## ATOTO F7G2A7XE

# ATOTO F7XE Double Din Car Stereo User Manual

Model: F7G2A7XE

## INTRODUCTION

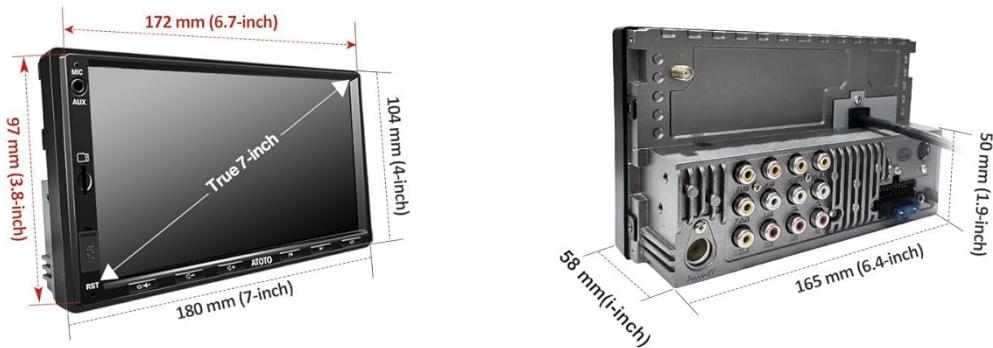

This manual provides detailed instructions for the installation, operation, and maintenance of your ATOTO F7XE Double Din Car Stereo. Please read this manual thoroughly before using the product to ensure proper functionality and safety.

## WHAT'S IN THE Box

Verify that all components are present before beginning installation.

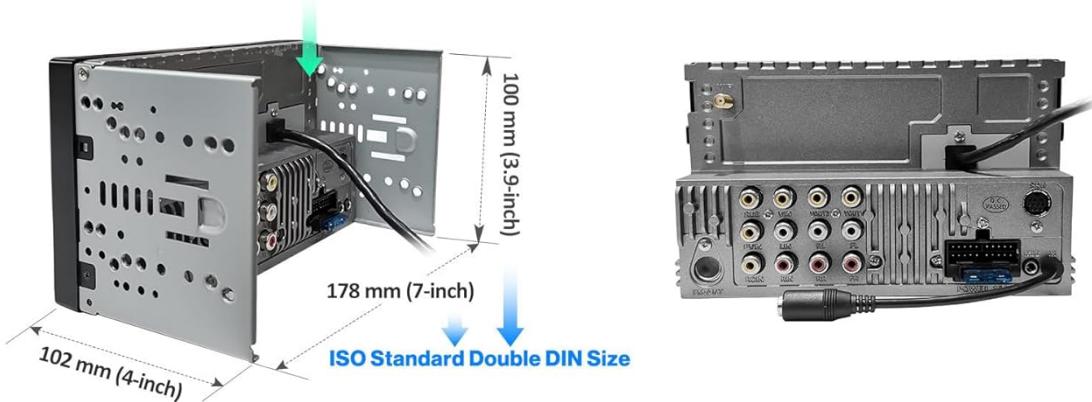

- Car Stereo
- External Microphone
- Brackets
- Power Cable

**Compatible with almost all dash kits on the market,  
and the screen is TRUE 7-inch !**

**Double DIN 100% Compatible**

**Much more room for cabling and accessories!**

#### PACKAGING INFORMATION

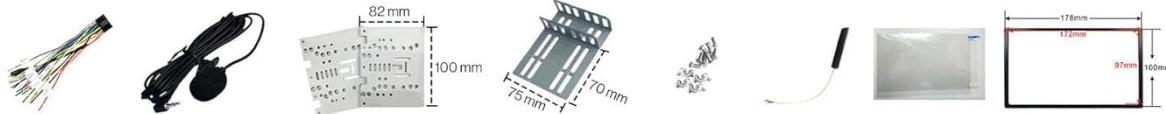

Figure 1: Package Contents and Double DIN Dimensions. This image illustrates the items included in the product package and provides dimensional specifications for the double DIN unit, showing its compatibility with standard dash kits.

## SETUP AND INSTALLATION

Professional installation is recommended. Ensure the vehicle's power is disconnected before starting installation.

### 1. Wiring Connections

Refer to the wiring diagram for correct connections. All wire connections must be fully insulated with electrical tape to prevent short circuits.

