

VR SHINECON SC-G04E

VR SHINECON SC-G04E Virtual Reality Headset User Manual

Brand: VR SHINECON | Model: SC-G04E

1. INTRODUCTION

This manual provides comprehensive instructions for the safe and effective use of your VR SHINECON SC-G04E Virtual Reality Headset. Please read this manual thoroughly before operating the device and retain it for future reference. This headset is designed to provide an immersive 3D viewing experience for compatible smartphones.

2. SAFETY INFORMATION

To ensure a safe and enjoyable experience, please observe the following precautions:

- **Health and Comfort:** Take regular breaks (every 10-15 minutes) to avoid eye strain, dizziness, or motion sickness. If you experience discomfort, stop using the headset immediately.
- **Environment:** Use the headset in a safe, clear area free from obstacles. Do not use while walking, driving, or engaging in activities that require your full attention to your surroundings.
- **Children:** This product is intended for adult use. Children should use the device under strict adult supervision.
- **Cleaning:** Clean the lenses only with a dry microfiber cloth. Do not use liquid cleaners or abrasive materials.
- **Storage:** Avoid exposing the headset to direct sunlight, extreme temperatures, or high humidity. Store in a cool, dry place.
- **Medical Conditions:** Consult a doctor before use if you have pre-existing medical conditions, especially those related to vision, balance, or epilepsy.

3. PRODUCT OVERVIEW

Familiarize yourself with the components of your VR SHINECON SC-G04E headset:

Figure 3.1: VR SHINECON SC-G04E Virtual Reality Headset. This image shows the black VR headset with adjustable head straps, integrated headphones on the sides, and adjustment knobs on the top surface. The front panel has the 'VR SHINECON VIRTUAL REALITY GLASSES' logo.

- **Adjustable Head Strap:** For securing the headset comfortably on your head.
- **Integrated Headphones:** Provide immersive audio experience.
- **Focus Adjustment Knobs:** Located on the top, these allow you to adjust the clarity of the image for each eye.
- **Interpupillary Distance (IPD) Adjustment:** Also on the top, this adjusts the distance between the lenses to match your eye spacing.
- **Smartphone Tray:** A pull-out tray at the front for securely holding your smartphone.
- **Ventilation Slots:** Help dissipate heat from your smartphone.

4. SETUP

4.1. Unboxing and Contents Check

Carefully unpack your VR SHINECON SC-G04E headset. The package should contain:

- 1 x VR SHINECON SC-G04E Virtual Reality Headset
- 1 x User Manual (this document)

- (Additional accessories like cleaning cloth or remote control may vary by package)

4.2. Inserting Your Smartphone

1. Open the front cover of the headset by pulling the smartphone tray outwards.
2. Place your smartphone (compatible with 4.7-6.5 inch screens) securely into the tray, ensuring it is centered.
3. Close the front cover, making sure it clicks into place.

4.3. Adjusting the Head Strap

Adjust the elastic head straps to fit snugly and comfortably around your head. The goal is to distribute the weight evenly and prevent the headset from slipping.

4.4. Focus and IPD Adjustment

Once the headset is on, use the adjustment knobs on the top:

- **Focus Adjustment:** Rotate the focus knobs (usually one for each eye) until the image appears clear and sharp.
- **IPD Adjustment:** Slide the IPD adjustment (interpupillary distance) until the two images merge into a single, comfortable view without eye strain.

5. OPERATING

5.1. Finding VR Content

Before inserting your phone, download VR applications or 3D videos from your smartphone's app store (e.g., Google Play Store, Apple App Store). Search for "VR games," "3D videos," or "VR apps."

5.2. Wearing the Headset

Ensure your smartphone is securely placed in the tray and the VR content is playing. Put on the headset, adjusting the straps for a comfortable and stable fit. Make sure the integrated headphones are positioned correctly over your ears for optimal audio.

5.3. Navigating VR Content

Most VR content for smartphones is controlled by head movements (gaze control) or a separate Bluetooth VR remote (not included with this headset unless specified). Follow the on-screen instructions within your chosen VR application.

6. MAINTENANCE

6.1. Cleaning the Lenses

Use only a dry, soft microfiber cloth to gently wipe the lenses. Do not use water, alcohol, or any chemical cleaning solutions, as they can damage the lens coating.

6.2. Cleaning the Headset Body

Wipe the exterior of the headset with a slightly damp, soft cloth. Ensure no moisture enters the internal components.

Do not submerge the headset in water.

6.3. Storage

When not in use, store the headset in a clean, dry place away from direct sunlight and extreme temperatures. Protect the lenses from scratches by keeping the headset in its original packaging or a protective case.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Image is blurry or out of focus.	Incorrect focus or IPD adjustment; dirty lenses; phone not centered.	Adjust the focus and IPD knobs. Clean the lenses with a microfiber cloth. Re-center your smartphone in the tray.
No sound from headphones.	Phone volume too low; headphone jack not fully inserted; phone audio settings.	Increase smartphone volume. Ensure the headphone jack is fully connected to your phone. Check your phone's audio output settings.
Experiencing dizziness or motion sickness.	Prolonged use; sensitive to VR experiences; unsuitable content.	Take frequent breaks. Start with less intense VR content. Ensure you are in a stable, seated position.
Smartphone overheating.	Prolonged use; demanding VR applications.	Remove the phone from the headset and allow it to cool down. Close background applications on your phone.

8. SPECIFICATIONS

- **Brand:** VR SHINECON
- **Model Number:** SC-G04E
- **Color:** Black
- **Compatible Phone Size:** 4.7 - 6.5 inches
- **Field of View (FOV):** 90 Degrees
