

Flieks 030AAK

Flieks Wooden Daybed with Trundle User Manual

Brand: **Flieks** | Model: **030AAK**

1. INTRODUCTION

Thank you for choosing the Flieks Wooden Daybed with Trundle. This versatile furniture piece is designed to serve as both a comfortable bed and a stylish sofa, making it an ideal solution for various living spaces, especially those with limited room. Its robust construction from high-quality pine wood ensures stability and durability for years of use. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure you get the most out of your new daybed.

2. SAFETY INFORMATION

Please read and understand all safety warnings before assembling or using the daybed. Failure to follow these instructions may result in injury or damage to the product.

- **Weight Capacity:** Do not load more than 300 pounds on the upper bed or the trundle bed. Exceeding this limit may compromise the structural integrity of the daybed.
- **Sharp Edges:** Exercise caution around all edges during assembly and use to prevent injury.
- **Assembly:** Always follow the assembly instructions carefully. Ensure all connections are secure before use.
- **Children:** Supervise children around the daybed, especially when the trundle is in use.
- **Maintenance:** Regularly check all bolts and fasteners to ensure they remain tight.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present and undamaged. All necessary accessories and detailed installation instructions are packaged within the product parcel.

Included Components:

- Daybed Frame (Headboard, Side Rails, Slats)
- Trundle Bed Frame (Side Rails, Slats, Wheels)
- Hardware Pack (Bolts, Screws, Allen Wrench)
- Assembly Instructions Manual

4. SETUP AND ASSEMBLY

The Flieks Wooden Daybed is designed for easy assembly. For optimal safety and efficiency, it is recommended that two people assemble this frame.

4.1 Preparation

- Clear a spacious area for assembly.
- Unpack all components and lay them out on a soft, clean surface to prevent scratches.
- Identify all parts and hardware using the provided parts list in the separate assembly instructions manual.

4.2 Assembly Steps

Refer to the detailed installation instructions included in your product parcel for step-by-step guidance. The general assembly process involves:

1. Assembling the main daybed frame, including the headboard and side rails.
2. Attaching the wooden slats to the main daybed frame.
3. Assembling the trundle bed frame, including its side rails and wheels.
4. Attaching the wooden slats to the trundle bed frame.

5. Sliding the assembled trundle bed under the main daybed.

Image 4.2: Detail of the wooden slats on the main daybed frame, providing sturdy mattress support.

5. OPERATING INSTRUCTIONS

The Flieks Daybed offers dual functionality as both a bed and a sofa, with an integrated trundle for additional sleeping space.

5.1 Using as a Bed

Place a twin-size mattress (not included) directly onto the wooden slats of the main daybed frame. No box spring is needed. The sturdy slat support ensures comfort and stability.

5.2 Using as a Sofa

With its three-sided rail design, the daybed can easily function as a sofa. Simply add decorative pillows and throws to create a comfortable seating area in your living room or bedroom.

5.3 Using the Trundle Bed

The trundle bed is designed to slide smoothly in and out from under the main daybed, providing an instant extra sleeping space. To use:

1. Gently pull the trundle frame outwards from under the main daybed.
2. Ensure the trundle is fully extended and stable before placing a mattress (not included) on it.

3. To store, simply push the trundle back under the main daybed until it is fully concealed.

Image 5.2: Detail of the trundle bed frame, highlighting its wheeled design for easy pull-out and storage.

6. MAINTENANCE

Proper care will extend the life and appearance of your Flieks Daybed.

- **Cleaning:** Wipe the wooden surfaces with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the painted finish.
- **Hardware Check:** Periodically check all bolts, screws, and fasteners to ensure they are tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Avoid Excessive Moisture:** Protect the daybed from prolonged exposure to moisture or direct sunlight, which can cause warping or fading.

7. TROUBLESHOOTING

If you encounter any issues with your Flieks Daybed, refer to the following common solutions:

Problem	Possible Cause	Solution
Bed feels wobbly or unstable.	Loose hardware.	Check and tighten all bolts and screws. Ensure all components are correctly aligned.
Squeaking noises.	Loose connections or friction between parts.	Re-tighten all hardware. Apply a small amount of lubricant (e.g., silicone spray) to points of friction if necessary, avoiding contact with wood finish.
Trundle does not slide smoothly.	Obstruction or dirty wheels.	Check for any objects blocking the trundle's path. Clean the wheels and the floor area where the trundle moves.
Missing parts during assembly.	Packaging error.	Contact Flieks customer support with your purchase details and the specific missing parts.

8. SPECIFICATIONS

Feature	Detail
Brand	Flieks
