5 inches x 2.7 inches (25.1 cm x 12.8 cm x 6.8 cm)
Recommended Age:	8 years and up
Skill Level:	All (Difficulty Level 5/5)
Educational Objective:	Concentration Skill, Hand-Eye Coordination, Motor Skill, Task Completion
Assembly Required:	Yes (Manual)
Glue Required:	No
