## AECOJOY 14' x 10' Wall Mounted Gazebo (White)

# AECOJOY 14' x 10' Wall Mounted Gazebo Instruction Manual

BRAND: AECOJOY

Model: 14' x 10' Wall Mounted Gazebo (White)

## 1. INTRODUCTION

---

This manual provides detailed instructions for the assembly, operation, and maintenance of your AECOJOY 14' x 10' Wall Mounted Gazebo. Designed to offer comprehensive protection and enhance your outdoor living space, this gazebo combines the benefits of a canopy awning and a freestanding gazebo. Please read this manual thoroughly before beginning assembly to ensure safe and correct installation and long-term enjoyment of your product.

## 2. SAFETY INFORMATION

---

### Important Safety Guidelines:

Always follow the provided instructions for assembly, installation, and maintenance. Secure the gazebo to the wall and ground as instructed to prevent it from tipping over in high winds. Be cautious when using tools during assembly. Keep children and pets away from the assembly area. Do not use the gazebo in extreme weather conditions.

## 3. PRODUCT FEATURES

---

- **Effortless Installation:** Our easy-to-follow guide, detailed manuals, and step-by-step video tutorials ensure a trouble-free setup. Additionally, our expert technical team is available for remote assistance whenever you require it.
- **Waterproof Performance:** The inclined design, along with meticulous detailing at the top, guarantees complete water resistance throughout our extensive 6-month outdoor testing.
- **Durability:** Our rigorous static pressure test reveals the capability to withstand 6 lbs/sq.ft, equivalent to approximately 7" of heavy snow. This instills confidence in facing hail and blizzard conditions, whether in

Denver or Minnesota.

- **Stability:** Unlike a traditional freestanding gazebo, our product easily attaches to the wall (all accessories provided). Once securely fixed and stabilized on the ground as instructed, it can confidently withstand winds of around 50 mph.
- **Emerging From the Chaos:** Balancing the features of a canopy awning and a freestanding gazebo, AECOJOY introduces a high-quality wall-leaning gazebo that combines the best of both worlds.
- **Comprehensive Protection:** The awning roof of the pergola covers an area of 140 Sq.Ft., providing protection against harmful UV rays and rainwater.
- **Worry-Free Experience:** We always stand behind our gazebo, providing not only maintenance and replacements for the product itself but also a professional team available 24/7 to address any concerns related to installation, usage, and more.

## 4. SETUP AND INSTALLATION

---

The AECOJOY Wall Mounted Gazebo is designed for straightforward assembly. Please ensure you have all parts and tools listed in the packing list before starting. It is recommended to have at least two people for assembly.

### 4.1 Key Structural Components

*Image: Key structural components including triangular supports for stability and pre-drilled holes for secure mounting.*

- **Triangular Structure:** Enhances stability and sturdiness.
- **Stable Frame Leg:** Features 4 pre-drilled holes for easy attachment to any type of floor, ensuring secure mounting.
- **Multi-Frame Support:** Crisscrossing aluminum tubes provide strong support for the top panels, preventing rust.
- **Metope Fixed:** Four screws are used to connect the gazebo to the wall, improving stability, especially in harsh environments.

### 4.2 Assembly Steps (General Overview)

1. **Unpack and Identify Parts:** Carefully unpack all components and verify against the provided parts list. Organize parts by their labels (e.g., A, B, C).

2. **Assemble the Frame:** Begin by assembling the main support frame according to the step-by-step diagrams in your manual. Ensure all connections are secure but do not fully tighten bolts until the entire frame is assembled.
3. **Attach to Wall:** Position the gazebo against the desired wall. Use the provided accessories and follow the instructions to securely attach the gazebo to your wall structure. This is crucial for stability.
4. **Install Roof Panels:** Carefully install the roof panels onto the assembled frame. Ensure they are properly aligned and secured to provide waterproof and UV protection. A rubber mallet may be helpful for locking panels into place.
5. **Secure to Ground:** Once the gazebo is attached to the wall, secure the ground legs to your patio or deck using the pre-drilled holes and appropriate anchors (provided). This step is vital for wind resistance.
6. **Final Tightening:** Once all components are in place and aligned, fully tighten all bolts and screws to ensure maximum stability and structural integrity.

### 4.3 Visual Aids for Installation

For detailed visual guidance, please refer to the step-by-step video tutorials available on the official product page or contact our technical support team.

Image: Demonstrates the gazebo's performance in both summer (UV protection) and winter (snow load capacity).

## 5. OPERATING INSTRUCTIONS

Your AECOJOY Wall Mounted Gazebo is designed for continuous outdoor use, providing shade and protection from rain and UV rays. No specific operational steps are required beyond proper installation and regular maintenance.

- **Enjoyment:** Utilize the covered space for relaxation, dining, or as a sheltered area for outdoor equipment.
- **Light Transmission:** The roof panels allow for indirect light, creating a bright yet shaded environment suitable for plants and comfortable for users.

Image: Examples of multi-purpose use for the AECOJOY gazebo in different environments.

## 6. MAINTENANCE

Regular maintenance will extend the lifespan and preserve the appearance of your gazebo.