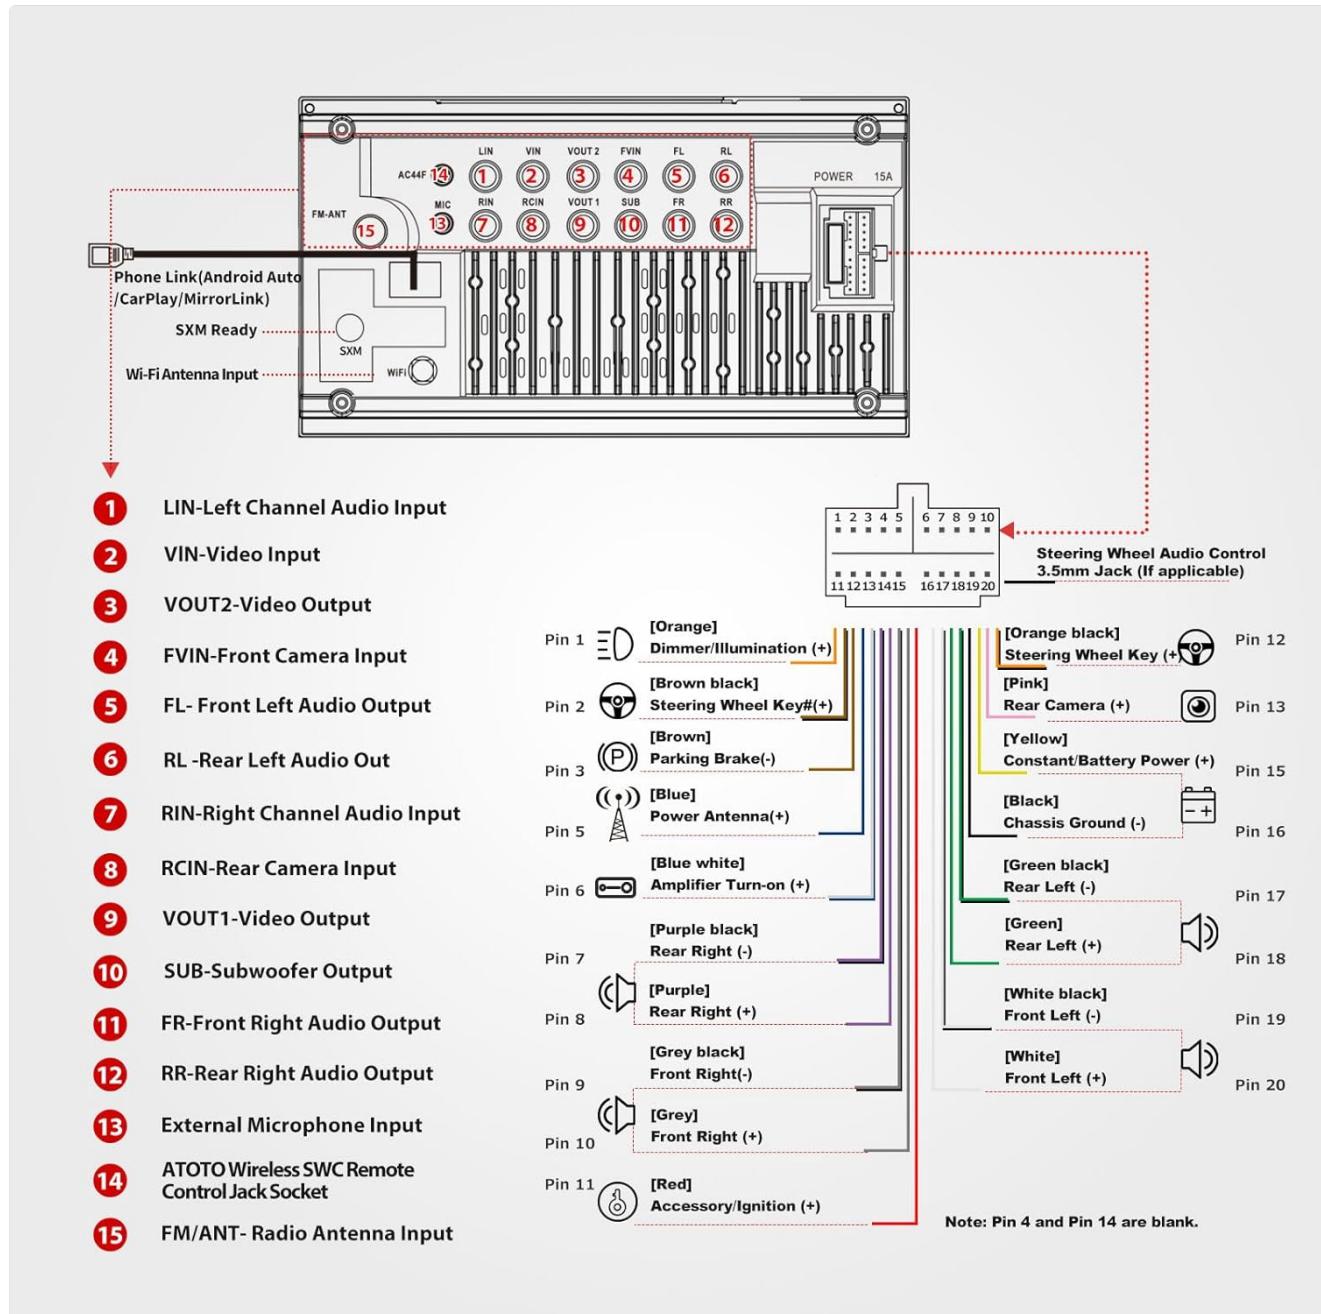

Figure 2: Main Wiring Diagram. This diagram details the pin assignments and connections for the power, audio, and auxiliary inputs/outputs of the F7XE unit.

