OKP K5 Pro

OKP Robot Vacuum and Mop K5 Pro User Manual

Model: K5 Pro

1. INTRODUCTION AND OVERVIEW

The OKP Robot Vacuum and Mop K5 Pro is a versatile 3-in-1 cleaning robotic vacuum designed for efficient home cleaning. It features powerful 5000Pa suction, anti-tangle technology, and a long 180-minute runtime with auto-recharge capabilities. Its smart obstacle avoidance and ultra-slim design allow it to navigate and clean various floor types, including hard floors and carpets, effectively removing dust, pet hair, and debris. Control is convenient via the OKP app, voice commands (Alexa & Google Assistant), or the included remote control.

2. What's Included

Your OKP K5 Pro package includes the following components:

- 1x K5 Pro Robot Vacuum
- 1x Charging Dock
- 1x Adapter
- 4x Side Brushes
- 1x HEPA Filter
- 1x Cleaning Tool
- 1x Magnetic Mop Holder
- 1x User Manual

3. SETUP

Follow these steps to set up your OKP K5 Pro Robot Vacuum:

1. **Install Side Brushes:** Gently snap the four side brushes onto the designated posts on the underside of the vacuum. Ensure they are securely in place.
2. **Charge the Vacuum:** Place the robot vacuum on its charging dock. Ensure the charging contacts on the vacuum align with those on the dock. The power indicator light will confirm charging status.
3. **Connect to OKP App:**
 - Turn on the Bluetooth feature on your phone.
 - In the OKP app, select "Add Device" and choose "K5-Pro".
 - Turn on the power switch on the robot vacuum.
 - Press and hold the power button for 3 seconds. Release it when you hear three beeps, then select "Fast distribution network".
 - Connect to a 2.4GHz Wi-Fi network (5GHz Wi-Fi is not supported).
 - Wait for successful pairing.

4. OPERATING MODES

The K5 Pro offers multiple cleaning modes to suit your needs. You can select these modes via the OKP app or the remote control.

- **Auto Cleaning:** The vacuum intelligently navigates your home to clean all accessible areas.
- **Spot Cleaning:** Focuses on a specific dirty area, cleaning in a spiral pattern.
- **Edge Cleaning:** Cleans along walls and furniture edges to ensure thorough coverage.
- **Zig-Zag Cleaning:** Cleans in a systematic back-and-forth pattern for efficient coverage of open areas.

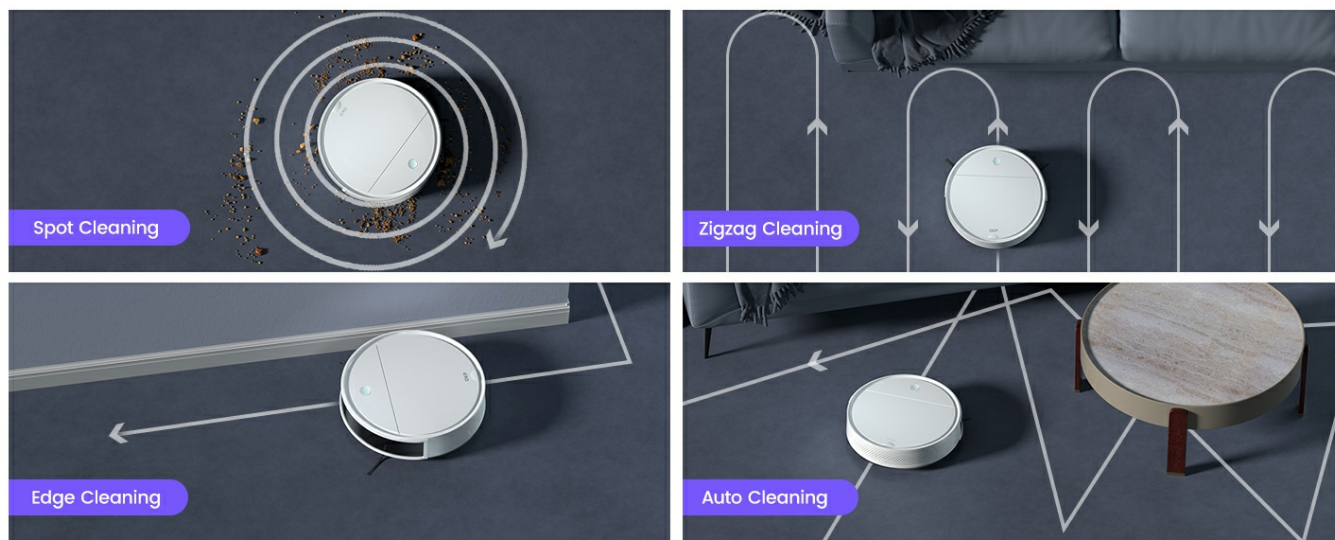

Figure 4: Cleaning Modes

The vacuum also features smart obstacle avoidance with upgraded intelligent sensors that detect and avoid walls, stairs, and other obstacles, minimizing collisions and jams. For optimal performance, clear floor clutter before cleaning.

5. MAINTENANCE

Regular maintenance ensures your OKP K5 Pro operates efficiently:

- **Empty Dustbin:** The K5 Pro has a 550ml dustbin. Empty it regularly, ideally after each cleaning cycle, to maintain optimal

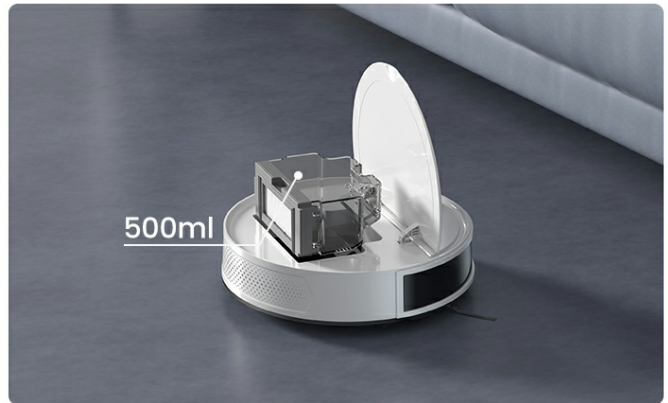

suction.

- **Clean HEPA Filter:** The HEPA filter should be cleaned periodically. Tap it gently to remove dust or use the included cleaning tool. Replace the filter as needed (an extra HEPA filter is included).
- **Check Side Brushes:** Periodically inspect the side brushes for tangled hair or debris. Remove any obstructions to ensure effective sweeping.
- **Magnetic Mopping Pad:** For hard floors, attach the magnetic mop holder with a disposable or reusable cloth. Remember to remove the pad before vacuuming carpets.

Compact Body, Large Dustbin

Ultra-thin 2.99 inches design easily glides under furniture for a deep clean.

A 500ml large dustbin can store up to a week's worth of dirt and debris.

Figure 6: Dustbin and Mopping Pad

The K5 Pro features a brushless design, which helps prevent hair tangles common in traditional robot vacuums with roller brushes, making maintenance easier for pet owners.
