2. SAFETY INFORMATION

- Ensure safe assembly by following all instructions carefully.
- Adhere strictly to the maximum load capacity of **110 kg** (approximately 242 lbs). Exceeding this limit may cause damage to the armchair and potential injury.
- Keep children and pets away from moving parts during operation.
- Do not insert foreign objects into any openings.
- Disconnect the power supply before cleaning or maintenance.
- Use only the provided power adapter or a certified 5V USB power source for the massage function.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact customer support.

- Main chair components (backrest, seat, armrests)
- Legs (4 pieces)
- Power adapter for electric recline
- Remote control for massage function
- Assembly hardware (screws, washers, Allen key)

4. SETUP AND ASSEMBLY

Assembly is required for this armchair. Please follow the steps below and refer to the diagrams for visual guidance. It is recommended to assemble the chair on a soft, clean surface to prevent damage.

4.1. Assembly Steps

1. **Attach the Legs:** Carefully turn the main seat frame upside down. Attach the four legs to the designated mounting points using the provided screws and Allen key. Ensure they are securely tightened.
2. **Connect Backrest to Seat:** Align the backrest with the seat frame. Slide the backrest into the metal brackets on the seat until it clicks securely into place. Ensure both sides are fully engaged.
3. **Connect Armrests (if separate):** If armrests are separate, attach them to the main frame using the provided hardware.
4. **Connect Power Cables:** Locate the power cable for the electric recline mechanism and connect it to the power adapter. Connect the power adapter to a suitable electrical outlet. For the massage function, connect the USB cable from the chair to a certified 5V USB power source (not supplied).

5. OPERATING INSTRUCTIONS

5.1. Electric Recline Function

The armchair features an electric motor for smooth reclining. To operate:

- Locate the control button on the side of the armchair.
- Press and hold the button to extend the footrest and recline the backrest. Release the button when you reach your desired position (up to 135 degrees).
- To return to the upright position, press and hold the button again. The backrest and footrest will retract automatically.

5.2. Massage Function

The integrated massage function provides targeted relaxation with 6 massage points.

- Ensure the USB cable from the chair is connected to a certified 5V USB power source (not included).
- Use the included remote control to activate and customize your massage experience.
- The remote control allows you to select different massage programs, intensities, and modes. Refer to the remote control diagram for specific button functions.

5.3. Side Pocket

A convenient side pocket is integrated into the armchair, ideal for storing the massage remote control, magazines, or other small personal items within easy reach.

6. MAINTENANCE

Proper care will extend the life and appearance of your armchair.

- **Cleaning:** Clean the fabric upholstery with soft cloths.
- **Regular Care:** Regularly vacuum or brush the fabric to remove dust and debris.
- **Stain Treatment:** Treat stains promptly with a mild detergent specifically designed for fabric upholstery. Test the detergent on an inconspicuous area first.
- **Avoid:** Do not use harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the fabric and internal components.

7. TROUBLESHOOTING

If you encounter issues with your armchair, refer to the following common problems and solutions:

- **Chair does not recline:**
 - Check if the power adapter is securely connected to both the chair and a working electrical outlet.
 - Ensure there are no obstructions preventing the reclining mechanism from moving freely.
- **Massage function not working:**
 - Verify that the USB cable is properly connected to a certified 5V USB power source.
 - Ensure the USB power source is active and providing power.
- **Chair feels unstable or wobbly:**
 - Re-check all assembly hardware, especially the leg attachments, and tighten any loose screws.
 - Ensure the chair is placed on a flat, even surface.
