It is recommended to practice these basic stitches on a small swatch of yarn until you feel comfortable before starting your main project.

## 4.4 Assembling Your Figures

Once the individual crocheted pieces are complete, use the provided stuffing to fill them, shaping the figures as you go. Attach the safety eyes securely according to the pattern. The yarn needle is used for sewing pieces together, such as ears to a bunny head, and for weaving in any loose yarn ends to create a neat finish. Use the glue stick for small decorative attachments if specified in the pattern.

## 5. CARE AND MAINTENANCE

To ensure the longevity and appearance of your finished crocheted items:

- **Cleaning:** Hand wash gently with mild soap and cold water. Avoid harsh detergents.
- **Drying:** Gently squeeze out excess water. Reshape the item and air dry flat on a clean towel. Do not machine wash or tumble dry, as this can distort the shape and damage the yarn.
- **Storage:** Store unused yarn in a cool, dry place away from direct sunlight to prevent fading or damage. Keep finished items away from excessive dust or moisture.

## 6. TROUBLESHOOTING COMMON ISSUES
