INSOLKIDON P8/P8 Pro 10.1 INCH

INSOLKIDON PlimPad P8/P8 Pro 10.1 INCH Tablet Case User Manual

Model: PlimPad P8/P8 Pro 10.1 INCH

INTRODUCTION

This manual provides instructions for the INSOLKIDON Full Coverage Ultra Slim Leather Cover Case, designed specifically for the Plimpton PlimPad P8 and P8 Pro 10.1 INCH tablets. This case offers protection and enhanced functionality for your device.

PRODUCT FEATURES

- **Compatibility:** Designed for Plimpton PlimPad P8/P8 Pro 10.1 INCH Tablet.
- **Protective Design:** Offers dirt-resistant, shockproof, and scratch-proof protection.
- **Folding Stand:** Transforms into a viewing stand for hands-free use.
- **Auto Sleep/Wake:** Supports automatic sleep/wake functionality when opening and closing the cover.
- **Precise Cutouts:** Ensures full access to speakers, buttons, camera, and ports.
- **Lightweight and Durable:** Constructed from leather material for portability and longevity.

SETUP INSTRUCTIONS

Follow these steps to properly install your tablet into the case:

1. **Prepare Your Tablet:** Ensure your PlimPad P8/P8 Pro 10.1 INCH tablet is clean and free of debris.
2. **Align the Tablet:** Gently align the tablet with the case, ensuring the camera and ports match the case's cutouts.

Image: The tablet case with a tablet inserted, displaying both the back with the stand mechanism and the front with the screen active.

3. **Insert the Tablet:** Carefully push the tablet into the case, starting from one side, until it is securely seated within all four corners. Ensure all edges are fully covered by the case's frame.

Image: A close-up view of a hand gently inserting the tablet into the case, highlighting the secure fit around the device's edges.

4. **Verify Fit:** Check that all buttons, ports, and the camera are accessible and unobstructed. The case should fit snugly without excessive force.

OPERATING INSTRUCTIONS

Using the Folding Stand

The case features a folding design that allows it to convert into a stand for hands-free viewing.

1. **Convert to Stand:** Fold the front cover backward and position it to create a triangular support structure. The magnetic closure helps secure the stand in place.

Image: The tablet case configured as a stand, holding the tablet upright in landscape mode for viewing.

2. **Adjust Viewing Angle:** The stand typically offers one or two viewing angles. Adjust the fold to achieve your desired angle.

Auto Sleep/Wake Function

The case supports the tablet's auto sleep/wake feature. This function relies on magnets embedded in the case and the tablet's sensors.

- **To Wake:** Open the front cover of the case. Your tablet screen should automatically turn on.
- **To Sleep:** Close the front cover of the case. Your tablet screen should automatically turn off and enter sleep mode.

Image: A sequence showing hands opening and closing the tablet case, illustrating how the cover interacts with the tablet's screen for auto sleep/wake.

Using the Hand Strap (if applicable)

Some models may include an elastic hand strap for secure holding.

- **To Use:** Slide your hand through the elastic strap on the back of the case for a more secure grip while holding the tablet.

Image: A hand securely holding the tablet case from the back using the integrated elastic strap.

MAINTENANCE

To keep your tablet case in optimal condition:

- **Cleaning:** Wipe the exterior with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the material.
- **Storage:** Store the case in a cool, dry place away from direct sunlight when not in use.
- **Avoid Over-stuffing:** Do not place excessive items inside the case, as this can deform the material or damage your tablet.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Case does not fit tablet	Incorrect tablet model.	Verify your tablet is a PlimPad P8/P8 Pro 10.1 INCH. This case is specifically designed for these models.
Auto Sleep/Wake not working	Tablet setting disabled or magnet misalignment.	Ensure the "Smart Cover" or "Sleep/Wake" function is enabled in your tablet's settings. Re-seat the tablet in the case to ensure proper magnet alignment.
Buttons/Ports obstructed	Tablet not fully seated or misaligned.	Remove the tablet and re-insert it carefully, ensuring it is fully pushed into all corners and aligned with all cutouts.
