2. SAFETY INSTRUCTIONS

- **Assembly:** Assemble the product carefully to ensure stability. Ensure all bolts and screws are securely tightened before use.
- **Weight Capacity:** Do not exceed the maximum recommended load: **50 kg (110 lbs) for the table** and **130 kg (286 lbs) for each chair**. Overloading can cause damage or injury.
- **Placement:** Place the furniture on a flat, stable surface to prevent tipping.
- **Children:** Keep children away from the assembly area. Do not allow children to climb or play on the furniture unsupervised.
- **Inspection:** Regularly inspect all components for wear, damage, or loose connections. Discontinue use if any damage is found and replace parts as necessary.

5. OPERATING INSTRUCTIONS (USAGE)

This garden bistro set is designed for comfortable outdoor seating and dining for two people.

- **Seating:** The chairs feature a spacious seat, elegant armrests, and a high backrest with breathable textilene fabric for comfort.
- **Table Use:** The round table is suitable for holding drinks, snacks, or small decorative items. Ensure items placed on the table do not exceed the 50 kg weight limit.
- **Adjustable Feet:** The table may include adjustable feet to ensure stability on slightly uneven outdoor surfaces. Adjust as needed to prevent wobbling.

6. MAINTENANCE AND CARE

Proper maintenance will extend the life and appearance of your garden bistro set.

- **Cleaning:** Wipe the table and chair frames with a damp cloth. For the breathable fabric, a mild soap solution and water can be used, followed by rinsing with clean water and air drying. Avoid harsh

chemicals or abrasive cleaners.

- **Rust Prevention:** The steel frame is powder-coated for resistance. However, to prevent rust, especially in humid environments, ensure the furniture is kept dry. Address any scratches or chips in the coating promptly.
- **Storage:** During off-seasons or periods of non-use, it is recommended to cover the furniture or store it in a dry, sheltered area to protect it from the elements.
- **Fasteners:** Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary.

- **Difficulty During Assembly:** If parts do not align easily, do not force them. Loosen all screws, realign the components, and then retighten. Refer to the assembly diagrams.
- **Stains on Fabric:** For minor stains, use a mild soap and water solution with a soft brush. Rinse thoroughly and air dry.