- **Cleaning:** Periodically clean the roof panels and frame with mild soap and water. Avoid abrasive cleaners or harsh chemicals that could damage the materials. A blower can be used to remove leaves and debris from the roof.
- **Inspection:** Regularly inspect all bolts, screws, and connections to ensure they remain tight. Re-tighten as necessary. Check for any signs of wear or damage to the frame or panels.
- **Snow Removal:** While the gazebo is designed to withstand snow loads, it is advisable to remove excessive snow accumulation to prevent potential damage, especially during heavy snowfall.
- **Drainage:** Ensure the inclined design allows for smooth drainage of rainwater. Clear any blockages in the drainage channels if present.

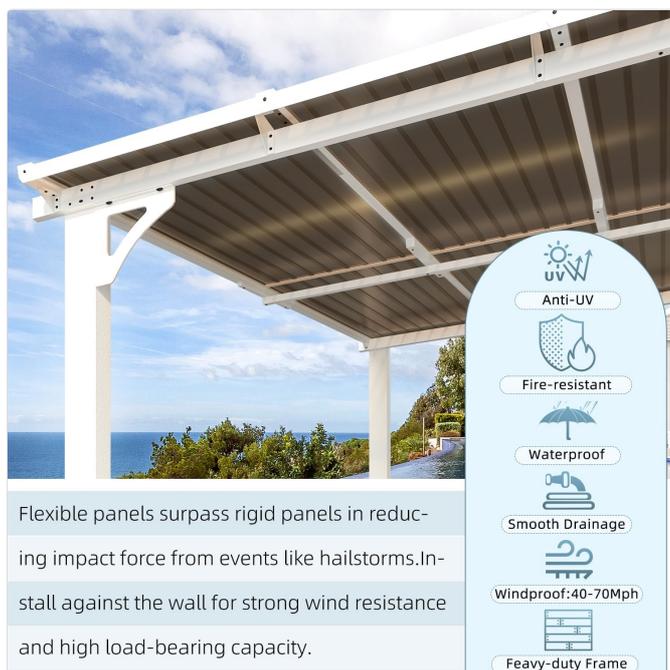

Image: Flexible panels and robust design ensure durability and ease of maintenance.

## 7. TROUBLESHOOTING

---

If you encounter any issues with your gazebo, please refer to the following common solutions:

| Problem                          | Possible Cause                                    | Solution   |
|----------------------------------|---|--|
| Gazebo feels unstable or wobbly. | Loose connections; insufficient anchoring.        | Ensure all bolts and screws are fully tightened. Verify that the gazebo is securely attached to both the wall and the ground as per instructions.            |
| Water leakage from the roof.     | Improperly installed roof panels; damaged panels. | Check that all roof panels are correctly seated and locked into place. Inspect panels for cracks or damage and replace if necessary. Ensure proper drainage. |
| Difficulty during assembly.      | Missing parts; unclear instructions.              | Double-check the parts list. Refer to the detailed manual and video tutorials. Contact customer support for assistance.                                      |

If the problem persists, please contact AECOJOY customer support for further assistance.

## 8. SPECIFICATIONS

---

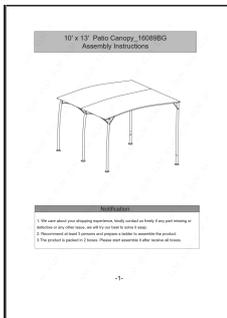

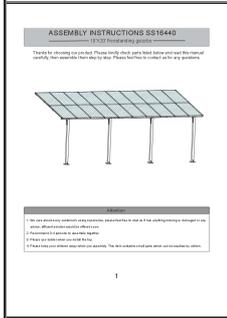

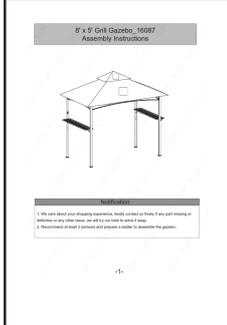

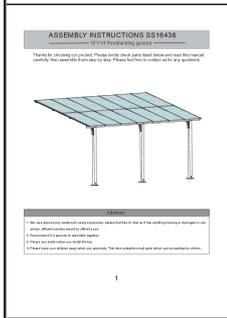

- **Brand:** AECOJOY
- **Material:** Aluminum, Metal & Roof Panels
- **Style:** Gazebo
- **Product Dimensions:** 156.96"L x 113.4"W x 96"H (14' x 10' nominal)
- **Item Weight:** 160 Pounds
- **Frame Material:** Metal
- **Water Resistance Level:** Waterproof
- **Shape:** Rectangular
- **Ultraviolet Light Protection:** 25 UPF
- **Assembly Required:** Yes
- **Color:** White

## 9. WARRANTY AND SUPPORT

---

AECOJOY is committed to providing a worry-free experience. We offer maintenance and replacements for the product itself. A professional team is available 24/7 to address any concerns related to installation, usage, and more.

For support, please refer to the contact information provided on your purchase receipt or the official AECOJOY website. Please have your model number (14' x 10' Wall Mounted Gazebo, White) and purchase date ready when contacting support.
