Maestri House MMF-9304 Milk Frother and Steamer User Manual

INTRODUCTION

Thank you for choosing the Maestri House MMF-9304 Milk Frother and Steamer. This appliance is designed to enhance your beverage experience by providing perfectly frothed and heated milk for a variety of drinks, including lattes, cappuccinos, and hot chocolate. Please read this manual thoroughly before use to ensure safe and optimal operation.

PRODUCT OVERVIEW AND COMPONENTS

The Maestri House MMF-9304 features a sleek design with a durable stainless steel pitcher and smart touch controls. Below is an overview of the main unit and its included components.

Figure 1: Maestri House MMF-9304 Milk Frother Main Unit

Included Components:

- 1 x Milk Frother Base Unit
- 1 x Stainless Steel Milk Pitcher
- 1 x Whisk Set (various whisks for different froth types)
- 1 x Lid for Milk Pitcher
- 1 x Cleaning Brush

- 1 x User Manual (this document)

SETUP

1. Unpack all components and remove any packaging materials.
2. Wash the stainless steel milk pitcher, lid, and whisk set with warm soapy water, then rinse thoroughly and dry completely.
3. Place the frother base unit on a stable, flat, and dry surface.
4. Ensure the whisk is correctly installed at the bottom of the milk pitcher.
5. Place the dry milk pitcher onto the base unit.
6. Connect the power cord to a suitable electrical outlet. The unit will beep and the display will illuminate.

OPERATING INSTRUCTIONS

The Maestri House MMF-9304 offers versatile settings for temperature and froth thickness, controlled via an intuitive touch panel.

Filling the Milk Pitcher:

- The pitcher has a generous 21oz (600mL) capacity.
- For frothing, do not exceed the 10.1oz (300mL) mark to prevent overflow.
- For heating milk or hot chocolate, you can fill up to 21oz (600mL).
- Always ensure the liquid level is above the minimum mark.

Figure 3: Milk pitcher capacity markings for different functions.

Smart Touch Control Panel:

The control panel allows selection of various functions. If the unit is idle for 60 seconds, it will enter standby mode. Press any button to reactivate.

Temperature Settings:

Choose from 4 temperature options:

- Normal (for cold frothing)
- 120°F (for warm milk/cappuccino)
- 140°F (for hot latte/bubble tea)
- 160°F (for hot chocolate)

Froth Thickness Settings:

Select from 3 froth thickness choices:

- Low Froth
- Medium Froth
- High Froth

Figure 5: Visual representation of different froth thickness options.

Step-by-Step Operation:

1. Add milk or desired liquid to the pitcher, observing the MAX/MIN lines.
2. Place the lid on the pitcher.
3. Press the power button to activate the unit.
4. Use the touch controls to select your desired froth thickness and temperature.
5. Press the Start button to begin the process. The unit will automatically stop when complete.

CLEANING AND MAINTENANCE

Proper cleaning ensures the longevity and hygiene of your milk frother.

- **Dishwasher Safe:** The stainless steel pitcher is crafted from durable 304 stainless steel and is dishwasher safe for convenient cleaning.

- **Hand Washing:** For hand washing, use the included cleaning brush with warm soapy water. Rinse thoroughly.
- **Base Unit:** The base unit should never be immersed in water. Wipe it clean with a damp cloth.
- **Drying:** Ensure all components are completely dry before reassembling or storing.
