# dryel At-Home Dry Cleaner Refill Instruction Manual

Brand: dryel | Model: 33012U

## INTRODUCTION

The dryel At-Home Dry Cleaner Refill provides a convenient and effective solution for cleaning special fabrics and dry-clean-only clothes in your home dryer. This manual outlines the proper use, safety precautions, and specifications for the dryel At-Home Dry Cleaner Refill kit, designed to help maintain the quality and appearance of your garments.

## PRODUCT COMPONENTS

The dryel At-Home Dry Cleaner Refill kit typically includes the following items:

- **Dryer-Activated Cleaning Cloths:** Twelve (12) cloths designed to remove odors and relax wrinkles during the dryer cycle.
- **On-the-Go Stain Remover:** A pen or wipes for pre-treating small stains.
- **Odor & Wrinkle Releaser Spray:** For refreshing clothes and smoothing wrinkles between cleanings.

## CONTENTS VARY BY KIT SELECTION:

### CLEANING CLOTHS

Helps to restore fit, steam cleans in the dryer, and freshly scented to remove odors

### ODOR & WRINKLE RELEASER

Use to remove odors and keep clothes smelling fresh in between cleanings or to release mild wrinkles without heat or steam

### STAIN PEN

With no peroxide and a uniquely designed applicator, this powerful pen can be used on dry-clean-only, delicates, and hand-washables

## SAFETY INFORMATION

---

Always read and follow all instructions and warnings on the product packaging before use.

- **Ingredients:** Contains DISTILLATES (PETROLEUM), LIGHT HYDROTREATED HEXYL CINNAMAL BENZYL SALICYLATE LILLAL LINALOOL FRAGRANCE.
- **General Precautions:**
  - Keep out of reach of children and pets.
  - Avoid contact with eyes. In case of contact, rinse thoroughly with water.
  - Do not ingest. If swallowed, seek medical attention immediately.
  - Use in a well-ventilated area.
  - Test for colorfastness in a hidden area before treating garments.

## OPERATING INSTRUCTIONS

---

### Step 1: Pre-Treatment

For small stains, use the dryel Stain Remover Pen or a dryel Cleaning Cloth.

1. Test for colorfastness in a hidden area of the garment.
2. Place a white paper towel under the stain.
3. Gently blot the stain with the Stain Pen or Cleaning Cloth until the stain is removed.
4. Blot any excess cleaning fluid with a clean paper towel.

# POWERS OUT TOUGH STAINS

Remove heavy-duty and hard-to-treat stains at home or on-the-go

Image: Applying dryel On-the-Go Stain Remover to a garment.

## Step 2: Dry Cleaning Process

This process uses the dryer-activated cleaning cloths to refresh and clean garments.

1. Unfold one dryel Cleaning Cloth.
2. Place the unfolded cleaning cloth in your dryer with one to five garments of similar fabric and color.
3. Tumble dry on medium heat for 20 minutes. **Do not use a dryel bag with this refill kit.**
4. Immediately remove garments from the dryer after the cycle is complete.

# NEW & IMPROVED

## **Fabric Compatibility**

dryel is designed for use on most fabrics, including delicate materials. It gently cleans and refreshes items such as:

- Wool
- Linen
- Silk
- Denim
- Sweaters
- Blouses
- Special occasion dresses

It is safe for use in any type of dryer machine, including HE models.

## MAINTENANCE

The dryel At-Home Dry Cleaner Refill kit consists of consumable products designed for single or limited use. No specific maintenance is required for the refill components themselves. Store unused cleaning cloths, stain remover, and wrinkle releaser in a cool, dry place away from direct sunlight and extreme temperatures to maintain their effectiveness. Ensure all caps are tightly closed on liquids to prevent evaporation.

## TROUBLESHOOTING

| Problem  | Possible Cause / Solution   |
|--|---|
| Excess cleaning solution visible on garments after drying. | This can occur if the solution has not fully evaporated. Tumble dry the garments on medium heat for an additional 20 minutes until fully evaporated.      |
| Stains persist after pre-treatment and cleaning.           | Some stubborn or set-in stains may require repeated treatment or professional dry cleaning. Ensure you blotted the stain thoroughly during pre-treatment. |

| <b>Problem</b>                         | <b>Possible Cause / Solution</b>  |
|--|---|
| Garments still have odors or wrinkles. | Ensure you used the correct number of garments per cleaning cloth (1-5). For persistent odors or wrinkles, you may repeat the dry cleaning cycle or use the Odor & Wrinkle Releaser Spray more liberally. |

## SPECIFICATIONS

| <b>Feature</b>            | <b>Detail</b>                             |
