Fire-Boltt BSW177

Fire-Boltt Maverick Smartwatch User Manual

Model: BSW177

INTRODUCTION

This manual provides detailed instructions for setting up, operating, and maintaining your Fire-Boltt Maverick Smartwatch. Please read this manual thoroughly before using your device to ensure proper functionality and to maximize your user experience.

WHAT'S IN THE BOX

Upon opening your Fire-Boltt Maverick Smartwatch package, you should find the following items:

- 1x Fire-Boltt Maverick Smartwatch
- 1x Charging Cable
- 1x Warranty Card
- 1x User Manual

SETUP GUIDE

1. Initial Charging

Before first use, fully charge your Fire-Boltt Maverick Smartwatch. Connect the provided charging cable to the watch's charging port and a compatible USB power adapter (3.7V to 5V) or a laptop's USB port. A full charge takes approximately 3 hours. For a minimum 20% charge, charge for 30-40 minutes.

2. App Installation and Pairing

To unlock the full functionality of your smartwatch, download and install the companion application on your smartphone. The name of the application is typically "Boltt Play App" or similar, and can be found by scanning the QR code on the warranty card or searching your phone's app store.

1. Download and install the companion app on your smartphone.
2. Enable Bluetooth on your smartphone.
3. Open the app and follow the on-screen instructions to pair your Fire-Boltt Maverick Smartwatch. Ensure the smartwatch is powered on and discoverable.
4. Confirm the pairing request on both your smartphone and smartwatch.

MAINTENANCE

Water Resistance (IP67)

The Fire-Boltt Maverick Smartwatch has an IP67 rating, meaning it is resistant to dust and can withstand immersion in water up to 1 meter for 30 minutes. It is suitable for daily use and can handle splashes, rain, and brief immersion. However, it is not recommended for swimming, showering with hot water, or diving.

Cleaning and Care

- Wipe the watch regularly with a soft, dry cloth.
- If exposed to sweat or water, clean and dry the watch thoroughly to prevent skin irritation or damage.
- Avoid using harsh chemicals or abrasive materials for cleaning.

Battery Care

- Charge the watch using only the provided charging cable.

- Avoid extreme temperatures, as they can affect battery life.

- For optimal battery longevity, avoid completely draining the battery frequently.

TROUBLESHOOTING

If you encounter any issues with your Fire-Boltt Maverick Smartwatch, try the following basic troubleshooting steps:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Cannot pair with smartphone:**

  - Ensure Bluetooth is enabled on your smartphone.
  - Make sure the watch is within the Bluetooth range of your phone.
  - Restart both your watch and smartphone.
  - Clear the app's cache or reinstall the app.

- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensors regularly.
- **Short battery life:** Reduce screen brightness, disable unnecessary notifications, and limit continuous heart rate monitoring if not needed.

For persistent issues, refer to the official Fire-Boltt support resources or contact customer service.
