3. SETUP AND ASSEMBLY

Your HUANLEGO Rattan Nightstand requires assembly. Please follow these guidelines carefully to ensure a smooth and correct setup process.

3.1 Before You Begin

- Check All Components:** Before starting assembly, carefully inspect all components against the provided parts list in your package to ensure they are in good condition and all pieces are present. Each component should have a number label for easy identification.
- Read Instructions:** Thoroughly read the entire instruction manual provided in the product packaging before beginning assembly. Pay close attention to each step.
- Tools Required:** An installation tool (Allen key) is included. For easier assembly, especially with numerous screws, a power drill is recommended. A flathead screwdriver may also be useful for certain steps, such as holding parts in place while tightening.

- **Assistance:** It is recommended to have two people for assembly to facilitate the process, especially when handling larger pieces or aligning components.

5. MAINTENANCE AND CARE

Proper care will help maintain the appearance and longevity of your HUANLEGO Rattan Nightstand.

- **Cleaning:** Wipe the surfaces with a soft, dry cloth. For stubborn marks, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid harsh chemicals or abrasive cleaners, as they can damage the finish.
- **Rattan Care:** The natural rattan can be gently dusted with a soft brush or vacuum cleaner with a brush attachment. Avoid excessive moisture.
- **Protection:** Keep the table away from sharp objects to prevent scratches or damage to the surface. Avoid placing hot items directly on the surface; use coasters or protective pads.
- **Sunlight Exposure:** Prolonged exposure to direct sunlight can cause fading or discoloration of wood and rattan. Position the nightstand away from direct sunlight if possible.
- **Moisture:** Protect the nightstand from excessive moisture and humidity, which can cause warping or damage to the wood and rattan.

6. TROUBLESHOOTING

If you encounter any issues with your nightstand, refer to the following common problems and solutions:

| Problem | Possible Cause | Solution |
|--|---|---|
| Charging station (USB/AC outlets) not working. | Loose power connection, faulty outlet, internal wiring issue. | Ensure the nightstand's power cord is securely plugged into a functional wall outlet. Test the wall outlet with another device. If the issue persists, contact customer service. |
| Drawers are stiff or do not slide smoothly. | Obstruction in the rail, misaligned rails, loose screws. | Check for any objects blocking the drawer rails. Verify that the drawer rails are properly aligned and securely fastened. Gently lubricate the rails with a silicone-based lubricant if needed. |
| Nightstand feels wobbly or unstable. | Loose assembly screws, uneven floor. | Check and tighten all assembly screws. Ensure the nightstand is placed on a flat, even surface. Use furniture pads or shims under the legs if the floor is uneven. |
| Missing or damaged parts during assembly. | Packaging error, shipping damage. | Immediately contact HUANLEGO customer service with your purchase details and a description of the missing/damaged parts. Do not attempt to force assembly with incorrect or damaged parts. |