- Power Cable:** Connect the main power cable to the vehicle's power harness.
- Speaker Wires:** Connect the speaker wires (Front Left, Front Right, Rear Left, Rear Right) to your vehicle's corresponding speaker outputs.
- Steering Wheel Control (SWC):** If your vehicle supports OEM steering wheel controls, connect the SWC wires. An optional ATOTO AC-44F5 wireless remote is available for vehicles without existing controls.
- Camera Inputs:** Connect HD 720P front and rear cameras (compatible with ATOTO AC-HD02LR camera, not included) to the designated inputs.
- USB Ports:** Utilize the two USB ports for Phone Link (CarPlay, Android Auto, MirrorLink) and external storage/multimedia playback.
- SD Slot:** Insert SD cards up to 512 GB for additional storage.

## 2. Physical Installation

The F7G2A7XE features a UDH07D (Universal Double DIN) mounting style. It is compatible with most double DIN dash kits.

# Steering Wheel Controls Retention

- 1 Connect to SWC wires on your vehicle (analogue signals)

- 2 Dedicated 3.5mm port for SWC interfaces

- 3 Use ATOTO AC-44F5 wireless remote

Figure 3: Steering Wheel Control Integration. This image demonstrates how to connect the unit to existing steering wheel controls or use the optional ATOTO AC-44F5 wireless remote.

1. Secure the unit into the double DIN dash opening using the provided brackets and screws.
2. Ensure all cables are properly routed and secured to prevent interference or damage.
3. Reconnect the vehicle's power supply.

## OPERATING INSTRUCTIONS

### 1. Wireless CarPlay & Android Auto

The F7XE supports both wired and wireless CarPlay and Android Auto. Connect your smartphone via Bluetooth for wireless functionality or use a USB cable for wired connection and charging.

Figure 4: Wireless CarPlay, Android Auto, and Wired MirrorLink. This image demonstrates the seamless integration of smartphone features onto the car stereo display.

- **Wireless Connection:** Pair your smartphone via Bluetooth to enable wireless CarPlay or Android Auto.
- **Wired Connection:** Connect your phone to the designated USB port for wired CarPlay/Android Auto, which also provides significant charging.
- **MirrorLink (AutoLink):** Supports wired MirrorLink for both Android and iOS devices.

## 2. Audio Features

Enjoy high-quality audio with the built-in preamplifier and equalizer.

- **FM/AM Radio:** Receives FM/AM radio with RBDS (Radio Broadcast Data System).
- **Preamplifier:** Maximum 4\*49W, RMS 4\*29W output.
- **Equalizer:** 10-band Equalizer with 7 presets for audio customization.
- **Bluetooth Audio:** Stream music wirelessly from your smartphone via Bluetooth.

## 3. Camera and Display Features

The 7-inch QLED touchscreen provides a clear and responsive interface.

# HD 720P Front and Rear Camera In with Live Rear View (LRV)

Check Traffic Behind when Driving Ahead

Figure 5: HD Camera Inputs and Video Outputs. This image illustrates the capability for HD 720P front and rear cameras with Live Rear View (LRV) and video output to external headrest monitors.

- **HD 720P Camera Inputs:** Supports front and rear cameras for enhanced visibility.
- **Live Rear View (LRV):** Provides continuous rear visibility even when driving forward (requires compatible ATOTO AC-HD02LR camera).
- **Video Outputs:** Connect to headrest monitors for passenger entertainment.
- **QLED Touchscreen:** 7-inch 1024x600P QLED display with high sensitivity and a 178° wide viewing angle.

## MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the touchscreen and unit exterior. Avoid abrasive cleaners or solvents.
- **Software Updates:** Periodically check the ATOTO official website for firmware updates to ensure optimal performance and access to new features.
- **Cable Inspection:** Regularly inspect all connected cables for wear or damage. Ensure connections remain secure.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit does not power on.	Incorrect wiring, blown fuse, vehicle power issue.	Check power cable connections, inspect vehicle fuses, ensure vehicle battery is charged.
No sound from speakers.	Incorrect speaker wiring, amplifier issue, volume too low.	Verify speaker connections, check external amplifier (if used), increase volume.
CarPlay/Android Auto not connecting wirelessly.	Bluetooth not paired, Wi-Fi interference, phone settings.	Ensure Bluetooth is enabled and paired, check phone's CarPlay/Android Auto settings, try wired connection.
Rearview camera not displaying.	Incorrect camera wiring, camera malfunction.	Verify camera input connection and reverse trigger wire. Test camera functionality.
Touchscreen unresponsive or inaccurate.	Software glitch, physical damage.	Restart the unit. If issue persists, contact customer support.
