Aisizon Wireless Lavalier Microphone

MODEL A6 (TYPE-C, BLACK) INSTRUCTION MANUAL

Brand: Aisizon

Introduction

Thank you for choosing the Aisizon Wireless Lavalier Microphone. This manual provides essential information for setting up, operating, and maintaining your device. Please read it thoroughly before use to ensure optimal performance and longevity.

Package Contents

Verify that all items are present in your package:

- 2 x Microphones (Transmitters)
- 1 x Receiver (Type-C)
- 1 x USB Data Cable (for charging)
- 1 x User Manual (this document)
- Additional Adapters (Lightning, USB-A)
- Windscreen/Wind Muff (optional, for outdoor use)

Plug and Play

Product Overview

The Aisizon Wireless Lavalier Microphone system is designed for high-quality audio recording with ease of use. It features a compact, thumb-sized design with strong magnetic clips for versatile placement.

Aisizon® Wireless Lavalier Microphone

-  Advanced Smart Noise Reduction
-  Perfect Sound Fidelity
-  Simple Plug and Play
-  100ft Long Transmission Distance
-  8 Hours Long Battery Life

Image: Microphone with visible power button and LED indicator.

1. **Charge the Microphones and Receiver:** Before first use, fully charge both microphones and the receiver using the provided USB data cable. The charging case itself is a wireless charger for the microphones.
2. **Connect the Receiver:** Insert the receiver directly into the Type-C port of your smartphone or tablet. If your device uses a Lightning port, attach the provided Lightning adapter to the receiver first, then plug it into your device.
3. **Power On Microphones:** Slide the power button on each microphone to the ON position. The indicator light will blink, then turn solid green when successfully paired with the receiver.
4. **Attach Microphones:** Use the built-in magnetic clip to attach the microphone to your clothing or any ferrous metal surface. For outdoor use, attach the windscreen/wind muff to reduce wind noise.

Image: Step-by-step setup guide for connecting the microphone system to a smartphone.

Operating Instructions

- **Recording:** Once the microphones are paired (solid green indicator light) and the receiver is connected to your device, open your preferred recording app (e.g., camera app, voice recorder, TikTok, YouTube, etc.) and begin recording. The microphone will automatically capture audio.
- **Mute Function:** Press the power button once to mute the microphone. Press again to unmute.
- **Noise Cancellation:** The microphone features optimized noise reduction. For enhanced noise cancellation, refer to the specific instructions in the Noise Cancellation section.
- **Dual Microphone Use:** Both microphones can be used simultaneously for two-person interviews or recordings.

Image: Examples of how the microphone can be used in different recording environments.

Noise Cancellation Feature

The Aisizon Wireless Lavalier Microphone is equipped with an upgraded high-fidelity recording element and

optimized parameter tuning for effective noise reduction. This ensures crisp, clear audio even in environments with background noise.

- **Activation:** The noise reduction feature is typically active by default or can be toggled by a specific button press (refer to the quick start guide if provided with your unit for exact button functionality).
- **Wind Noise Reduction:** For outdoor recording, utilize the included windscreen/wind muff to further minimize wind interference.

Video: Demonstration of the microphone's sound quality and noise reduction capabilities.

Charging

- **Microphone Charging:** Place the microphones into the charging case. The case acts as a wireless charger for the microphones. Ensure the case itself is charged.
- **Charging Case:** Connect the provided USB data cable to the charging port on the case and to a suitable USB power source.
- **Battery Life:** The microphones offer approximately 8 hours of recording time, and the charging case provides additional charges. Standby time is up to 30 hours.

Compatibility

The Aisizon Wireless Lavalier Microphone is designed for broad compatibility:

- **Type-C Devices:** Directly compatible with devices featuring a Type-C port, including iPhone 15/Pro/iPad and Android phones.
- **Lightning Devices:** Use the included Lightning adapter for older iPhone/iPad models.
- **Other Devices:** The system may also be compatible with other devices via the appropriate adapters (e.g., USB-A for computers), allowing for multi-platform recording.

Suitable for iPhone 15/Pro

Maintenance

- Keep the microphones and receiver clean and dry.
- Avoid exposing the device to extreme temperatures or direct sunlight.
- Store in the charging case when not in use to protect and keep charged.
- Do not attempt to disassemble or repair the device yourself. Contact support if issues arise.

Troubleshooting

Issue	Possible Cause	Solution
No audio recording	Microphone not paired/powering on; Receiver not connected; App permissions.	Ensure microphones are ON and indicator light is solid green. Verify receiver is securely plugged in. Check recording app permissions for microphone access.
Poor audio quality/noise	Environmental noise; Microphone placement; Windscreen not used.	Activate noise cancellation. Ensure microphone is close to the speaker. Use windscreen outdoors. Avoid strong electromagnetic interference.
Microphone not charging	Charging case low battery; Improper connection.	Charge the charging case. Ensure microphones are correctly seated in the case. Verify USB cable connection.
Intermittent connection	Out of range; Obstructions; Low battery.	Stay within 100ft range. Minimize obstructions between mic and receiver. Ensure devices are charged.

Specifications

- **Microphone Form Factor:** Lavalier
- **Connectivity Technology:** Bluetooth
- **Connector Type:** USB Type-C (with included Lightning adapter)
- **Polar Pattern:** Omnidirectional
- **Frequency Response:** 50 KHz
- **Signal-to-Noise Ratio:** 68 dB
- **Impedance:** 2200 Ohms
- **Power Source:** Battery Powered (1 Lithium Ion battery included per microphone)
- **Item Dimensions (L x W x H):** 0.8 x 0.8 x 0.8 inches
- **Item Weight:** 3.52 ounces (0.1 Kilograms)
- **Material:** Plastic
- **Recommended Uses:** Streaming, Video Conference, Video Recording, Live Streaming

Warranty and Support

Aisizon offers a high-quality after-sales service. We promise to replace your product for free if it becomes unusable within one year of purchase. For support or warranty claims, please contact Aisizon customer service through your purchase platform or the official Aisizon website.

Important Safety Information

- Do not expose the device to water or moisture.
- Keep out of reach of children.
- Use only the provided charging cable and adapters.
- Avoid dropping or subjecting the device to strong impacts.
- Dispose of batteries according to local regulations.
