Dott Arts DA-3.5W-01

Dott Arts Desk Lamp Instruction Manual

Model: DA-3.5W-01

INTRODUCTION

The Dott Arts Desk Lamp is a versatile USB-powered clip-on light designed for various applications such as reading, working, and general illumination. This lamp features advanced LED technology, offering customizable lighting options to suit your needs while prioritizing eye comfort. Its flexible design allows for precise light positioning, making it an ideal lighting solution for home offices, bedrooms, and other personal spaces.

Figure 1: Overview of the Dott Arts Desk Lamp, showing the lamp head, flexible gooseneck, clip base, and inline USB cable with control panel.

KEY FEATURES

- **3 Color Modes & 10 Brightness Levels:** Offers three distinct color temperatures (3000K Warm White, 4500K Daylight, 6500K Cool White) and ten adjustable brightness settings to cater to various lighting requirements, from bright task lighting to soft ambient light.
- **Eye-Caring Technology:** Equipped with evenly distributed LED lamp beads that prevent flickering and glare, blocking 99.99% of blue light. This design minimizes eye strain during prolonged use, making it suitable for reading before sleep.
- **360° Adjustable Gooseneck:** Features a durable, flexible gooseneck made of quality aluminum alloy, allowing users to easily bend and position the light to the most comfortable and effective angle.
- **Memory Function:** The lamp retains the last used color mode and brightness level when turned off, automatically resuming these settings upon the next power-on.
- **High CRI (90+) LED Beads:** Provides clear and bright illumination while accurately restoring the natural colors of objects.
- **USB Powered:** Comes with a 4.9 ft (approximately 1.5 meters) USB cable for convenient power supply from any standard USB port (adapter not included).

SETUP INSTRUCTIONS

1. **Unpack the Lamp:** Carefully remove all components from the packaging. Ensure the lamp head, flexible gooseneck, clip base, and USB cable are present.
2. **Choose a Mounting Location:** Select a stable surface, such as a desk, headboard, or shelf, where the lamp can be securely clipped. The clip is designed to protect surfaces from damage with integrated sponge pads.
3. **Attach the Lamp:** Open the clip base and firmly attach it to the desired surface. Ensure the clip is securely fastened to prevent accidental dislodgement.
4. **Connect Power:** Insert the USB plug into a compatible USB power source. This can be a USB wall adapter (not included), a computer USB port, a laptop, or a power bank.
5. **Adjust the Gooseneck:** Bend the flexible gooseneck to position the lamp head and direct the light as needed.

OPERATING INSTRUCTIONS

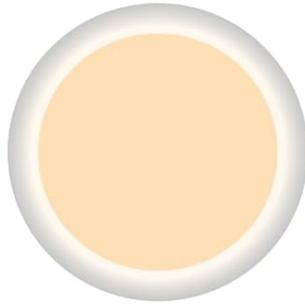

The Dott Arts Desk Lamp is controlled via an inline remote on the USB cable. Familiarize yourself with the buttons:

- **Power Button (On/Off):** Press to turn the lamp on or off.
- **Color Mode Switch:** Press to cycle through the three available color temperatures: 3000K (Warm White), 4500K (Daylight), and 6500K (Cool White).
- **Brightness Up (+):** Press to increase the brightness level. There are 10 levels of brightness.
- **Brightness Down (-):** Press to decrease the brightness level.

360° FLEXIBLE GOOSENECK

you can direct the light exactly where you need

Figure 6: The 360° flexible gooseneck allows for precise light positioning, directing illumination exactly where needed.

MAINTENANCE AND CARE

- **Cleaning:** Disconnect the lamp from the power source before cleaning. Use a soft, dry cloth to wipe the lamp head, gooseneck, and clip. Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the finish or electronic components.
- **Storage:** If storing the lamp for an extended period, ensure it is clean and dry. Store it in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** While the gooseneck is flexible, avoid excessive force or sharp bends that could damage the internal wiring. Handle the lamp by its base or gooseneck, not by the lamp head or cable.
- **Power Cable:** Regularly inspect the USB cable for any signs of damage, such as fraying or exposed wires. If damage is found, discontinue use immediately and replace the cable if possible, or contact customer support.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on.	No power supply or loose connection.	Ensure the USB cable is securely plugged into both the lamp and a working USB power source. Try a different USB port or power adapter.
Light flickers or is dim.	Insufficient power or faulty connection.	Verify the power source provides adequate power (e.g., not a low-power USB port). Check for any damage to the USB cable.
Buttons on the inline remote are unresponsive.	Temporary electronic glitch or damage to the remote.	Unplug the lamp from the power source for a few seconds, then plug it back in. If the issue persists, contact customer support.
Lamp does not remember last setting.	Unusual power interruption or internal error.	This feature should work automatically. Ensure the lamp is powered off correctly using the power button. If the issue persists, contact customer support.

SPECIFICATIONS

Attribute	Detail
Model Name	DA-3.5W-01
Brand	Dott Arts
Lamp Type	Desk Lamp (Clip-on)
Light Source Type	LED
Color Modes	3 (3000K Warm White, 4500K Daylight, 6500K Cool White)
Brightness Levels	10
Wattage	3.5 watts
Voltage	3.5 Volts (DC)
Power Source	Corded Electric (USB)
Material	Aluminum, Plastic
Product Dimensions	1"D x 1.6"W x 14.5"H (approximate, including gooseneck)
Item Weight	3.2 ounces
Gooseneck Flexibility	360° Adjustable
Cable Length	4.9 ft (approx. 1.5 meters)
Special Features	Dimmable, Eye-Care, Memory Function
